AVDA RECEIVES PERFECT MONITORING REPORT FROM STATE

(Delray Beach, FL) May 22, 2020 – AVDA (Aid to Victims of Domestic Abuse) has successfully completed the Florida Department of Children & Families Quality Assurance Monitoring Process for fiscal year 2019-2020 and has received a clean report with no findings noted. It took AVDA 1.5 months to complete the process which took place via a virtual desk review from April – May this year due to COVID-19.

Each year, The Domestic Violence Program (DVP) Quality Assurance Unit evaluates services provided by the certified domestic violence centers statewide. At the time of issuing AVDA’s successful monitoring report letter on May 18, the Quality Assurance Monitoring Team confirmed that AVDA was the only center thus far to receive no findings in their report.

Florida Department of Children & Families Quality Assurance Monitoring Process is an objective, independent, and reliable review of the organization’s fiscal, administrative, and program activities.

President & CEO, Pam O’Brien, shared her appreciation of the AVDA staff for their excellent work based in a place of compassion and highlighted that their “actions every day are what puts us in this position to attain such success.”
