Sacramento and
Placer Counties

**INTERIOR
REDECORATORS
NETWORK**
established in 1996

How does it work?

By listening carefully to our clients' wishes we create interiors that express their style with color, beauty and ease, eliminating the fear of making wrong choices.

Decorating a Room

You will get a detailed plan for each room and a lot of fresh ideas too. Then, using our fail safe redesign system, we'll suggest paint colors, furniture arrangements, bring in furnishings from other rooms or, if needed, recommend new pieces to give you a wonderfully redesigned space — all for a low, flat per-room fee. Don't worry we can develop a redesign of a room in a couple of hours and we work with every style and budget.

Selling your home

Our Resale-Ready® service delivers a home makeover in a day, helps you attract potential buyers, and can add thousands of dollars to the value of your home.

Moving Out

Get a comprehensive yet easy-to-implement decorating guide for your new place — before you move. We'll show you which furnishings to take, what may need to be purchased, and where to put

everything. With a detailed plan in place you'll feel more relaxed, plus save time and money with moving.

Moving In

Moved into your new space? We can help you make the most of existing pieces, and give you a design plan that can be implemented as you have the time and money. We also have contractor recommendations.

Holiday Decorating

Want a fresh look? We will skillfully design your Holiday decor to look distinct and beautiful with a design concept that flows, providing you with a stress-free holiday. Use your decorations or you can rent ours. Clean up is a breeze as we will come and take down the décor, materials and the tree.

It's Affordable Too

We make the best use of what you already have and love. We develop a simple design plan for purchases that will enhance and complete your look. We will always respect your taste and budget, and offer suggestions. You'll be able to

get more done than you ever thought possible!

Speaking Opportunity

Need a speaker for your service group? Ask about our presentations geared specifically to your group. Professional power point presentation offers beautiful photos and a light-hearted and fun look at some of the most common decorating mistakes, and what you can do TODAY to correct them.

Love Decorating!

Join our Home Decorators Club! A group for avid interior decorating enthusiasts! Facilitated by a professional designer, Jonelle Tannahill; who shares design topics of interest, decorating techniques, before and after pictures, and holiday decorating themes.
