# LIGHT OF THE WORLD

**ANNUAL REPORT | 2014**

# PRESIDENT'S LETTER | 2014

Dear Friend,

Like a match struck in a dark room, during 2014 the work for the poor of HOPE *worldwide* radiated brightly to some of the darkest corners of the world. This was evident in no greater way than in our efforts to help local communities in Africa affected by the Ebola virus. While donations from around the world were collected in response, the real heroes were the HOPE *worldwide* volunteers in Guinea, Sierra Leone and Liberia whose nations were quarantined from travel. Instead of escaping this deadly disease, our volunteers served their communities by going house-to-house with public health supplies and training to prevent the spread of the virus. Our volunteers were not untouched by Ebola as some lost family members and close friends, but their grief was turned into a renewed spirit of helping others.

I am often asked the question, "What does HOPE *worldwide* do?" and the most succinct answer I can give is that "We Volunteer!" Whether it be the hundreds of college and high school students who help others during the HOPE Youth Corps or the many doctors, nurses, pharmacists and teachers who travel to Central America to serve in clinics and schools as part of the Community Service Brigades, HOPE *worldwide* sets high standards for caring in the communities that we serve. In North America alone, volunteers from more than 100 HOPE *worldwide* Chapters served 130,000 people in their communities during the 2014 MLK Day of Service. I could not be more proud when I put on the HOPE *worldwide* volunteer T-shirt to help others because I know I am joining a legion of like-minded and good-hearted public servants.

In some places around the world, our volunteerism has led us to develop sustainable service programs that are making a lasting difference. For example, the poor in the nation of Cambodia are now served by two hospitals and three medical clinics — all of which train Cambodian health care professionals according to the highest standards of medical care. A similar spirit exists in Bolivia where plans are underway to open a first-rate medical clinic in La Paz.

At HOPE *worldwide*, we are guided by the principles of Jesus Christ who said in the Gospel of Matthew 5:16, "Let your light shine before others, that they see your good deeds and glorify your father in heaven." We are grateful for all of you who have helped us brighten our world through serving others.

God bless,

**Randy Jordan**, President / Chief Executive Officer / 2008-2015  
HOPE *worldwide*, Ltd.

**Bringing hope. Changing lives.**

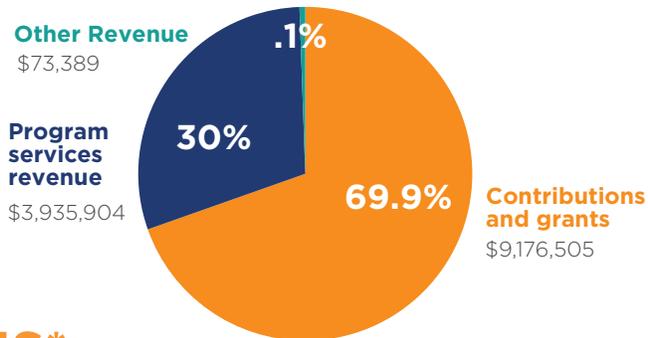

# FINANCIAL STATEMENT | 2014

At HOPE worldwide we take great care in how we use the gifts entrusted to us by our donors. We realize that every donated dollar has the potential to bring hope and change the life of someone in need.

HOPE worldwide has been providing the hope that changes lives since 1991. Doing the most good by reaching out to those in need is our mission. Our pledge is to maintain the highest standards of financial accountability to continue to deserve your trust.

## THE YEAR IN REVIEW | 2014

As we reflect on 2014, the HOPE *worldwide* family of volunteers, donors and partners brought light to their communities and joy to those who are hurting. These are just a few highlights:

- **HOPE *worldwide* helped fight the spread of the Ebola virus in West Africa.** Donations were sent to Guinea, Sierra Leone and Liberia to meet the urgent needs of our partner churches and their communities who were impacted by the Ebola virus. Volunteers distributed food, disinfectant, and basic necessities to affected families; and educated neighbors on how to protect themselves and their loved ones.
- **The HOPE Youth Corps program** engaged 270 students who served the poor in South Africa, Malaysia, the United Kingdom, India, Jamaica and six U.S. cities.
- **The Community Service Brigades (CSB)** expanded to include El Salvador. CSB volunteer teams provided medical and dental care for 3,600 people living below the poverty line and distributed 11,362 prescriptions and medications free-of-charge.
- **Across the U.S.,** HOPE *worldwide* volunteers served more than 130,000 people in 38 states at 203 service sites for the 2014 MLK Day of Service. Throughout the year, dedicated volunteers from more than 100 HOPE *worldwide* Chapters across North America stepped up to help meet urgent needs in their local communities.
- **HOPE *worldwide's* health programs in Cambodia** experienced a significant growth in capacity. During 2014, the Sihanouk Hospital

Center of Hope (SHCH) in Phnom Penh; the Sonja Kill Memorial Hospital (SKMH) in Kampot, and three SHCH clinics completed approximately 160,000 patient consultations.

- **The Sihanouk Hospital Center of Hope** launched a breast cancer initiative, the only program of its kind in Cambodia. In 2014, 1,026 women were treated, and 966 pathology tests completed, with the only laboratory in that country able to perform a specialized test for hormone receptor status.
- **The Sonja Kill Memorial Hospital** opened a pediatric surgical center, an obstetrics department for complicated deliveries, and a neonatal intensive care unit.
- **HOPE *worldwide* Bolivia** begins plans for a social enterprise medical clinic in La Paz. The clinic is scheduled to open October 2015.
- **HOPE *worldwide* Philippines** continued disaster response efforts for the survivors of Typhoon Haiyan the strongest storm to ever make landfall. HOPE *worldwide* distributed 110,000 tons of relief supplies to help the hardest hit communities. As a result, more than 200,000 people benefitted from these activities.

“... let your light shine before others, that they may see your good deeds and glorify your father in heaven.”  
— Matthew 5:16

# CURRENT SENIOR LEADERSHIP
