## TAKE A CLOSER LOOK AT A MACNEIL SYSTEM

MacNeil's superior engineering gives you the most reliable, safest, fastest and quietest express tunnel in the industry. Whether you're upgrading an existing site or starting from the ground up, MacNeil express tunnels deliver higher, faster returns on your investment at a lower total cost of ownership.

At the core of all our wash systems are proven MacNeil components: superior products that have earned a reputation for long life, high performance and low maintenance in sites around the world. And all our systems are backed by outstanding service and support from MacNeil's nationwide network of distributors.

## ABOUT MACNEIL WASH SYSTEMS

MacNeil Wash Systems was established in 1982. The company designs and manufactures quality car wash systems for the tunnel car wash industry and for the automotive dealer, fleet and rental markets. MacNeil products are engineered to provide superior cleaning performance, reduced maintenance, increased production, maximum cost savings and equipment longevity. All MacNeil equipment is backed by our focus on service excellence. We distribute and support our products through a North American network of more than 40 distributors that is second to none in capability and performance.

### **MacNeil Knows Express Wash Tunnel Systems.**

MacNeil's expert engineering provides you with the most reliable, safe, fast and quiet express tunnel in the industry. Whether you're upgrading an existing site or starting from the ground up, MacNeil express tunnels deliver higher, faster returns on your investment and a lower cost of ownership.

# IT'S WHAT'S INSIDE THAT COUNTS.

Our industry-leading conveyor is at the heart of every MacNeil tunnel system. Add the industry's best core components and wash extras for an unbeatable system that delivers higher throughput, greater safety and lower labor costs. Start to finish, nothing compares to a MacNeil wash.

## CONVEYOR & CORRELATOR

- 1. Correlator**  
Safe and easy to operate, the stress-free, smooth entrance reduces labor costs thanks to unattended entry.
- 2. XR1000 Conveyor**  
Easy to operate and maintain, our conveyor is the smoothest and widest available, combining cutting-edge technology with rugged construction.

## WATER & CHEMICAL APPLICATION

- 3. Arches & Manifolds**  
Partner our eye-catching, customizable arches with a variety of manifolds for precise chemical application. Turns out a sparkling, dry vehicle every time.

## BRUSHES

- RS Series**
- 4. RS-1000 Top Brush**  
Space saving single-leg design outperforms mitters.
  - 5. RS-701 Wrap Around Brush**  
Consistent cleaning at high line speeds. Shown with the RS-400 in the unique, space-saving Quad Pak Combo Wrap formation.
  - 6. RS-301 High Side Washer**  
Gentle Envirosoft® foam in high-impact colors permits higher rotational speeds for a cleaner, safer wash.

## HIGH-PRESSURE CLEANING

- 7. Magnum Side Blasters**  
Targets tough-to-reach areas for maximum cleaning power.
- 8. Magnum High Pressure Arch**  
12 high-pressure fan jet or turbo nozzles blast the spray exactly where needed for powerful cleaning and rinsing at higher line speeds. Available with optional Following Feature and 6-nozzle wheel cleaning.

## WHEEL & TIRE ADD-ONS

- 9. Chemical Tire Applicator**  
Adjustable solution nozzles deliver thorough and accurate chemical coverage to eliminate costly overspray and overlap.
- 10. RS-550 Super Sonic Wheel & Body Washer**  
Gently scrubs away dirt & grime.
- 11. Gloss Boss**  
Turn out shiny tires with a precision chemical distribution system that reduces waste and cost.

## DRYING

- 12. Tech 21 Drying System**  
Complete airflow control at 165-185 mph for superior drying quality. Optional SMART Programmable nozzles rotate 360 degrees, and time delay increases dwell time on hard-to-dry areas.
- 13. PowerLocks**  
Prevents debris from blowing out of truck beds. Lightweight, energy-saving air valve dramatically cuts energy consumption and costs by up to 30 percent.
