AMERICAN PSYCHOLOGICAL ASSOCIATION

DIVERSITY IN ACTION

MESSAGE FROM THE PRESIDENT

On behalf of the leadership of the Society for the Psychological Study of Culture, Ethnicity and Race, I want to welcome and invite you to join us for the 2019 Annual Convention of the American Psychological Association! In our current national climate, the opportunity to engage, to listen, to break bread - and most importantly - to speak our truths is more precious than ever. To be with colleagues of like spirit and mind is precisely the gift of connections that Division 45 offers each of us during the year and most especially during the convention. So, join us as we celebrate the theme of *Diversity in Action* and explore how the Division is taking the steps we must take to engage with our communities of color and our next generation of colleagues! Now more than ever, it is vital that we reach beyond our Division and use our collective expertise - as scholars, as clinicians, as teachers, as policy-makers - to serve as catalysts for the change and healing that so many communities need. To that end, our wonderful Convention Co-Chairs - Anne Saw and Nori Lim - have orchestrated a powerful host of programs and activities that are designed for both inspiration and reflection…and for this, we all owe them a debt of gratitude! In creating the heart of the program - from posters to symposia - Priscilla Lui and Tamara Obregon Madera were masterful in guiding both reviewers and submitters. Embodying the theme of *Diversity in Action*, Ida Salusky and Angela Ferguson have led our first-ever partnership with Upward Bound in creating free workshops and trainings for youth of color at a preconference on Wednesday, August 7th at the University of Illinois, Chicago! Builing upon some of our Division traditions, Melissa Tehee and Sam Beasley have created a space for mentorship and engagement with Links and Shoulders on Friday afternoon while Robyn Gobin and Stephanie Carrera are getting the dance floor ready for all of us on Saturday! Giving us the space to break bread and connect, Laura Reid Marks has been organizing all our logistical and catering needs while Rona Carter and Lamise Shawahin have been hard at work in scheduling our Hospitality Suite, which will be at Regency Suite at the Hyatt Regency McCormick Place Hotel. And of course, don't forget to set aside some time to join us Friday afternoon for the Division Business meeting followed by our Social Hour and Links and Shoulders. As you can see it takes a community to sustain our community! So we offer this program to honor the work of our elders who made us possible and to honor our communities and next generation of colleagues who give us purpose!

- ALVIN ALVAREZ

WELCOME FROM THE CONVENTION CO-CHAIRS

On behalf of our Convention Planning Committee, we are thrilled to welcome you to the 2019 Program for Division 45,at APA 2019 in Chicago. This year's theme of *Diversity in Action* reflects a dual focus on engaging with communities and promoting the next generation of leaders. This year's program reflects a diversity of exciting symposia, skill-building sessions, and poster presentations that touch upon this theme. Our annual James Jones Invited Address, with Community Engagement Task Force Chairs Drs. Rebecca Toporek and Chris Liang, along with Dr. Shannon Williams, who directs TRiO programs at University of Illinois Chicago, will explore opportunities and challenges for Division members to collaborate with community-based organizations to co-create programs, trainings, and scholarship that reflect their mutual expertise. We especially encourage you to engage with presenters at our three poster sessions and attend the many collaborative and co-listed sessions we have in our program. We hope you will connect with one another during our sessions and social hours and start new mentoring relationships. We also hope you'll find time to explore Chicago, a city rich in history of grassroots activism and community organizing. More than anything, it is our hope that you'll leave the convention with renewed passion for how we as a division can center community perspectives in our work as clinicians, scholars, and activists to promote resilience and support empowerment.

- ANNE SAW & NORIEL LIM

LAND ACKNOWLEDGMENT

Present-day Chicago is situated on the ancestral homelands of the people of The Council of the Three Fires: The Ojibwe, Potawatomi and Odawa. The last federally recognized tribe to hold title to land in Chicago were the Potawatomi, who were forced to cede the last of their territory in 1833. We pay respect to their elders past and present and consider the legacies of violence, displacement, migration and settlement that have allowed us to be here today.

THE 2019 PRESIDENTIAL INITIATIVES

For his presidential initiatives, Dr. Alvarez focused on two important areas: (a) community engagement and (b) leadership development. To this end, beginning in 2018, Dr. Alvarez began putting together task forces that would assist him in carrying out his vision for the division for the next decade. These two initiatives played a central role in developing the theme of this year's Division 45 convention.

COMMUNITY IMPACT INITIATIVE

A project spearheaded by Drs. ***Rebecca Toporek*** and ***Chris Liang*** along with ***Jameca Falconer***, ***Bryan O. Rojas-Araúz***, and ***Joseph Trimble***. The goal of this initiative is to create a blueprint to enhance Division 45's ability to be more effectively and consistently engaged with communities outside of psychological sciences. The blueprint will propose structures, resources, and processes for possible inclusion into the fabric and culture of Division 45. The initial step involves a thorough assessment of the Division 45 community as well as the community at large before finalizing structural changes in the division; this is done through survey of division membership and conversations with community members about specific needs of communities. Data obtained from these efforts will inform and guide the restructuring of division governance, infrastructure, products (e.g., journals, newsletters, website), and new initiatives.

NEXTGEN INITIATIVE

The NextGen Taskforce was led by ***Desa Daniel*** and Dr. ***Barbara Thelamour***, along with Dr. ***James Garcia*** and ***Yue Li***. The Taskforce prioritizes the support of students, postdocs, and early career psychologists and their pathways to leadership development at every stage. The group also considered undergraduate students of psychology as the entry point to this professional trajectory. This initiative is in alignment with the Division's Strategic Goal of being engaged with the needs of the membership. The group was charged with brainstorming ways the Division 45 Executive Committee can support up-and-coming psychologists from graduate school through early career. Additionally, the Taskforce provided an evaluation of the internal and external (to the Division) areas that would support these changes. In January 2019, the leaders of the NextGen Taskforce presented a four-year strategic plan to the Division 45 Executive Committee with a timeline for implementation plan and initial ideas for programs and opportunities to support students, postdocs, and early career professionals' through mentorship, membership, and leadership development. At the 2019 Convention Business Meeting, the Taskforce, informed by membership survey data, will present a plan that will be put into practice starting January 2020.

2019 YOUTH SUMMIT

The Youth Summit is designed to serve youth of color at a one-day pre-conference in Chicago 2019. Dr. Alvarez envisioned that through a process of mutual learning and collaboration between four Divisions (Divisions 17, 35, 44 & 45) and community-based organizations (CBO), the organizational capacities of each of these Divisions could be harnessed in such a way as to elevate and promote the importance of community engagement in communities of color to a national network of members—a level of visibility that would be more challenging for any one single member or single Division to achieve. The goals of this Forum are to utilize the scholarly, clinical, pedagogical and policy expertise of Division members to co-construct workshops that (a) empower and build upon the resiliency of youth of color and their families, (b) enhance the skills and competencies of CBO staff, (c) explore long-term collaborations with CBOs, and (d) enhance members' understanding of the lived experiences of youth of color.

The Youth Forum committee is co-chaired by ***Ida Salusky*** (DePaul University); ***Angela Ferguson*** (Howard University, Division 45); ***Shannon Williams*** (Director of Upward Bound, University of Illinois Chicago); and Division representatives: ***Dionne Stephens*** (Division 35), ***Konjit Page*** (Division 44), ***Alison Cerezo*** (Division 17), as well as youth and parents from the community CBOs. The committee is excited about this opportunity to host a day-long series of workshops to address various issues and stressors that youth of color confront in their lives that have an adverse impact on their mental and physical health. The Youth Forum will be held at the University of Illinois Chicago's campus.

For questions and additional information on how to get involved, please contact Dr. Ida Salusky (isalusky@depaul.edu) or Dr. Angela Ferguson (adferguson@howard.edu).

WELCOME TO CHICAGO!

APA 2019 in Chicago marks the 127th convention for the American Psychological Association. The last time APA was held in Chicago was 17 years ago in 2002. Chicago is a vibrant city and the largest in the Midwest. This diverse city is home to many racially and ethnically diverse communities, including a large population of African Americans and Latinx, and a sizable population of American Indians, Asian Americans, and Arab and Middle Eastern Americans.

Chicago is home to many iconic tourist attractions and numerous amazing restaurants. Check out the **Navy Pier**, a 3,300-foot-long pier including a 150-foot ferris wheel, boat rides, a merry-go-round. The **Lincoln Park Zoo** is a 35-acre zoo and one of the oldest zoos in the U.S. The **Art Institute of Chicago** includes thousands of artworks and is known for its collection of Impressionist and post-Impressionist paintings. In the middle of Millennium Park is the **Cloud Gate**, a stainless steel surface that reflects the buildings and sky, otherwise known as the "*Bean*."

Chicago is also known for its food scene. Try their world-famous deep-dish pizza at **Giordano's Pizza**, **Lou Malnati's Pizzeria**, and **The Original Gino's East of Chicago**. The Chicago style hot dog is served on a poppy seed bun at places such as **Portillo's Superdawg**, and **The Wiener's Circle**. Chicago also offers numerous diverse restaurants in Greektown, Chinatown, Little Italy, and Chicago's Mexican American community.

GETTING TO AND AROUND THE CITY

Chicago is home to two large airports. The Chicago O'Hare International Airport and the Chicago Midway Airport. From O'Hare, you can take the CTA "Blue" line from the airport. From O'Hare, get on the **BLUE LINE** and transfer at Clark and Lake towards a southbound **GREEN LINE** train. Note that the Blue Line is a subway train and the Green Line is an elevated train. From Midway, take the CTA **ORANGE LINE** to the Roosevelt Street Station (Subway) and transfer to the elevated Green Line Station. Continue on the southbound **GREEN LINE** train for 1 stop to the Cermak-McCormick Place Station. The Cermak-McCormick Place Station is 2 blocks from the McCormick Place West Building.

Getting around Chicago is pretty easy. The **Chicago Transit Authority** (CTA) is the second largest public transportation system in the U.S. The 'L' train connects the city above ground, street-level, and through subway trains. There are also more than 100 bus routes in the city. There is also the high-speed Metra commuter rail train that connects the suburbs to the city. Of course, there are plenty of taxis and water taxis around the city, as well as Uber and Lyft.

ABOUT MCCORMICK PLACE

This year's convention will be held at the **McCormick Place** located at 2301 S King Drive, Chicago IL 60616. McCormick was built in 1958 and carries the title of the largest convention center in North America. It is located just minutes away from downtown Chicago and includes four buildings: North and South Buildings, the West building, and Lakeside Center. The Hyatt Regency McCormick Place Hotel, the site of Division 45's Hospitality Suite, is located right across the convention center; a walkway connects the buildings.
