Greetings RC Artist,

We invite you to submit work for our 32nd exhibit at City Hall titled, “Superheroes and Villains.” In these days of COVID-19 there are many new superheroes among us. Superman and Captain Marvel are still very much in style. Likewise, there are many more villains among us. This show is about showing superheroes and villains in creative and imaginative ways. Have fun and let’s see what creative genius you bring to this show. This show will also be shown digitally on our website as well as the MACC site.

**Digital Submission requirements and information:**  
Due to current public gathering restrictions in effect, submissions for this show will be online only. How to submit:  
- Click the link: [https://www.cordovacouncil.org/call-for-artists](https://www.cordovacouncil.org/call-for-artists)  
- Follow the prompts and click submit!  
- You will receive an email telling which pieces to drop off on July 26th 8-10 am. If you have pieces in the previous show you will pick them up at that time.

- This is a juried show with the juror Judy Knott, local Sacramento artist.  
- No entry fee. You must be a registered artist with CCC (live or work in Rancho Cordova or have a significant tie, such as being a current member of RC Arts or work in Rancho Cordova).  
- Size limit: minimum 12” on one side, and maximum 36x36”, Unless they are 48” in length including frame, and no more than 30 lbs.  
- All submissions must be your own current and original artwork and not previously shown at City Hall

Wiring 2D Art

With Rancho Cordova City Hall’s art installation system, 2D artwork hangs best if wired as shown below.

- Place hanger (D-rings preferred) **NO LOWER THAN ¼ down from top of frame**. Screw these into the inside sides of picture frame or canvas frame structure.
- For metal frames, place wire hardware **NO LOWER THAN 1/3 down from top of frame**.
- **IF YOU WIRE IS PLACED FURTHER THAN 1/3 FROM THE TOP, YOUR PIECE WILL HANG UNSUCCESSFULLY FROM ANY WALL HANGING SYSTEM.**
- Be sure that wire is not so loose as to stretch beyond the **top** of your frame.

And remember - no saw tooth hangers.

Thank you,
Cordova Community Council
