

April 14, 2014

After careful consideration, the Board of Directors of Woodview Townhomes has instituted a new parking policy which allows residents to park on one side of the street as needed.

**Effective Immediately**

**Parking will be permitted on the  
odd number side of the street.**

Residents are encouraged to maintain no more than two (2) non-commercial registered vehicles, including automobiles and pickup trucks (not to exceed  $\frac{3}{4}$  tons), within the paved driveway and garage.

Guests are encouraged to park in the designated parking areas.

We appreciate your cooperation.
