We have been with Class Act Maid Service for close to a decade. The quality of their work has always been outstanding. They are easy to work with and flexible. They do a great job. If you need a house cleaner, please support this local small business!

Class-Act Maid Service has been a staple in my home upkeep for months now, and I am always pleased with their services. Their friendly and reliable staff along with their high quality of workmanship are just two of the main reasons why I recommend them to anyone who is looking for a new home cleaning service.

I first hired Class Act when my second son was born - he's going to college next year! Linda, Dino, and the cleaning staff are professional, courteous, responsive, and just all around good people. They have been doing a great job keeping my house clean and the very few times there has been a problem, they are quick to resolve it. They have also helped me find other reliable companies for services like power-washing, window-washing, and carpet-cleaning with just about no effort on my part. All at a great price - you won't find better!

I was hesitant to let someone clean my house because I'm pretty detailed when it comes to cleaning. I decided to give Class Act a try because my neighborhood blog suggested them as not the cheapest but the most thorough service. Indeed I have been truly pleased with the job that has been done.

Best I can remember, we have been using Class Act Maids to clean our house twice a month for 20 years (we moved into our first house in Raleigh in 1987). I feel like they are part of the family....their service and attention to detail is amazing and I am always confident about the staff they send to my home. In all that time....there has only been 2 incidents where something was broken and it was ALWAYS handled professionally and to my satisfaction. As an aside...I worked with them to have my windows washed. The team they sent was great....polite, professional and did a superior job. Thank you Gino

Excellent Service

We have tried several services over the years and never really found one that was reliable and did consistently good work until we started using Class Act ..We have found them to be very accomodating, reliable and very trustworthy. They have a well trained staff and do consistently good work. We have enjoyed having them service our home..We would highly recommend them ..B and L

I have been using Class Act Maid service for the past 3 months. I hired them for a deep clean shortly after construction on my home AND the birth of a new baby. They have done an exceptional job every time with amazing attention to detail! I plan to continue to use them on a regular basis!

Class Act Maid Service has been cleaning our house twice per month for 11 years now. They are amazing! The staff is dependable, efficient and pay close attention to detail. Linda is wonderful to work with when a scheduling change is needed. Can't say enough good things about them!!

Don't make the same mistakes we did by trying a number of "independent" house cleaners who fail to show up or leave with your valuables. Go with the consistent, trustworthy, reliable team at Class Act who are focused on being everything you want and need. Service is personal, and prices are competitive. We've been with Class Act for years spanning two different homes in two different communities. You won't be disappointed.

Class Act has been cleaning my home for years (possibly close to 5) and they are reliable, trustworthy, dependable and provide a great cleaning service. The owners are terrific to work with if you need to rearrange your scheduled day and the cleaners are polite and friendly. It is a wonderful treat to come home every other week to a clean house that smells fresh. I highly recommend them and have never needed to look else where.
