CloudEASE™
Central Parking System Control in the Cloud.

The Parking Management Software is called CloudEASE.

- Easily and quickly control all aspects of the parking system from the Cloud.
- View near real-time transaction counts, ticket status, space available counts, RFID access control usage.
- Scale from a single parking laneway to many laneways across multiple garages.
- Configure complex parking rate structures, re-rates, validations, discounts, coupons.
- View real-time machine operational status, including live screen view and component status.
- Incorporate RFID access control credentials (access permissions, usage control) & holders (monthly parkers, employees, etc.).
- Generate reports, export data to HTML, Excel, CSV, XML, or PDF data for further manipulation or integration.
- Audit trails may be printed at stations to enhance cash controls.
- View detailed system logs and monitor via email/text alerts.
- Create granular user permissions to limit access.
- Automated data back-ups with redundant architecture.
- Integrate with third-party systems.
- PCI Compliant

Validation Solutions & Passes
- Discount (amount, time, percentage) or re-rate via:
  - On-line validation stations
  - Web-based validation
  - Coupon paper chaser tickets or stickers
- Automated pass sales

Reports
View real-time data. Generate reports by start + end date/time. Export data as HTML, Excel, CSV, XML, PDF.

ANYTIME. ANYWHERE.

Access the Parking Management Software:
- Cloud: Access the Parking Server, EASE software or WebEASE from the Cloud.
- LAN: Access the Server, EASE or WebEASE directly through your LAN.
- Workstation: Install an EASE client directly on any Windows device in your network. Create a desktop shortcut to WebEASE on any device/any OS in your network.

LOCAL SERVER FORM-FACTOR OPTIONS

99.99% Server Uptime, plus options to match your needs. Note many smaller sites do not require a Local Server.

- **The Rackmount Parking Server**: Optimized CPU, RAM and design ensure high availability for high volume sites. Optional mirrored RAID drive optimizes up-time in the event of a drive failure. Rackmount form factor utilizes your existing server room security features. Physical security ensures only authorized personnel access this Server via authorized user accounts. (Server 2012 or W7)

- **The Parking Server/Workstation**: for sites that want to utilize the Server as a workstation. Includes LCD, keyboard, and mouse. Coupons/reports printer is optional. (Server 2012 or W7)

- **The Economy Parking Server**: for budget-conscious sites with low volume traffic. This option may also incorporate an LCD, keyboard, mouse and coupons/reports printer. (W7 only)

STANDARD MODULES

CloudEASE modules include: Account (dashboard, user settings), Sites (revenue, occupancy, transactions), Parking (rates, email/text alerts, coupons, passes, machines, settings, languages), Reports.

UPGRADE MODULES

Cashier/attendant, Web Validation, Hotel guest validation, Video monitoring, Intercom/help calls via VoIP or analog), License Plate Recognition, License Plate Inventory, Web Reservations (event reservations), Valet Parking, Pay By Phone, Hotel Guest Integrations, Validation Integrations.

* VM Server environments are also supported.
