

LUMENSERVESM

America's only Tower Lighting as a Service[®] company

Tower Lighting as a Service[®]

We will buy a new LED system for your tower, install it, maintain it and also protect it against catastrophic events like lightning and do the Compliance & Monitoring. We own and operate 100s of LED systems all over the country.... We save 100% of our customers time and money.

ZERO
upfront costs?

With TLaaS[®], we will buy the new lighting system and take care of it. Save your money for your core business.

**We Give
Tower Owners
Peace of Mind**

LUMENSERVESM

We Customize Your Service

We are proud that 100% of our customers save time and money on their tower lighting and compliance, let us customize a solution for you.

LED Lighting Systems

LumenServeSM performs all the work necessary to replace old lighting systems with new, state of the art LED lighting systems.

Compliance & Monitoring

LumenServeSM makes this pain-free for you by providing 24 x 7 x 365 monitoring and the full range of FAA required compliance services.

Assurance Warranty, Maintenance and Repair

LumenServe's approach is all inclusive: on ground, above ground, equipment and materials, labor and mobilization. There are no budget surprises.

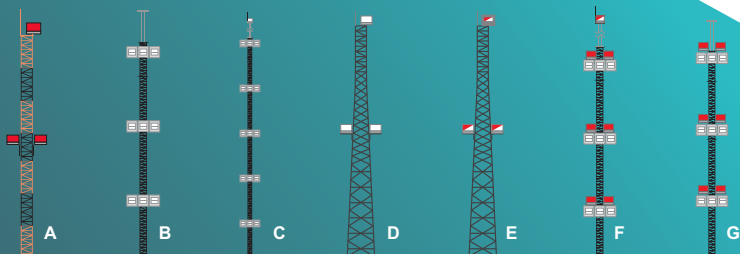

Lighting Inspections

LumenServeSM provides all the on-site FAA mandated inspections and a site audit services to review your lighting systems and ensure compliance.

ALL
TOWER
TYPES

www.LumenServe.com

We service all types of tower types from 200 feet to 2,200 feet, medium intensity and high intensity.

NEVER

paint your tower again

For those tower owners with FAA Style A marking (painted towers with red lighting at night) there are some options to consider that can save you money on the periodic painting that is required to ensure proper compliance.

How we improve your business

Our unique approach reduces your costs and saves you time by handing over the day-to-day burden of tower lighting to LumenServe's professionals.

- New, reliable, LED technology on your tower(s). LumenServeSM purchases the system for you – Upgrade your towers now
