Dovetailers

Powermatic Tools

DT45 Dovetailer 1HP 1Ph 115/230V

- Four centerlines - 1", 1-1/2", 2" and 2-1/2" - create a custom appearance
- Manual eccentric clamping will keep boards firm
- Eccentric spindle collet for resharpened cutters
- Spring loaded carriage makes for smooth, effortless dovetail cutting
- Cutter height of 3/16" to 3/4" accommodates different cutting depths and board thicknesses
- Extra large soft grip handle provides positive control and comfort
- The precision linear carriage bearings are sealed on both ends to eliminate dust buildup
- Visual stylus and template aid in guiding the carriage
- Material stops provide convenient positioning of the workpiece
- Cast iron and steel construction for added stability and durability
- 1HP motor transfers plenty of power via the drive belt to the spindle

Part #	Style	# of dovetail Center Lines	Min Work Piece Size	Max Work Piece Size

6" Jointer Extra Long Tables 1HP 1Ph 115/130V

- Large surface, ground cast-iron tables for stability and added support when feeding longer stock.
- Heavy-duty, three-knife cutter head for clean, fast, superior finish cuts.
- Large, heavy-duty, center-mounted cast-iron fence with 90° and 45° positive stops.
- Independent in-feed and out-feed table adjustment handwheels.
- 4" dust collection outlet included.
- Two hand-paddle style push blocks included.
- On-board push block storage mounts.
- Extra long 55 1/4" tables.
- Model 80-075L only
- Jackscrew system for quick, easy knife adjustment.

Moulders

General International

7" Molder 2HP 1Ph 220V

- Independent, variable speed feed motor provides added control for precision, tear-out
- free performance with hardwoods and stock with figured grain.
- Cast-iron table and head for smooth vibration-free performance.
- Heavy-duty cast-iron dovetailed column, precision machined for smooth cutter head height adjustment.
- Precision high-speed, sealed, pre-lubricated bearings.
- Jackscrew style cutter head adjustment system.
- Triple guide bearing design allows for curved moldings.
- Easily adjustable guide fence system with simple lock knob design, to keep stock on-line through the cut.
- Infeed and outfeed table extension rollers, for added support with longer workpieces.
- Magnetic 2-step safety switch to prevent unintentional start-up is equipped with an extra-large easy access stop panel and a lock-out key to prevent unauthorized use.
- Built-in dust hood with 4? dust outlet.

Planers

General International

13" Planer with Helical Head

- Powerful 2 HP 15 A motor with thermal overload protection.
- Front and rear fold-down extension tables for smooth easy stock feeding.
- Top mounted rollers for multiple passes.
- Built-in inset lifting handles.
- Large depth of cut adjustment handle – one full rotation equals 1/16".
- Easy to read thickness indicator with graduated scale in inches and metric.
- Safety on/off switch with key. Unit cannot be started when key is removed from switch.
- Depth of cut indicator.
- Pre-set depth stop for repeat cuts at 1/8", 1/4", 1/2" and 3/4".
- Included dust hood has both 2 1/2" and 4" dust hose outlets.
- Helical head with 26 reversible two-sided carbide inserts.
- Cutter head supported on 4 threaded posts to ensure head stability and minimize workpiece snipe.

15" Single Surface Planer 3HP 1Ph 240V

- Large cast-iron extension wings & base is equipped with 4 lockable wheels to allow easy movement around the workshop.
- Heavy-duty enclosed stand provides a stable work station.
- Heavy-duty cast-iron frame reduces vibration for more precise planing.
- Four-post design provides added stability to keep the table aligned with the cutter head.
- 4" dust chute for easy hookup to a dust collector.
- Knife setting gauge included (30-115 only).
- Magnetic 2-step safety switch to prevent unintentional start-up is equipped with an extra-large easy access stop panel and a lock-out key to prevent unauthorized use.
- The head of the machine is equipped with anti-kickback fingers.
- Equipped with four rubber leveling feet.
- Powerful 2 speed, 3 HP motor.

WP2510 25" Planer 15HP 3Ph 230/460V Helical Head

- Solid steel helical insert head with four-sided carbide insert tooling, eliminates need for adjustment after changing knives, reduces sound levels
- Digital readout and simple PC controller make quick and easy table height set ups
- Segmented serrated infeed roll with segmented chip breakers has 1/4" independent yield, for planing multiple height stock
- Massive gear box maintains positive feed by using a large chain drive with automatic chain tensioners, to power infeed and outfeed rollers
- 3" diameter infeed and outfeed rollers are supported by four large, sealed, needle bearings for long life
- Quick-Set micro-adjustable lever easily raises and lowers table rollers from 0" to 0.050" at a touch
- Frame machined from heavy cast iron and extra wide side panels with gibs, offers rigid bed support and accurate alignment
- Solid pressure bar has wide foot for long wear and can be adjusted on both ends for precise feeding
- 3 speed feed selector allows you to quickly change feed rates
- Large 32-3/16 x 26 precision-ground table contains two adjustable table rollers for smooth feeding of uneven stock
- Dust hood features built-in 5" dust chute for efficient dust collection
