

FALL for Science with Imagine Nation!

Join us this Autumn for special seasonal workshops

Save 10% off YOUR outreach when you book by October 31st!

Pumpkin Dissections! (2 – 4 years)

Explore the gooey guts of a pumpkin, and identify all of the different parts! What parts can we eat? Which parts can grow into another pumpkin?

CT ELDs

Unity and Diversity of life S.36.5

Leaf Light Catchers! (3 – 5 years)

Using leaves from native trees, create your own light catcher! What can you see when you hang your art in the light?

CT ELDs

Visual Arts CA.36.4 through CA.60.5

NGSS 1-PS4-3

Leaf Rubbings! (2 – 3 years)

Using leaves, crayons, and paper, create your own beautiful leaf rubbing!

CT ELDs

Visual Arts CA.36.4 through CA.60.5

Seasonal Slime! (4 – 8 years)

Autumn is full of such wonderful smells and flavors! What can we use to make the best smelling pumpkin slime? What about the stretchiest? Experiment with us!

CT ELDs

Attribute, Sorting and Patterns C.36.5 through C.60.8

Cause and Effect C.36.4 through C.60.7

NGSS 5-PS1-3

Contact Jennifer Boyd at Jennifer.Boyd@ImagineNation.org to add one or more of these special workshops for your field trip!

Can't make it to the museum? We can come to you! Contact Rachel Szostek at Rachel.Szostek@ImagineNation.org to schedule an outreach to your school or even for special events at home!
