Trucking firm hires client service director

Published Aug 4, 2016 at 9:23am

WESTMORELAND — Michael Bills has been named client service director at R.B. Humphreys, Inc., a trucking company based at 5549 Route 233.

A trucking industry veteran of nearly 42 years, he was most recently fleet operations leader for Swift Transportation.

“I am excited to start a new phase of my career at R.B. Humphreys Inc. and look forward to providing additional value to the already solid client service department,” said Bills.

The company has a fleet of more than 70 trucks and 100 trailers to move refrigerated food, as well as nearly 100 employees, drivers and agents.

“Michael’s experience and knowledge in our industry has already made him a key addition to the team,” said Marvin VanSlyke, general manager. “Any company would be fortunate to have him in the trenches fighting for them.” The company says its revenue has increased by more than 100 percent from this time last year. It anticipates growth to 100 trucks in the next 12 months.
