

Portfolio of works undertaken

Extension and refurbishment
of
Warren Cottage, Little Dartmouth

Project details

Brief Project Description : Demolition of 2 nr extensions and gutting of existing property down to the external walls and including the removal of the existing roof structure. Construction of 2 nr large extensions with a new roof structure to incorporate accommodation within the roof space.

Design Considerations :

- New windows and external doors
 - Third floor living accommodation
 - New kitchen, bathrooms and en-suites.
 - Complete electrical rewire and new intruder alarm system
 - New heating installation
 - Traditional oak and natural stone flooring
 - Three floor winding staircase
-
