During our stay we will visit the four corners of the Island and the special places in between.
Due to the very changeable weather please pack your day bags for 4 seasons in 1 day, comfortable footwear is recommended as you will be crossing over farmland. The water is fine for refilling your water bottles.

**Wednesday 14 October 2020**
We depart New Plymouth this morning and travel South through the Taranaki farmlands to the River City of Wanganui. Travelling on we pass through the rich farm lands of the lower North Island and follow the Kapiti Coast for some distance before arriving in Wellington, where we board our flight to the **CHATHAM ISLANDS**.
During the flight you may like to put your watches forward - The Chatham's is 45 minutes ahead of NZ time. (but 20 years behind the times).

On our arrival we will be met at the airport by Hotel Owner and Tour Guide Toni Croon. Our first stop will be at Red Bluff for some photos, before checking into our accommodation with time to freshen up ready for our welcome 3 course dinner. (Fresh seafood from the Island will be prepared and served in many ways during our week stay.)

You will receive a welcome pack including guide book, map, internet and Chatham Island branded water bottle.

➢ A notice board will be put up every night, with hints on your next day’s adventure.

Retire to the bar, mix with the locals and relax if you like.

**Thursday 15 October 2020 Waitangi West**
Continental Breakfast 7.00am to 9.00 am

Departing at 9.30am we travel over part of the Waitangi West Station consisting of 3,412 hectares carrying 10,000 sheep. Recently bought by a Chinese buyer for $5m

**Stone Cottage & Maunganui Bluff**
The cottage was built between 1866 & 1868 for the Moravian Missionaries who arrived in the Chathams in 1843. These German missionaries made no converts, but had a significant input into the history and lifestyle of the Chathams, introducing large-scale horticulture, sheep farming, ship building and literacy. The cottage is built largely of local stone and wood, which reflects the missionaries’ attitudes. They were committed to the idea of being self reliant in their own lives, and as an example to others, hence using only local materials.

We then visit the safest fishing harbour with the most shipwrecks on the island, at **Port Hutt**.
Packed lunch and a cup of tea on the beach.

Our next stop is the amazing Basalt Columns at Waitangi West. Over farmland down to Ohira Bay lies massive olivine basalt columns, part of lava flows dated near 80 million years ago. These are another interesting geological formation - a series of pentagonal shaped volcanic rock columns on the shoreline, and not found anywhere else on the island and only two other places in the world. Giant’s Causeway in Northern Island & Scotland

Evening (three course) meal in Hotel Dining Room.

Panoramic views across Lake Huro to Waitangi and across Te Whanga to its entrance at Te Awapatiki.

Today we depart at 10.00am to visit the craft shop for your gifts and souvenirs, the town village and the Museum, then to **Blind Jim’s Creek** (Fossilized Sharks Teeth)
On the shores of beautiful Te Whanga lagoon, near Blind Jim's Creek, careful fossicking is likely to be rewarded by the discovery of fossilised shark teeth. Around 30 million year old. These incredibly ancient objects are almost as scarce as hen’s teeth but can be found in the Chatham Islands. To find a tooth from a creature that was eating fish long before the first primate - let alone the first human - walked the earth is amazing. I am sure that by the time you leave Te Whanga Lagoon you will all be in possession of one or many of these prized ancient fossils.

Fish & Chips Lunch back at the Hotel.

Running South West of Waitangi the Tuku road provides views of rich farmlands and shoal coastal waters. The stunning Tuku Reserve lies in the valley, and great place for viewing Parea, the Chatham Island pigeon and other bird life

**Sunday 18 October - Kaingaroa - North part of the Chathams**
Continental Breakfast 7.00am to 9.00 am

* Nikau Bush Reserve * is 19ha reserve located 1.5km North of Blind Jims. It conserves broadleaf forest with a fine stand of Nikau palms the best on the island, the only palm native to the Chatham Islands, an even more impressive sight when flowering and bearing fruit.

We drive out to Cape Young and Splatter Rock. These rocks on the western end of Wharekauri Beach are from “Middle Earth” and the metamorphic glass in them, sparkle in the sun.

The farm we travel through is Wharekauri Farm Station. It is 28,000 acres in extent. There are 40 miles of fencing, 12,000 sheep and 260 acres under crop. Continuing on to Ocean Mail Scenic Reserve we take a board walk and wander through this wetland area.

At Hapupu Historic Reserve we discover another unique archeological site. Carved into the bark of kopi (karaka) trees within the reserve are Moriori tree carvings – known as dendroglyphs. They are among the little evidence of pre-contact Moriori culture remaining on the island. The last remaining live tree was expected to die and has done so during 2015 – 2017.

We also visit Broughton Landing - an old Mission and Whaling Station, and the farm ‘Mission Station’ owned by Jim Muirson. Jim has 1,400 hectares, running 3,000 Ewes and 350 Cows. This is where we will be able to view the remains of a wrecked RNZAF Short Sunderland and a newly arrived Fokker Friendship in the process of preservation. This particular Sunderland aircraft, provided an aviation lifeline to the island until it was holed by a rock while taking off from the Te Whanga Lagoon in 1959.

We finish the day by travelling across paddocks to reach the huge fur seal colony at Point Munning.
