

MCA certified STCW courses now available in Phuket, Thailand

Galileo Maritime Academy now offers individuals and organisations in the Superyacht, Cruise Ship, Merchant Ship and off-shore Oil & Gas industries comprehensive safety, security and first-aid training programs with the “gold standard” of maritime industry certification by the UK Maritime and Coastguard Agency (MCA).

In addition to graduating with world class MCA certification, Galileo graduates benefit from:

- The convenience, economy and fun of travelling to Phuket for training, where course fees include *everything*: airport transfers, luxury accommodation, delicious meals, uniforms, training facilities, outings, course manuals, etc.
- Effective and meaningful theoretical and practical instruction from a faculty of experienced industry and specialist subject experts.
- Hands on practical experience at Galileo’s superb facilities, including Olympic “sea survival” pools, a purpose built IMO/MNTB standard live fire fighting ship, international cookery school and on board marine craft, yachts and tenders.

Galileo’s comprehensive training courses across all four industry sectors also includes deck, interior services and chef training, for entry level and experienced crew.

Take a look at our new website, GalileoMaritimeAcademy.com, and six crew training videos on Youtube, and no matter the industry you belong to or the course(s) you’re interested in, please call or email me so we can discuss how Galileo can conveniently and economically satisfy your individual or organisational maritime training requirements.
