## Entry 2: Add 2-digit numbers

1. You buy two reusable carrier bags to put your shopping in, like below.

## 45p

50p

How much do both bags cost?
Answer: ............ p
2. How many small squares are there altogether? Show your working.

$\qquad$
$\qquad$
$\qquad$
3. Fill in the gaps below:

$$
\begin{gathered}
27+15=\ldots . \\
44+26=\ldots . . \\
12+\ldots . .=35 \\
58+\ldots \ldots=66 \\
\ldots \ldots+9=79 \\
\ldots . .+14=93
\end{gathered}
$$

4. Naila writes these maths sentences:

$$
\begin{gathered}
24+4=4+24 \\
0+35=0
\end{gathered}
$$

Do you agree with Naila? Explain your answer.

Answer: $\qquad$
$\qquad$
5. Find another two numbers you can add which give the same total as $25+46$

Answer:
