Ti Amo Ristorante was originally established in West Berlin, and then in 1989 moved all the way to Tulsa, at 21st and Memorial. It quickly grew into a hot spot for local diners to enjoy a great meal in a comfortable and friendly setting.

In 1998, Ti Amo found it's new home at 61st and Sheridan. After a couple of years, we took over the space next door, expanding into beautiful private dining rooms and developing the horseshoe bar. The spacious banquet rooms are perfect for business meetings, wedding events or any celebration.

In 2009, a spot opened and became the perfect location for downtown Ti Amo, located across from the BOK center, as well as the theatre and is just steps away from downtown night life. It is the perfect downtown lunch spot for business men and women and has been very popular for wedding rehearsal dinners, business dinners as well as that special romantic evening out on the town. Ti Amo downtown has a hip, young vibe that lend itself to the "artsy" downtown district seamlessly.

We welcome you to our humble Ristorante and hope that you sit, laugh, drink, eat and enjoy the experience! If you need anything, please ask. Hopefully we are already taking care of it, without you having to worry about a thing.

If you loved it, please tell all of your friends! If you didn't please tell us and we will fix it!

Thank you for coming!
