## Second Sunday in Ordinary Time

January 18, 2015

Your body is a temple of the Holy Spirit within you.

— 1 Corinthians 6:19a

### WATCHING FOR THE MESSIAH

Today's Gospel story of John and his disciples seeing and following Jesus sounds so simple and casual, it's easy to miss the significant acts of faith that are made.

John points to Jesus: "Look," he says, "there is the Lamb of God." John's faith in Jesus is evident, so evident that John's disciples immediately leave his side to follow this Jesus.

The two disciples make their own act of faith. They follow Jesus, spend time with him, and are quick to spread the good news of their discovery: "We have found the Messiah."

It is easy to forget that the expectations of generations, the hopes of many ages of faithful people were being fulfilled in these simple acts of faith. The Lamb of God, the Messiah, foretold by the prophets, had finally come. Nearly everyone among the Jewish people was watching for the Messiah back then; who in our own society watches for signs of the presence of the Messiah today?

### TREASURES FROM OUR TRADITION

Old customs fade slowly, and in 1560 the Council of Trent tried for significant change in pastoral care of the sick. People resisted, thinking that the last breath was the right time for the sacrament. Although physical improvement was often noted after anointing, it was seen as a kind of bonus, rather than an expected outcome of a prayer for good health, strength, patience, and even healing. More than four hundred years later, many people still do not ask for anointing until it is literally too late for the person to have reasonable hope of healing, or at least be aware enough to participate in the ritual. By then, it may even be too late for viaticum, the true "last rite."

We have a treasure in our tradition that we seem reluctant to use. We visit the sick, we anoint those who are in the first crisis of illness, we give Communion to those who are dying, and we keep vigil and pray for those close to death. When anointing is celebrated early enough, optimally when the sick person is still at Sunday Mass, it can be a source of courage, faith, and hope for a difficult road ahead. When we anoint our sick, we remind them that they belong to Christ and a community of faith. We bring them into the presence of Christ to reconcile, heal, and give strength and hope. We resist forces that isolate and alienate the sick; the symbol of touch is a powerful act of acceptance. Why wait until the crisis of illness is dire before we apply such a rich remedy to body and soul?
