

## **THERMOGRAPHY PRICE LIST**

Breast (30 min.)	\$250
Region of Interest – ROI (30 min.)	\$250
ROI + Breast (45 min.)	\$399
Full Body (60 min.)	\$499

Our mission is to make thermal imaging available to all patients so they can enjoy the benefits of what this new technology offers. The images are read by a radiologist and the reports are sent to the patient and/referring physicians. Insurance does not cover the Thermography/Digital Infrared Thermo Imaging (DITI).
