

Gleaning Program Volunteer Packet

What is Gleaning?

CROS Gleaning is a program of CROS Ministries, in partnership with area Food Banks and other food distribution agencies in Palm Beach and Martin Counties. It is a food recovery strategy that allows produce that is below market grade or unmarketable, but equally nutritious and beneficial to be harvested and distributed to the food insecure of Palm Beach and Martin Counties instead of being plowed back into the soil.

Since people live apart from where their food is grown, gleaning requires volunteers who will bridge the gap between the field and the pantry to bring food to locations where persons in need can receive it. Farmers donate the produce they cannot sell to CROS Ministries. Volunteers gather the produce. Our food-distributing partners then distribute the recovered produce to local agencies with feeding programs for individuals and families with low-incomes, seniors, veterans, people with disabilities, and the homeless. The food is given away free of charge.

What is New for the 2020-2021 Season?

The coronavirus pandemic changed many aspects of the gleaning program at CROS Ministries. Our attempts to learn how to glean safely in this environment started in April of 2020. We put in place very restrictive participation guidelines until we could gain more definitive information about the virus and learn how to keep people safe in the field. While we are still learning, along with everyone else, we are ready to put in place what we have learned and expand participation in our program.

1. Participants-

- a. In previous seasons children age 5+ could participate. Also school age children including (elementary, middle school and high school) needed to be accompanied by a supervising adult. Adults can supervise more than one minor at a time. When the pandemic hit we changed the age to 16+ through 65.
- b. We are returning to our previous age guidelines with the following adjustments. Children age 5-10 must pick in the same row as their supervising adult. Multiple children are allowed to pick in the same row. Children 5 & 6 must be within arms reach of an adult at all times.
- c. All school age children must be accompanied by a supervising adult. Adults can supervise more than one child at a time.
- d. There is no age cap on participation this year. Gleaners will be required to sign an assumption of risk waiver to participate in an event.
- e. We strongly urge, out of love for you, that if you have pre-existing health conditions that make you at risk for serious complications from the virus that you not glean until our treatments and inoculations for the virus make it safe for you to participate.
- f. No one who is visibly sick is allowed to participate in a gleaning event.

2. Signing up for individuals and families.

- a. We are currently suspending our online sign up system until further notice. All signups will be by communicating with Keith Cutshall via email at kcutshall@crosmministries.org.
- b. There are two gleaning methods that we will be employing this season. The first we call Team and the second we call Row Crop. Each region listed below has the type of gleaning method we will be using for those locations and crops.

c. Team

- 1) Teams will consist of ten persons plus two supervisors. Team gleaning involves working together to accomplish the recovery of the produce. The supervisors will set individuals up in socially distanced positions/tasks and encourage people to practice that safe distancing throughout the gleaning. Face masks and gloves are required to participate in a gleaning team.
- 2) Once ten persons are signed up for an event that event is closed.
- 3) Events, if field conditions allow, might hold more than one gleaning team, but they will be greatly distant and work independently from each other.

d. Row Crop

- 1) In Row Crop gleaning people will sign up to pick a row. A row can be picked by multiple persons from the same household. Each picking row is separated from the next by an empty row as illustrated in the picture below.

- 2) A row can be harvested by an individual, by parents with children, by couples, or by any persons coming to the field who are not social distancing from each other due to living/social arrangements.
 1. Children 10 years of age or younger must pick in the same row as a supervising adult.
- 3) Each field has a set number of rows available to us. Once that number is reached the event is closed.
- 4) If you are ill the day of the gleaning we understand that can happen and we do not want you to come to the field and pick. Apart from illness we need you to honor your commitment to attend an event. **If you do not come to the event the row you signed up for will not be picked.** We do not overbook events.

Gleaning Events by Region

(an anticipated schedule is at the end of this packet)

Gleaning Clewiston

Anticipated Starting Date: Mid-November
 Crop: Sweet corn and cabbage
 Gleaning Method: Teams

Gleaning Belle Glade, Pahokee, & Canal Point

Anticipated Starting Date: Mid-December
 Crop: Lettuce, greens, sweet corn and cabbage
 Gleaning Method: Teams

Gleaning Boynton Beach & Delray Beach

Anticipated Starting Date: Mid-January
 Crop: Green peppers, tomatoes and cucumbers
 Gleaning Method: Row crop

Gleaning Loxahatchee Groves

Anticipated Starting Date: January
 Crop: Sweet corn and squash
 Gleaning Method: Row Crop (squash) and Teams (sweet corn)

Gleaning Palm City

Anticipated Starting Date: Mid-February
Crop: Potatoes
Gleaning Method: Team

Gleaning Lantana

Anticipated Starting Date: May
Crop: Tomatoes and Mangoes
Gleaning Method: Row crop for tomatoes, by tree for Mangoes

Group Signup Section

- 1) Days available for groups to come glean.
 - a. Group leaders can register their groups for events by contacting Keith directly. They can sign up for events on Saturdays and Sundays. We are also making it possible for groups to come and glean on Wednesdays, Thursdays, Fridays and Mondays. Please contact Keith to discuss available dates.
 - b. Gleanings on Thursdays will be in the Belle Glade area and are for gleaners 13+.
- 2) How to sign up a group.
 - a. You will need to choose the date of your event, the location and the size of your group when you communicate with Keith to reserve a gleaning event.
 - b. Group leaders will need to determine not only the size of the group they are sending, but also how many rows their group will be responsible for picking. For instance a group of 15 individuals who are all adults is a pretty straight forward 15 rows. But a group of 15 who are mixed children and adults might only be able to cover 10 rows. It will be important to communicate with Keith beforehand how many rows your group will be able to cover. He will be glad to help you through that process.
 - c. Team events are limited to groups of ten.
 - d. Row Crop events usually max out at 36 rows or approximately 50 individuals.

Gleaning Heroes

We are trying a new tactic this season by forming gleaning teams that are willing to commit to being available to glean on a specific day each week. Individuals would sign up for a specific day, but locations and crop would vary. While we understand individuals won't be able to make every week for the season, they are committing to being available consistently on that day. We are forming the following teams:

East County Monday

February 1st through April 26th

Peppers, tomatoes, squash and cucumbers will be the focus of this team. We are going to stretch the definition of East County to include Loxahatchee Groves in this geography, so there is an off chance of sweet corn as well. This glean will be a morning 8:30 to 11:30 event.

County Wide Wednesday

February 3rd through April 28th

On Wednesdays we are looking to provide our smaller pantry partners with a wide diversity of crops on a single day of gleaning. To accomplish that we will be spanning the county picking crops in fields, receiving donations from cull lines and from packing houses. We will focus on getting one bin or pallet of each crop with five or six types of crops represented. You are signing up for the 8:30 to 11:30 time slot, but will be invited to spend the day traversing the county to recover what we need. Pack a lunch and get ready for an adventure.

West County Thursday

January 7th through April 8th

Lettuce, greens and cabbage will be the focus of this team. This glean will be an 8:30 to 11:30 event. This glean will be 8:30 to 11:30.

West County Friday

February 5th through April 30th

The Friday West County team will be a straight up three pick-up truck 3-6 bins recovery day. While we will be able to recover lettuce, greens and cabbage we will be trying to work with our growers to expand our crop recovery varieties. This will be a morning 8:30 to 11:30 event.

If you are interested in exploring being Gleaning Hero please contact Keith at 561-236-8176 or email him at kcutshall@crosmministries.org. Gleaning Heroes must be 13+.

THINGS TO DO BEFORE GLEANING

1. All gleaners need to review “Rules and Helpful Hints” below themselves and with their group.
2. Complete the “Gleaner’s Liability Waiver” and the “Assumption of Risk” forms in this packet for **each gleaner** and bring to the gleaning site. Give them to the field supervisor at the gleaning site who is collecting them. You will need a gleaning form every time you come and glean with us. **Adult supervisors also need a waiver form.**
3. Bring water, gloves and a face mask for yourself and/or group.

Be sure to stress with your group/family that there are no absolute guarantees that you will be able to glean on the day that you have chosen. You, like the farmers, are depending on the weather and growing conditions of the season. CROS Ministries arranges for gleaning dates during the harvest time when it is most likely that there will be produce available for gleaning. Regrettably, dry or wet weather may affect the availability and condition of the produce. Rain on the day of or the days immediately preceding the planned gleaning may cause the field to be too wet to traverse.

RULES FOR GLEANERS

When gleaning, remember you are on another person's property. Treat it better than your own property. (Make sure you are leaving no water bottles, disposable gloves, candy wrappers, etc.). We are guests, please don't abuse the privilege, or we may lose it.

1. Every gleaner must complete the enclosed Gleaner Form. **All gleaners under 18 years of age must have the waiver signed by their parents and be accompanied by a supervising adult.**
2. **All gleaners still in elementary, middle or high school must be accompanied by a supervising adult. This includes high school students 18 years of age or older.**
3. **In the field, the field supervisor is in charge.** Follow his/her instructions and directions completely. They are there to protect your safety, the safety of the produce and to protect the property owner's interest. Glean only in those areas designated by the field supervisor.
4. **Children five years of age and older are only allowed to glean with direct adult supervision. Children ages 5 and 6 must** be within arm's reach of a responsible adult at all times. Some gleaning events are limited to older participants. These are designated on the schedule as 13+.
5. Safety is of utmost important in gleaning. **If any activity is questionable do not do it.** Such safety practices include:
 - Do not climb trees or fences.
 - Do not ride on the back of moving vehicles.
 - Stay away from farm machinery, canals and roadways.
 - Maintain a safe distance from other gleaners.The field supervisor can cancel a gleaning at any time if he/she feels these rules are not being followed.
6. No pets please, it is not safe for them and a violation of food safety practices.

HELPFUL HINTS

1. It is often good to dress in layers. In the morning, it is likely to be colder and damp, wearing a long sleeve shirt and long pants are recommended. As it gets warmer, a short sleeve shirt may be better. **Closed toed shoes are required.** No flip flops or open toed or heel shoes are permitted.
2. In cornfields, long pants are needed. Leaves from the corn stalks are sharp and can cut the skin.
3. It is recommended that all gleaners wear hats in the field, apply sunscreen, and have bug spray handy in case insects are an issue. It is mandatory that they wear face masks and gloves.
4. Bathroom facilities are unavailable in most gleaning fields. It is advisable to use the bathroom prior to coming to the field.
5. A three to five gallon pail with a handle is an excellent container to carry through the field. Fill it and empty it into the packing box or bin. We will have some on hand for you.

FREQUENTLY ASKED QUESTIONS

When will I know where we are gleaning? The growers notify CROS at the beginning of the week what field they might have available for gleaning the upcoming weekend. The gleaning director then travels to the field usually on Monday to map out directions. It is our goal to send out directions by Monday afternoon. If field directions are going to be delayed, you will be notified.

Can I choose where we glean? We pick what is ready to be picked where it is ready to be picked. We offer suggestions about what is likely to be in season at certain locations, but on a specific weekend we have to get what is ready for harvest or lose it. We understand if you need something close to your residence, and we do try to accommodate you. We also need volunteers who are willing to be inconvenienced and go the extra mile to get what would otherwise be lost. We hope you rise to that challenge.

Are there bathrooms at the field? In most instances, no.

What are the times? We glean from 8:30 am until 11:30 am. We finish early if we have filled the capacity of the box truck.

Gleaning – Biblical References

Gleaning as a practice to combat hunger is thousands of years old. The people most likely to be hunger victims during the times of the Hebrew Scriptures were widows, orphans and people traveling through the land called Sojourners. *“When you reap the harvest of your land, do not reap to the very edges of your field or gather the gleanings of your harvest. Do not go over your vineyard a second time or pick up the grapes that have fallen. Leave them for the poor and the alien. I am the Lord your God.”* (Leviticus 19:9-10) other references include Deuteronomy 24:19-22 & Ruth 2:2ff.

Gleaner's Liability Waiver for 2020-2021 Gleaning Season

Please complete and bring to the field with you each time you glean.

REQUIRED: In the event I or my child suffer any illness or accident requiring emergency or hospitalization, medication or surgery while participating in this gleaning, on the recommendation of the doctor, after consultation with the adults in charge of this event, I hereby give my permission for any medical treatment which may deem necessary and reasonable under the circumstances, understanding that the gleaning coordinator or other responsible person will contact me at the earliest possible moment. I fully understand and comprehend that reasonable care will be exercised by the adult staff for this gleaning event to protect the safety of those involved.

Photos, videos, audio and other images in which I appear that are taken during gleanings may be used by CROS Ministries for news coverage, newsletters, publicity, reports, displays, and for other print, broadcast, web or electronic news or promotional purposes.

Safety is of paramount importance in a gleaning event. For the protection of all involved, this disclaimer is necessary: I do not hold the board members or employees of CROS Ministries, Palm Beach County Food Bank, or any volunteers liable for any injury, bodily harm, accident or death of myself/my child during gleaning events sponsored by CROS Ministries. Neither will I hold the person(s) who own and/or operate the farm(s), business, plant, orchards, groves or the homeowner who owns the backyard, from which we glean, liable for accidents, injury, or death during the gleaning events.

For events at Agri-Gators, Inc. the following also applies: Safety is of paramount importance in a gleaning event. For the protection of all involved, this disclaimer is necessary: I do not hold the person(s) who own and/or operate the farm(s), or employees of Agri-Gators, or any volunteers liable for any injury, bodily harm, accident or death of myself/my child during gleaning events.

**Assumption of the Risk and Waiver of Liability
Relating to Coronavirus/COVID-19 – Adult Only
SERIOUS RISK - PLEASE READ CAREFULLY**

The coronavirus, COVID-19, has been declared a worldwide pandemic by the World Health Organization. COVID-19 is extremely contagious and is believed to spread mainly from person-to-person contact. As a result, federal, state, and local governments and federal and state health agencies recommend social distancing and have, in many locations, prohibited the congregation of groups of people.

CROS has put in place reasonable preventative measures to reduce the spread of COVID-19; however, CROS cannot guarantee that you will not become infected with COVID-19. Further, presence at CROS program sites could increase your risk of contracting COVID-19. Persons in vulnerable populations (in the state of Florida this has been defined as persons over the age of 65 or those with underlying medical conditions) are encouraged to stay home. This guidance is consistent with the guidance from the federal and state government and the CDC.

By signing this agreement, I acknowledge the contagious nature of COVID-19 and voluntarily assume the risk that I may be exposed to or infected by COVID-19 and that such exposure or infection may result in personal injury, illness, permanent disability, and death. I understand that the risk of becoming exposed to or infected by COVID-19 at CROS program sites may result from the actions, omissions, or negligence of myself and others, including, but not limited to, CROS employees, volunteers, and program participants and their families.

I voluntarily agree to assume all of the foregoing risks and accept sole responsibility for any injury to myself (including, but not limited to, personal injury, disability, and death), illness, damage, loss, claim, liability, or expense, of any kind, that I may experience or incur in connection with my presence at CROS program sites or participation in CROS programs or CROS events due to COVID-19 (“Claims”). On my behalf, I hereby release, waive, covenant not to sue, discharge, and hold harmless CROS, its employees, agents, and representatives, of and from the Claims, including all liabilities, claims, actions, damages, costs or expenses of any kind arising out of or relating thereto. I understand and agree that this release includes any Claims based on the actions, omissions, or negligence of CROS, its employees, agents, vendors or contractors and representatives, whether a COVID-19 infection occurs before, during, or after participation in any CROS program.

Gleaning Dates and Locations

Please understand that all of the locations listed below are tentative. Growing conditions vary year to year, agricultural markets do as well. Listed below are our best estimates based upon previous experience. Locations could open up sooner, later or not at all. We will let you know as soon as we know. In addition, new growers join us from time to time, which will also create unforeseen opportunities in new locations.
