

# PIPE/TUBE & BAR POLISHING

Quality Stainless Steel Services.

**CMPPI**  
CUSTOM MFG. &  
POLISHING, INC.

Polishing is our thing. Ask us about custom capabilities!

## PIPE POLISHING

We polish the ID (interior) and OD (exterior) of pipes of all thicknesses and sizes, and can trim to your required dimensions.

## TUBE POLISHING

We make rectangular, square, & round tube polishing easy. No length limits here, and we provide fabrication service too!

## BAR POLISHING

For flat and round bar, provide your specs and we do the rest! We can touch up flats or edges if only a partial polish is required.
