Entry 2: Subtract 2-digit numbers Answers

1. 46p

2. 16

3. Fill in the gaps below:

39 - 5 = 34

54 - 26 = 28

55 - 43 = 12

76 - 64 = 8

69 - 59 = 10

85 - 4 = 81

4. The second sentence is correct but the first one is not. If you have £24 and spend £4, you have £20 left. However, if you have £4 only and spend £24, you are then £20 overdraft.

5. 35 – 4 (There are many other possible combinations. Use a calculator to check the result is 31).
