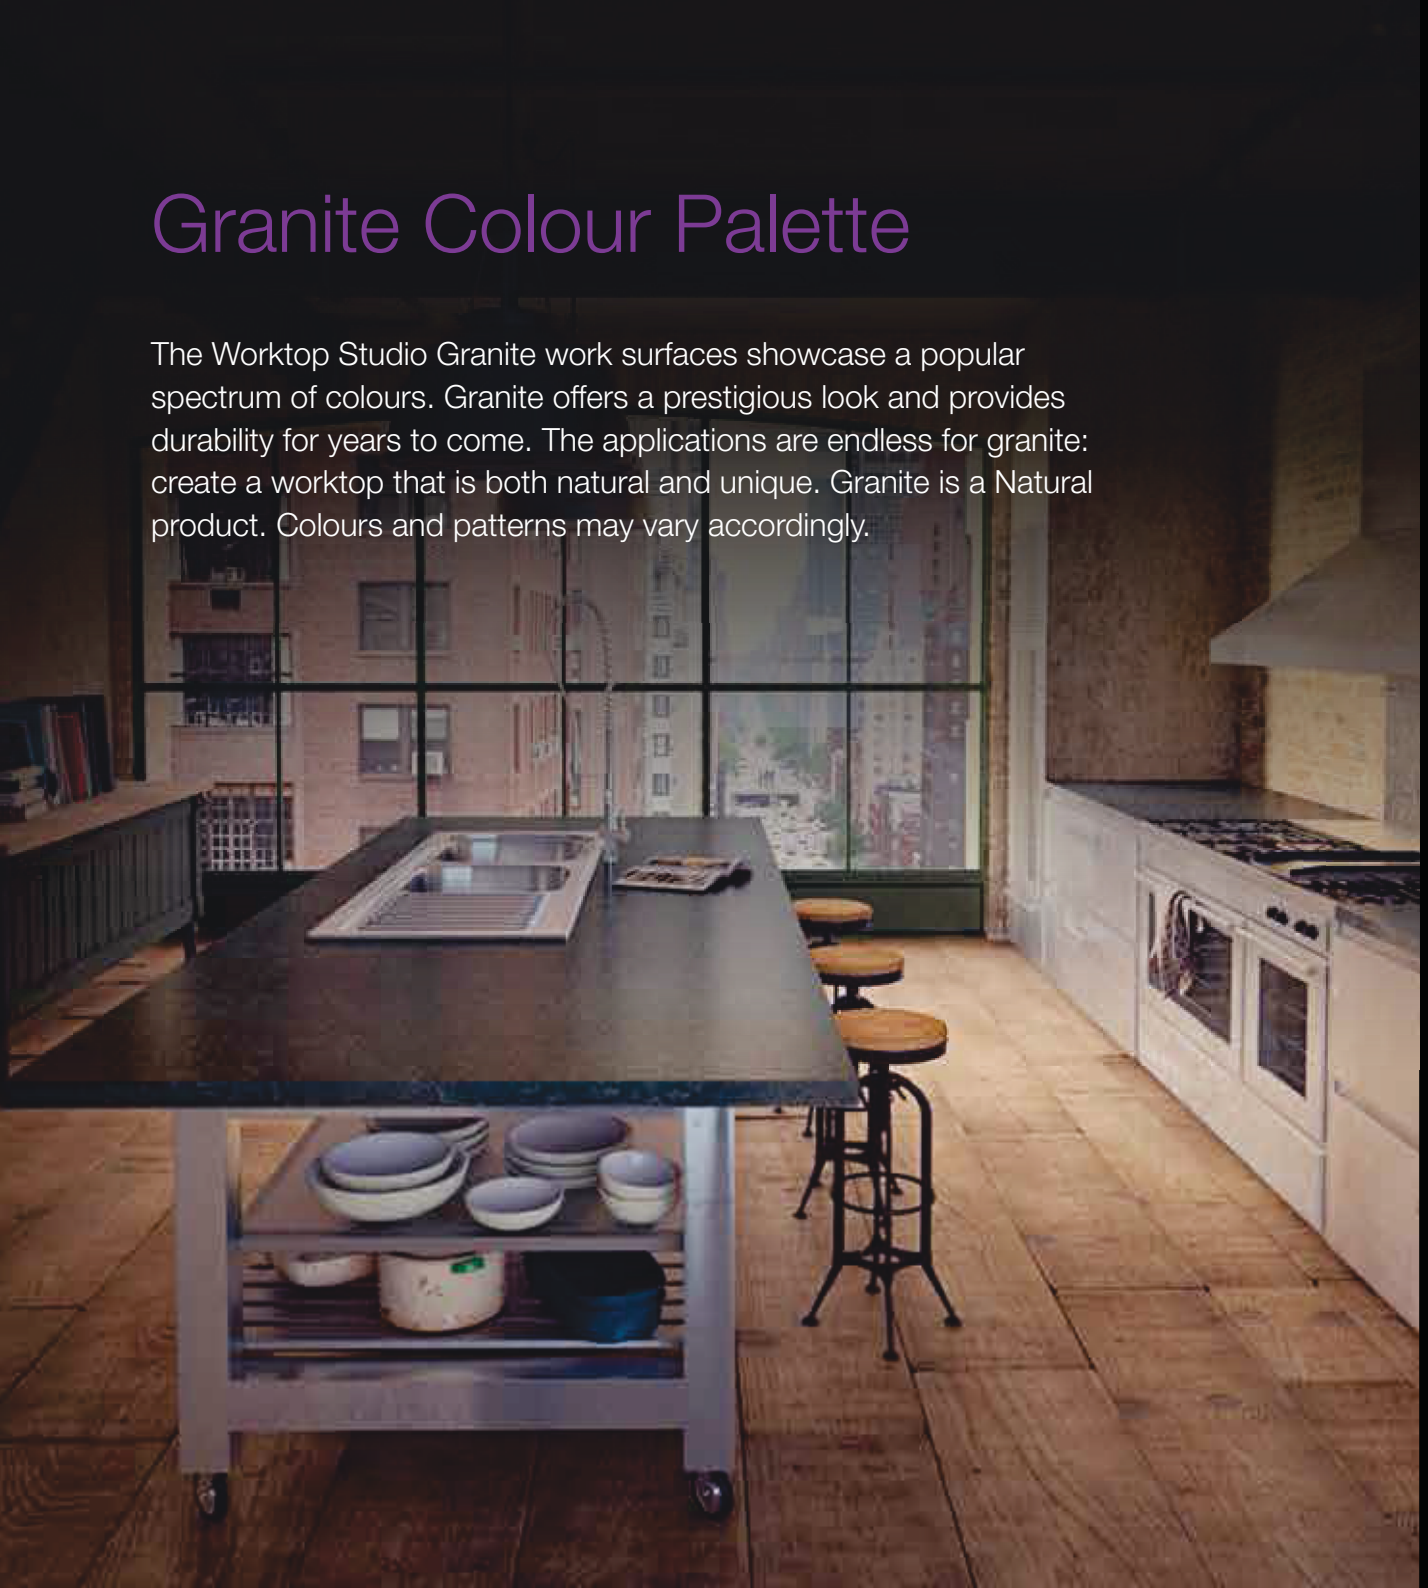
Timber Worktops

Granite Colour Palette

The Worktop Studio Granite work surfaces showcase a popular spectrum of colours. Granite offers a prestigious look and provides durability for years to come. The applications are endless for granite: create a worktop that is both natural and unique. Granite is a Natural product. Colours and patterns may vary accordingly.



Granite Group 1

Granite and Quartz Edge Profiles

The Worktop Studio offers a selection of the most popular edge profiles to choose from.

For a modern subtle profile choose the pencil round edge which will work in almost any kitchen setting. Alternatively choose a more traditional profile such as the Ogee to create a stunning design feature with an elegant classic finish.

The profiles will complete the overall look of the worktop and bring a truly unique style to the finishing.

Imagine with Mistral

MISTRAL is a 25mm thick SOLID surface worktop range. There is no chipboard, MDF, or particleboard substrate, just 100% solid surface!

The MISTRAL worktop range combines the breathtaking looks of natural quartz and stone, with the practicality and creative freedom of acrylic based solid surface material to deliver outstanding product value and exceptional aesthetic results.

MISTRAL

Durable and Strong!

MISTRAL worktops are entirely non-porous so there are no moisture ingress problems and without a substrate there are no internal joints that may undermine the structural integrity of the worktop.

10 Year Manufacturer's Guarantee – Field Tested!

Our 25mm solid surface worktops have been tested in a variety of high impact commercial applications for over 10 years. Be assured, MISTRAL worktops are designed and produced to last!.

Beautifully Seamless Joints!

MISTRAL worktops can be jointed and finished so that the seams are not only smooth but inconspicuous so that your surface flows unbroken as if crafted from a single piece.

Feature-laden Design Opportunities!

- MISTRAL's thick surface offers a wealth of possibilities for adding features such as drainer grooves, recessed wet areas around fitted sinks and attractive edge profiles.
- MISTRAL's pure structure presents the perfect medium for design as it can be shaped to follow your imagination. Free from restriction you can create elegant curves to complement shaped door layouts and tight radii can be used to add detail and character for a truly unique living environment.
- MISTRAL worktops utilise all the inherent qualities of solid surface technology to provide the ideal surface for your home. It is non-porous so is easy to clean and hygienic as well as being resistant to staining.
- MISTRAL withstands the general wear and tear of domestic use and has the ability to be replenished so that any marks and scuffs that may appear over time can be abraded away to leave your surfaces looking as though they had just been installed.

The Colours of MISTRAL

The MISTRAL spectrum provokes an abundance of ideas for colour schemes and combinations as each element of the range contains a fusion of hues and shades. Taking inspiration from some of nature's most beautiful natural stone and quartz we have designed a colour palette to fuel the imagination of architects, designers and homeowners alike.

With our solid surface experience and technologies we have developed these worktop decors with a depth and distinction that will help create the perfect living space.

'Whether your style is elaborate or minimalist, traditional or ultra-modern, your ideal is MISTRAL'

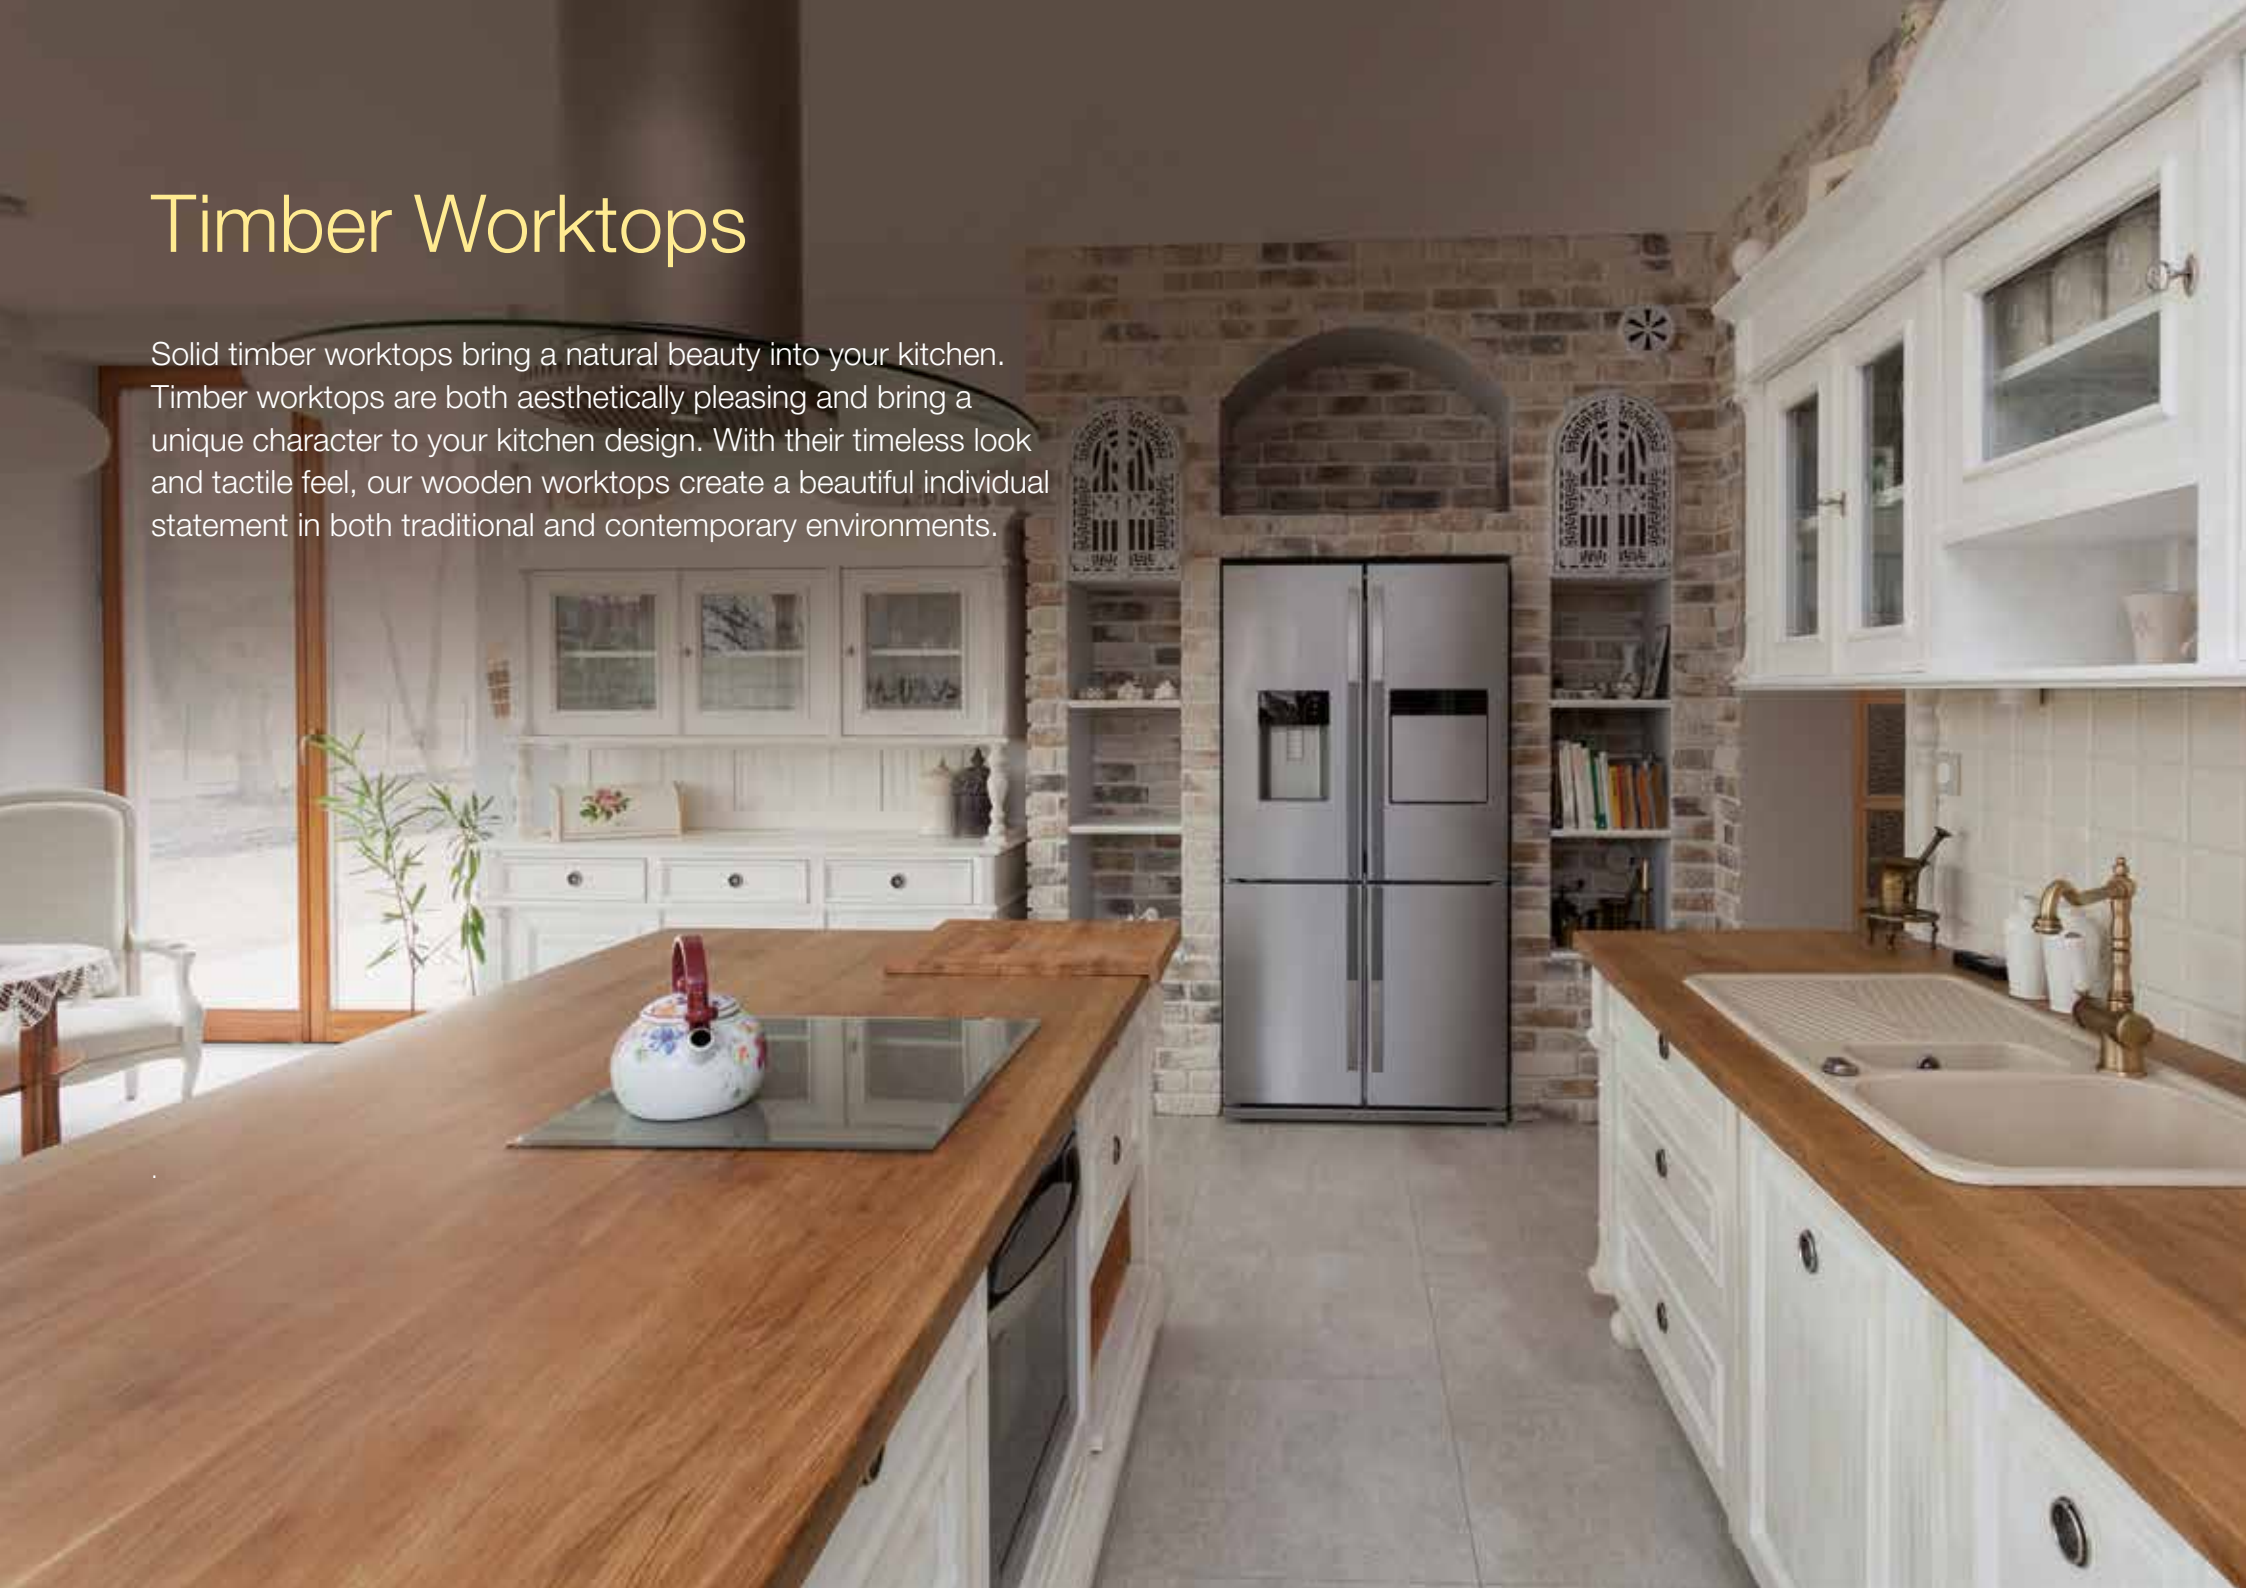
Timber Worktops

Solid timber worktops bring a natural beauty into your kitchen. Timber worktops are both aesthetically pleasing and bring a unique character to your kitchen design. With their timeless look and tactile feel, our wooden worktops create a beautiful individual statement in both traditional and contemporary environments.



Full Stave Oak

Full Stave Oak

Natural and quintessentially English. Full Stave Oak has a lot of character. The first choice for those looking for durability, strength and classic tradional elegance.

These worktops offer a stave width between 60mm and 90mm which give the effect of a solid homogenous worktop without the striped appearance.

For technical reasons connected with colour reproduction, colours shown may not be an exact representation of the actual product. Please ask for a sample before ordering.

Please note all images are lifestyle images and do not necessarily represent the product range.

Finger Jointed Worktops

Prime Oak

The first choice for those looking for durability, strength and classic traditional elegance. These worktops have an extremely consistent finish.

Natural Oak

Natural and quintessentially English. Rustic finish with lots of character. Extremely hard wearing and durable with more natural features than Prime Oak.

For technical reasons connected with colour reproduction, colours shown may not be an exact representation of the actual product. Please ask for a sample before ordering.

Please note all images are lifestyle images and do not necessarily represent the product range.

Finger Jointed Worktops

Natural Steamed Beech

Rustic finish, perfect for that traditional look.

Walnut

A classic hardwood of immense character and warmth. Walnut worktops have fantastic grain patterns and colour variation.

Carcases
