

# THE CLEAR ALTERNATIVE TO BRACES®

Developed with  
Orthodontists,

Invisalign is the virtually invisible and hygienic alternative to braces that lets you keep smiling during your treatment. Invisalign uses a series of custom-made, clear, removable aligners that gradually move teeth toward the smile you've always wanted. Invisalign is so discreet; most people won't even notice you're wearing them.

## Clear, Removable, Comfortable

Invisalign fits with your lifestyle to ensure your treatment doesn't hold you back. The removable nature of the aligners means you can take them out for special occasions, continue to eat your favourite foods and brush and floss normally to keep your teeth and gums healthy.
