

# NEW OPTIMUM FLOOR CLEANING KIT.

## NO MORE BUCKETS!

Introducing CliniTech's Ergonomic DeciTex Mop & Microfiber Kit. Buckets are no longer needed, as our Salvesan Cleaning and Disinfection liquid is held within the mop handle itself. The large frame mop head allows smooth cleaning of any floor. The included Disposable Microfiber mop heads provide a superior clean and hold on to dirt and bacteria. After disposal the dirt and bacteria are then removed from your facility for good, therefore used mop heads are no longer handled, stored, washed and re-used, saving time and performing best practice.

- **NO PLASTIC BUCKETS / MOVING / LIFTING / TIPPING / COST**
- **NO WATER WASTE / NO LAUNDRY / NO HEATING WATER**
- **NO CHEMICALS TO MIX / NO MESS OR FUSS**
- **SAVES SO MUCH TIME AND GIVES YOU CLEAN SAFE FLOORS.**
- **KILLS 99.9999% OF PATHOGENS WHEN USED WITH SALEVSAN SURFACE / FLOOR LIQUID.**
