

NEUERO TRANSFER VACUUM TRUCK

Hulcher Services combines 30 years of expertise in transfer and salvage recovery with one of the most extensive networks of people and equipment.

Hulcher offers a unique blend of recovery services and innovative salvage commodity merchandising. Our goal is to provide the maximum return on the salvage sale while minimizing loss and exposure to our customers from accidents, derailments, fire, explosions, water, wind, flood or other disaster situations.

Hulcher offers a full range of company owned equipment for handling an extensive range of commodities. A key component to our salvage and bulk transfer services is the Neureo Hi-Rail Transfer Vacuum/Vacuvator Truck. The Neureo vacuum truck is utilized to transfer bulk commodities (dry, liquid, food-grade materials) from one storage container to another.

Some materials the Neureo vacuum truck can pick up include:

- Grain and Feed
- Granular and Pellet Fertilizers

Hulcher's neuero vacuum truck is the perfect choice for bulk commodity, salvage and other transfer needs. For more information about this efficient truck, call Hulcher at 800-637-5471.
