Type of School - Geographical area, population, description of school, English/Welsh, population of children including Additional/Special Needs, including EAL pupil demographic, Looked After Children, children on Child Protection Register.

2. Description of Policy Formation and Consultation Process

This policy took account of the following key documents:

- Welsh Government Circular No: 009/2014 Safeguarding Children in Education - Handling allegations of abuse against teachers and other staff. Replaces Section 10 of below document
- Welsh Government Circular: 002/2013 Disciplinary and Dismissal Procedures for school based staff
- Procedures for Reporting Misconduct and Incompetence in the Education Workforce in Wales Guidance 168/2015
- Staffing of Maintained Schools (Wales) (Amendment) Regulations 2014
- Welsh Government Guidance 'Model' Safeguarding Policy
- All Wales Child Protection Procedures 2008
- Social Services and Wellbeing Act -2014

The Local Authority supported schools by preparing a draft policy for consultation with staff following a Review of Safeguarding and Child Protection within Denbighshire in 2014.

Consultation was undertaken between Denbighshire County Council, lead representatives from the school cluster groups, unions, legal counsel and independent experts. The consultation exercise involved consultation with the Governing Bodies and specifically with the Governor responsible for child protection and the nominated Child Protection Officer. Views and opinions from this thorough consultation exercise were collated, analysed, considered and an amended draft policy was developed.

The Final policy was formally shared with the Denbighshire County Council Corporate Safeguarding Board and the Multi Agency Professional Forum [North
Wales RSCB CPR Group) on 18 June 2015. The ‘Model’ Safeguarding Policy was formally provided to all schools on 18 June 2015. This policy was reviewed between January 2016 and June 2016 and formally provided to all schools on 1 September 2016.

Ceri Ellis the school Child Protection Officer submitted the reviewed and revised school policy to the Governing Body on 30th November 2017 where it was approved and recorded within the minutes of the meeting.

3. Introduction

The safeguarding of children is of utmost importance at Rhyl High School. School should provide a secure and inclusive environment in which children and young people can flourish and grow. In order to achieve this, wide ranging measures have been put into place, by way of policies, as outlined in Section 17.

Child protection work inevitably involves uncertainty, ambiguity and fallibility due to the limited knowledge, predictions about the child’s future welfare are imperfect, and there is no definitive way of balancing the conflicting rights of parents and children. However, it is a fundamental principle that the protection of children from harm is the responsibility of all individuals working with children. Parents and the public rightly expect high standards from child protection workers in safeguarding children but achieving them is challenging for practitioners working in this field.

Denbighshire County Council and the Governing Body of Rhyl High School fully recognise the contribution it makes to child protection and safeguarding and moreover the aim is not just to minimise the danger to children but to maximise their health and welfare. The terms ‘child protection’ and ‘safeguarding’ mean different things to different people and it is for this reason that the Welsh Government have defined the terms; the definitions may be viewed at Appendix A.

The School Safeguarding Leadership Structure is as follows:

- Governing Body - Strategic Overview
- Head Teacher - Overall Leadership
- Child Protection Officer - Management and Administration
- All Staff - Legal duty to record and report child protection concerns

There are three main elements specifically with regard to the safeguarding of children:

- Prevention through the teaching and pastoral support offered to pupils
- Procedures for identifying and reporting cases, or suspected cases, of abuse. Because of our day to day contact with children, school staff are well placed to observe the outwards signs of abuse
• Support to pupils who may have been abused

This policy applies to all governors, staff and volunteers working in the school. Teachers, teaching assistants, mid-day supervisors, caretakers, secretaries, and office staff all of whom can be the first point of disclosure for a child.

As well as applying to the list of people set out above, it imposes personal obligations upon them. 
All staff MUST record and report any child protection problems, concerns or suspicions to the Child Protection Officer as soon as it is identified and practically possible and in any case, within 24 hours to Children and Family Services Gateway (see Appendix L)

This is not a matter of individual choice.

4. Local Authority Safeguarding Obligations

A Local Authority shall make arrangements for ensuring that their education functions are exercised with a view to safeguarding and promoting the welfare of children. [Section 175 Education Act 2002].

The Local Authority will:

• Establish and maintain effective links with relevant agencies and schools as required, with particular focus on child protection matters, including attendance at initial review and case conferences, core groups and the submission of written reports to the conferences. Schools will attend the above meetings and must not delegate this involvement after the initial case conference i.e. schools must attend all future meetings about a specific child after committing to attending core group meetings.

• Ensure written records are kept of concern about children (noting the date, event, persons present during discussions, action taken, the reasons any decisions were taken including, if the decision is not to report), even where there is no need to refer the matter to social services immediately Appendix D.

5.4 All staff:

• All Staff have a legal duty to record and report any child protection problems, concerns or suspicions to the Child Protection Officer as soon it is identified and practically possible and in any case within 24 hours to the Children and Family Services Gateway (see Appendix L). This is not a matter of individual choice. There is a legal duty to record and report your concerns on the day the allegation/concern has been raised.

• Understand their role and responsibilities to safeguard and promote the welfare of children.

• Be familiar with and follow the school’s procedures and protocols for safeguarding and promoting the welfare of children and know who to contact in the school to express concerns about a child’s welfare.

• Be alert to indicators of abuse and neglect.

• Have access to and comply with the All Wales Child Protection Procedures.

• Understand the principles and practice contained in Keeping Learner’s Safe 2015 and Social Services and Wellbeing Act 2014.

• Have received child protection training to a level commensurate with their role and responsibilities.

• Know when and how to refer any concerns about child abuse and neglect to Children’s Services or the Police.

• Know that a child, parent, caregiver, relative or member of the public who expresses concerns about a child’s welfare to a professional and / or agency employee must never be asked to make a self-referral to Children’s Services or the Police. The professional and/or agency employee must make the referral.
• Know that if any person has knowledge, concerns or suspicions that a child is suffering, has suffered or is likely to be at risk of harm, it is their legal duty to ensure that the concerns are referred to Children’s Services or the Police, who have statutory duties and powers to make enquiries and intervene when necessary

In addition to their duty and responsibility to make referrals, there are other ways in which everyone who works with children and families can contribute to the safeguarding of children and the child protection process:

• Treat the child’s welfare as paramount

• Be alert and aware of the risks which individual abusers or potential abusers may pose to children

• Recognise when a parent or caregiver has compromised parenting capacity, that is, problems which may affect their capacity to provide effective and appropriate care, or which may mean they pose a risk of harm to a child

• Be aware of the impact and effects of abuse and neglect on children

• Have an understanding of the Social Services and Wellbeing Act 2014, which underpins the process of assessing needs, planning services and reviewing the effectiveness of service provision at all stages of work with children and families

• Share and help to analyse information so that an informed assessment can be made of the child’s needs and circumstances

• Contribute as required to provide help or a specific service to the child or a member of their family as part of an agreed plan and contribute to the reviewing of a child’s progress

• Contribute as necessary at all stages of the child protection process

• Contribute to regularly reviewing the outcomes for the child against specific shared objectives

• Work co-operatively with the parents, unless this is inconsistent with the need to ensure the child’s safety

• Be committed to fully co-operating with all other agencies in the interests of safeguarding children.

The partner agencies listed in the Children Act 2004 share statutory responsibility for safeguarding and promoting the welfare of children and there
is a legal duty placed on all professionals working for those agencies to report concerns.

**This is not a matter for individual choice.**

The suspected abuse of a child must be reported to Children’s Services or the Police, who are the agencies together with the NSPCC with statutory powers to investigate suspected abuse. Agencies must not undertake their own internal child protection enquiries, but refer their concerns. If the concern involves a member of staff, please see Section 10 of this policy.

6. **Children Services**

The Children & Families Support Gateway provides early help through information, advice and assistance for children, carers and their families in Denbighshire. The Support Gateway is the single point of access for members of the public or professionals to contact if they have any concerns about children, young people or vulnerable families.

All Child Protection referrals will be reviewed and processed within one working day. You are advised should your concerns relate to a child or young person that is at immediate risk of harm to report your concerns to North Wales Police via 101 or 999 depending on the severity of the situation. For all other Child Protection and Safeguarding concerns we advise you to submit your referral electronically and follow this up with a phone call to the Children & Families Support Gateway, this will assist them in prioritising referrals of a child protection and safeguarding nature.

**How to Contact Children & Families Support Gateway**

Information advice & assistance contact no. is **01824 712200**

Enquiries can also be emailed to any of the following:

- cfsgateway@denbghshire.gov.uk (normal level security email or can access via Egress Switch Secure Date Exchange)
- cfsgateway@denbighshire.gcsx.gov.uk (Secure email – UK Government Connect Secure Extranet)
7. Prevention

Under the new Social Service and Wellbeing Act 2014 schools have a duty to identify early the needs of all children/young people with the purpose of prevention and protection. The link to how you raise concerns is below:

We recognise that good self-esteem, confidence, supportive friends and good lines of communication with a trusted adult helps to safeguard children. The school will therefore:

- establish and maintain an ethos where children feel secure and are encouraged to talk, and are listened to
- ensure that they know all adults in the school who can be approached if they are worried or in difficulty
- include in the curriculum activities and opportunities for PSE which equip children with the skills they need to stay safe from abuse and to know who to turn to for help

Include in the curriculum material which will help children develop realistic attitudes to the responsibilities of adult life, particularly with regard to child care and parenting skills (as appropriate). There should be a private place where children/young persons can talk to the appropriate adult. Professionals should not go to this private place alone with the child/young person.

8. Procedures

We will comply with the All Wales Child Protection Procedures (AWCPP) 2008 that have been endorsed by the Local Safeguarding Children Board. An electronic copy of the AWCPP 2008 may be viewed on the Staff Drive under Items for All staff to view and a hard copy will be placed in the Child Protection Officer’s office and the main school admin office.

We will consider the safeguarding responsibilities in specific circumstances outlined in the All Wales Child Protection Procedures 2008:

- Children who display sexually harmful behaviour - Chapter 4.9 AWCPP 2008
- Unaccompanied Asylum Seeking Children - Chapter 4.10 AWCPP 2008
We will consider the following individual All Wales Protocols:

- Safeguarding and Promoting the Welfare of Children who are at risk of abuse through sexual exploitation.
- Female Genital Mutilation.
- Procedural Response to Unexpected Deaths in Childhood. This document replaces 2006 guidance document, Sudden Unexpected Death and Infants (SUDI)
- Safeguarding Children and Young People affected by Domestic Abuse
- Safeguarding and Promoting the Welfare of Unaccompanied Asylum Seeking Children and Young People
- Safeguarding Children who may have been trafficked.
- The management of young people engaged in sexually harmful behaviour.
- Missing Children
- All Wales Flowchart for practitioners when dealing with a Disclosure of concern identified of forced marriage

All children who are interviewed as part of any safeguarding investigation should be allowed to express their views as to who (if any) will be the appropriate adult in an interview situation. Advice must be sought from Children’s Service Gateway in relation to the appropriate involvement of family or school staff in the attendance of any interview with the child or young person.

9. Support

Under the new Social Service and Wellbeing Act 2014 schools have a duty to assess and support the child in terms of both strengths and weaknesses in keeping the child safe.
Children who are abused or witness violence may find it difficult to develop a sense of self-worth and to view the world as benevolent and meaningful. They may feel helplessness, humiliation and some sense of self-blame and be deeply affected.

The school may be the only stable, secure and predictable element in the lives of children at risk. Nevertheless, when at school their behaviour may be challenging and defiant or they may be withdrawn.

The school must support the pupil through a safety plan which is clearly developed and understood by all parties recording decisive actions. This includes:

- The content of the curriculum to encourage self-esteem and self-motivation with liaison and support from the appropriate commissioned services.
- The school ethos will promote a positive, supportive and secure environment and give pupils a sense of being valued
- The schools behaviour policy is aimed at supporting vulnerable pupils in school. All staff will agree on a consistent approach, which focuses on the behaviour of the child but does not damage the pupil’s sense of self-worth.
- The school will endeavour to ensure that the pupil knows that some behaviour is unacceptable, but s/he is valued and not to be blamed for any abuse that has occurred
- The liaison with other relevant agencies. This could include, but is not limited to Social Services and other support agencies such as Child and Adolescent Mental Health Service, Educational Psychology Service, Behaviour Support Services, Education Social Work Service and Advocacy Services
- The keeping records and notifying Children’s Services as soon as there is a concern

When a pupil on the Child Protection register leaves the school, the school must transfer child protection/safeguarding information to the new school immediately and inform the Education Welfare Service, the Lead Child Protection Officer of the new school and the allocated Social Worker in Children’s Services. Any safeguarding file on a child must be sent separately to the child school file to ensure confidentiality and mark the safeguarding file for the attention of the Head Teacher of the new school. The Wales Accord on the Sharing of Personal Information (WASPI) link outlines organisational responsibilities in relation to the sharing of sensitive information. [www.waspi.org/](http://www.waspi.org/)
10. Children with Special / Additional Needs (ALN)

Statistically, children with behavioural difficulties and disabilities are most vulnerable to abuse. School staff who deal with children with varying disabilities, sensory impairment and/or emotional and behaviour problems will be particularly sensitive to signs of abuse.

School staff need to have a high level of awareness with children who have ALN and promote a culture where children are able to make their wishes and feelings known in respect of their care and treatment.

Making sure all children with ALN know how to raise concerns if they are worried or angry about something and giving them access to a range of adults with whom they can communicate. Children with communication difficulties should have available to them at all times a means of being heard.

Children with ALN who are interviewed as part of any safeguarding investigation should be allowed to express their views as to who will be the appropriate adult in an interview situation. Advice must be sought from Children’s Service Gateway in relation to the appropriate involvement of family or school staff in the attendance of any interview with the child or young person.

11. Supporting Staff

Staff working in the school, who have become involved with a child who has suffered harm, or appears to be likely to suffer harm may find the situation upsetting and/or professionally and morally difficult. Staff will be supported - by providing an opportunity and the time to talk through their anxieties either with their supervisor who may consider further support from the school Child Protection Officer, Local Authority Safeguarding Officer and/or the Occupational Health Department.

Section 5 of this policy provides other examples of the support the school will provide.

The professional supervision of the Child Protection Officer would be the responsibility of the school. However the Local Authority will help to facilitate specific networking support through school to school support.

12. Allegations made against Members of Staff

The school will follow the Welsh Government Circular No: 009/2014 Safeguarding Children in Education - Handling allegations of abuse against teachers and other staff.

The Head Teacher and Child Protection Officer will ensure that they are fully aware of the relevant legislation and guidance in relation to procedures required when an allegation is made against a professional and in particular:
• Welsh Government Guidance: Circular No: 009/2014 - Safeguarding Children in Education - Handling allegations of abuse against teachers & other staff

• Welsh Government Guidance: Circular No: 002/2013 - Disciplinary and Dismissal Procedures for School Staff

• HR FACT SHEET 22 - Managing Child Protection and Sensitive HR Issues

• Education Workforce Council (EWC) Code of Conduct.

The above guidance may be found on www.wales.gov.uk. The Head Teacher and Child Protection Officer will have their own individual copies of Circulars: 009/2014 and Circular: 002/2013 listed above and will have fully read and understood the guidance.

All staff must ensure that any allegation regarding an adult who is working with children is reported immediately to the Head Teacher or the Child Protection Officer; this will include all school staff, volunteers, governors, occasional workers or contractors and those staff who are not on the school site but come into contact with children i.e. those who transport children to/from school, school crossing patrols etc.

Allegations against members of staff should be brought immediately to the attention of the Head Teacher (or the Chair of Governors and the Head of Education). If the allegation is against the Head Teacher then the Chair of Governors must be informed who in turn must immediately inform the Head of Education and Children Services. For ease of reference this person will be known as the ‘Case Manager’. (If the allegations against a member of staff are reported to the Child Protection Officer, then the Head Teacher must immediately be informed.)

The Head Teacher (or Chair of Governors in the case of a Head Teacher) as the Case Manager, has overall responsibility for any safeguarding allegation.

In the first instance the Case Manager should immediately discuss the allegation with the Local Authority Education Safeguarding Officer within Education who will also support the school with how to adhere to the Welsh Government guidance listed above. The Local Authority Education Safeguarding Officer should be informed of all allegations that come to a school’s attention and appear to meet the criteria set out above so they can consult with the Local Authority Designated Officer/LADO and Children’s Services and the police, as appropriate.

Governing Bodies are responsible for dealing with staff disciplinary matters in all maintained schools and should refer to Welsh Government Guidance: Circular No: 009/2013 - Disciplinary and Dismissal Procedures for School Staff.
13. Safer Recruitment

The school will adhere to the Welsh Government Circular: 158/2015 Keeping Learners Safe/Chapter 5 (This document replaces Welsh Government Circular: 34/02 Preventing Unsuitable People from Working with Children.) All members of staff, volunteers and governors will be required to hold an up to date Disclosure and Barring Service (DBS) disclosure certificate. The school will maintain a record of all staff DBS disclosure dates and ensure that renewals are timely.

A written log of all daily supply staff, volunteers and contractors will be kept clearly listing where the DBS disclosure is available or a risk assessment will be formulated in lieu of an available DBS disclosure.

The Head Teacher retains responsibility for ensuring that all persons attending the school site are appropriately risk assessed in circumstances where DBS disclosures are unavailable.

The school will also adhere to safer recruitment practices with regard to publicity materials, recruitment websites, advertisements, candidate information packs, person specifications, job descriptions, competency frameworks, interviews and induction training.

The school will adhere to the Local Authority Recruitment Procedures and the Welsh Government Safer Recruitment Guidance.

14. School Site Security

The school is a safe and secure place for pupils to learn and develop learning and social skills. The physical safety of pupils when on school site is of paramount importance. Access to the school site is strictly monitored and reviewed in line with the Local Authority guidance on the Health and Safety of school premises. This must include regular planned auditing of the school site. The school’s Health and Safety Policy is available to review on request from the Head Teacher.

All daily visitors to the school site are required to sign in and out of school premises. They will clearly list the company for whom they work and the reason for the visit. As a daily contractor is unlikely to have a DBS disclosure available to be viewed by the school, an alternative method of risk assessment will be employed. A risk assessment will be undertaken by the school, which clearly
lists the control measures employed by the school to safeguard the children. A daily contractors’ list may be used as attached. Appendix G

15. North Wales Safeguarding Children Board (NWSCB)

North Wales Safeguarding Children’s Board (NWSCB) is a statutory body which co-ordinates, monitors and challenges its partner agencies in safeguarding children in North Wales. The objectives of the NWSCB are to PROTECT children in its area who are experiencing or at risk of abuse, neglect or other kinds of harm and PREVENT children who are experiencing or at risk of experiencing abuse, neglect or other kind of harm.

Denbighshire Council is a statutory partner of this Board.

Schools should be aware of the work of the Safeguarding Board. Each school should be updated through subscribing to the NWSB’s website (www.northwalessafeguardingboard.wales). Schools are encouraged to attend events and training by the NWSCB. Virtual Training is also offered by NWSCB.

Schools may need to be involved in the Child Practice Review process. Schools will work closely with Education and Children Services in such circumstances to ensure that requests for information and documentation is responded to timely. School may also need to attend Learning Events during a review process. School staff will receive support and guidance from Education and Children’s Services in order to participate fully in these events.

16. Equality and Diversity

The school is committed to ensuring that all children and young people gain maximum benefit from their education regardless of ethnic origin, sex, age, sexual orientation, disability, religious belief or non-belief, use of BSL or other languages, nationality, responsibility for dependents or any other reason which cannot be shown to be justified.

In order to make sensitive and well informed professional judgments about a child’s needs and a parent’s capacity to respond to their child’s needs, it is important that school staff will be sensitive to differing family patterns, and lifestyles and to child rearing patterns that vary across different racial, ethnic and cultural groups.
17. Confidentiality & Information Sharing

The school recognises that all matters relating to child protection and safeguarding are confidential, however there is a balance between child protection and the right to privacy, as outlined below.

The Head Teacher and/or the Child Protection Officer will disclose any information about a pupil to other members of staff on a need-to-know basis only. There is a professional responsibility to share information with other agencies in order to safeguard children.

Staff will understand that they cannot promise a child to keep secrets, which might compromise the child’s safety or wellbeing.

In order to make soundly based decisions there is a need to understand the general principles of sharing information identifiable to a child and/or young persons or their parents/carers. The safety and welfare of a child or young person must be the first consideration when making decisions about sharing information about them.

There must be a legal basis for sharing information and a legitimate purpose for doing so. When dealing with confidential information we will need to be satisfied that there is either:

- a statutory obligation to disclose
- expressed or implied consent from the persons involved or
- an overriding public interest in disclosing information

The Data Protection Act is not a barrier to sharing information but provides a framework to ensure that personal information about living persons is shared appropriately.

Until the development of inter-agency information-sharing protocols all staff will seek advice from the Child Protection Officer and/or the Head Teacher with regard to the sharing of any information.

The Head Teacher and Child Protection Officer will be fully aware of the guidance surrounding the Data Protection Act and the guidance surrounding the sharing of information:

- Wales Accord on the Sharing of Public Information (WASPI) framework [www.waspi.org/](http://www.waspi.org/)
For ease of reference the Seven Golden Rules for Information Sharing may be viewed at Appendix H.

NOTE: that the 7 golden rules are taken from the gov.uk web site and covers the information contained in the Welsh Government WASPI information

20. Appendix A - Definitions of Safeguarding

Definition of Safeguarding

Safeguarding and promoting the welfare of children includes:

- Protecting children from abuse and neglect
- Preventing impairment of their health or development
- Ensuring they receive safe and effective care

….so as to enable them to have optimum life chances.

(All Wales Child Protection Procedures 2008 - Page 20)

Definition of Child Protection

Child protection is a part of safeguarding and promoting welfare. This refers to the activity, which is undertaken to protect specific children who are suffering or are at risk of suffering significant harm as a result of abuse or neglect.

(All Wales Child Protection Procedures 2008 - Page 16)
21. Appendix B - Definitions of Abuse and Neglect

Definitions of Abuse and Neglect
(Taken from the All Wales Child Protection Procedures 2008 – Page 31)

A child is abused or neglected when somebody inflicts harm, or fails to act to prevent harm. Children may be abused in a family or in an institution or community setting, by those known to them or more rarely by a stranger. A child or young person up to the age of 18 years can suffer abuse or neglect and require protection via an inter-agency child protection plan.

Physical Abuse

May involve hitting, shaking, throwing, poisoning, burning, scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or caregiver fabricates or induces illness in a child whom they are looking after.

Emotional Abuse

Is the persistent emotional ill treatment of a child such as to cause severe and persistent adverse effects on the child’s emotional development; it may involve conveying to a child that they a worthless and unloved, inadequate or valued only in as much as they meet the needs of another person. It may feature age or developmentally inappropriate expectations being imposed on children. It may involve causing children frequently to feel frightened or in danger, for example by witnessing domestic abuse within the home or being bullied, or the exploitation of corruption of other children. Some level of emotional abuse is involved in all types of ill treatment of a child, though it may occur alone.

Sexual Abuse

Involves forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening. The activities may involve physical contact, including penetrative and non-penetrative acts. They may include non-contact activities, such as involving children in looking at, or the production of pornographic material or in watching sexual activities, or encouraging children to behave in sexually inappropriate ways.

Neglect

Is the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health and development. It may involve a parent or caregiver failing to provide adequate food, shelter and clothing, failing to protect a child from physical harm or danger, or the failure to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.
22. Appendix C - Indicators of Harm

Indicators of Harm

1 Physical Abuse

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Indicators in the Child

Bruising - It is often possible to differentiate between accidental and inflicted bruises. The following must be considered as non-accidental unless there is evidence or an adequate explanation provided:

- Bruising in or around the mouth
- Two simultaneous bruised eyes, without bruising to the forehead (rarely accidental, though a single bruised eye can be accidental or abusive)
- Repeated or multiple bruising on the head or on sites unlikely to be injured accidentally, for example the back, mouth, cheek, ear, stomach, chest, under the arm, neck, genital and rectal areas
- Variation in colour possibly indicating injuries caused at different times
- The outline of an object used, e.g. belt marks, hand prints or a hair brush
- Linear bruising at any site, particularly on the buttocks, back or face
- Bruising or tears around, or behind, the earlobe/s indicating injury by pulling or twisting
- Bruising around the face
- Grasp marks to the upper arms, forearms or leg
- Petechiae haemorrhages (pinpoint blood spots under the skin), commonly associated with slapping, smothering/suffocation, strangling and squeezing

Fractures - Fractures may cause pain, swelling and discolouration over a bone or joint. It is unlikely that a child will have had a fracture without the carers being aware of the child's distress. If the child is not using a limb, has pain on movement and/or swelling of the limb, there may be a fracture. There are grounds for concern if:

- The history provided is vague, non-existent or inconsistent
- There are associated old fractures
- Medical attention is sought after a period of delay when the fracture has caused symptoms such as swelling, pain or loss of movement
Rib fractures are only caused in major trauma such as in a road traffic accident, a severe shaking injury or a direct injury such as a kick.

Skull fractures are uncommon in ordinary falls, i.e. from three feet or less. The injury is usually witnessed, the child will cry, and if there is a fracture, there is likely to be swelling on the skull developing over 2 to 3 hours. All fractures of the skull should be taken seriously.

**Mouth Injuries** - Tears to the frenulum (tissue attaching upper lip to gum) often indicates force-feeding of a baby or a child with a disability. There is often finger bruising to the cheeks and around the mouth. Rarely, there may also be grazing on the palate.

**Poisoning** - Ingestion of tablets or domestic poisoning in children under 5 is usually due to the carelessness of a parent or carer, but it may be self-harm even in young children.

**Fabricated or Induced Illness** - Professionals may be concerned at the possibility of a child suffering significant harm as a result of having illness fabricated or induced by their carer. Possible concerns are:

- Discrepancies between reported and observed medical conditions, such as the incidence of fits
- Attendance at various hospitals, in different geographical areas
- Development of feeding/eating disorders, as a result of unpleasant feeding interactions
- The child developing abnormal attitudes to their own health
- Non-organic failure to thrive - a child does not put on weight and grow and there is no underlying medical cause
- Speech, language or motor developmental delays
- Dislike of close physical contact
- Attachment disorders
- Low self-esteem
- Poor quality or no relationships with peers because social interactions are restricted
- Poor attendance at school and under-achievement
**Bite Marks** - Bite marks can leave clear impressions of the teeth when seen shortly after the injury has been inflicted. The shape then becomes a more defused ring bruise or oval or crescent shaped. Those over 3cm in diameter are more likely to have been caused by an adult or older child. A medical/dental opinion, preferably within the first 24 hours, should be sought where there is any doubt over the origin of the bite.

**Burns and Scalds** - It can be difficult to distinguish between accidental and non-accidental burns and scalds. Scalds are the most common intentional burn injury recorded. Any burn with a clear outline may be suspicious, e.g. circular burns from cigarettes, linear burns from hot metal rods or electrical fire elements, burns of uniform depth over a large area, scalds that have a line indicating immersion or poured liquid. Old scars indicating previous burns/scalds, which did not have appropriate treatment or adequate explanation. Scalds to the buttocks of a child, particularly in the absence of burns to the feet, are indicative of dipping into a hot liquid or bath.

The following points are also worth remembering:

- A responsible adult checks the temperature of the bath before the child gets in.
- A child is unlikely to sit down voluntarily in a hot bath and cannot accidentally scald its bottom without also scalding his or her feet.
- A child getting into too hot water of his or her own accord will struggle to get out and there will be splash marks.

**Scars** - A large number of scars or scars of different sizes or ages, or on different parts of the body, or unusually shaped, may suggest abuse.

**Emotional/behavioural presentation**

- Refusal to discuss injuries
- Admission of punishment which appears excessive
- Fear of parents being contacted and fear of returning home
- Withdrawal from physical contact
- Arms and legs kept covered in hot weather
- Fear of medical help
- Aggression towards others
- Frequently absent from school
- An explanation which is inconsistent with an injury
- Several different explanations provided for an injury

**Indicators in the Parent**

- May have injuries themselves that suggest domestic violence
- Not seeking medical help/unexplained delay in seeking treatment
- Reluctant to give information or mention previous injuries
- Absent without good reason when their child is presented for treatment
- Disinterested or undisturbed by accident or injury
- Aggressive towards child or others
- Unauthorised attempts to administer medication
- Tries to draw the child into their own illness
- Past history of childhood abuse, self-harm, false allegations of physical or sexual assault
- Parent/carer may be over-involved in participating in medical tests, taking temperatures and measuring bodily fluids
- Observed to be intensely involved with their children, never taking a much-needed break, nor allowing anyone else to undertake their child’s care
- May appear unusually concerned about the results of investigations which may indicate physical illness in the child
- Wider parenting difficulties may (or may not) be associated with this form of abuse
- Parent/carer has convictions for violent crimes

**Indicators in the family/environment**

- Marginalised or isolated by the community
- History of mental health, alcohol or drug misuse or domestic violence
- History of unexplained death, illness or multiple surgery in parents and/or siblings
- Past history of childhood abuse, self-harm, false allegations of physical or sexual assault or a culture of physical chastisement

2 **Emotional Abuse**

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child’s emotional development. It may involve conveying to children that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person.

It may include not giving the child opportunities to express their views, deliberately silencing them or ‘making fun’ of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child’s developmental capability, as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyber-bullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

3 Neglect

Neglect is the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

• provide adequate food, clothing and shelter (including exclusion from home or abandonment);
• protect a child from physical and emotional harm or danger;
• ensure adequate supervision (including the use of inadequate care-givers); or
• ensure access to appropriate medical care or treatment
• may also include neglect of, or unresponsiveness to, a child’s basic emotional needs.

• Lack of opportunities for child to play and learn

4 Sexual Abuse

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.

Activities may involve physical contact, including assault by penetration (for example, rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing.

They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet).

23. Appendix D - when a child discloses about another child

All Wales Child Protection Procedures 2008

Box 2 Page 42 AWCPP 2008

What to do if a Child tells you that they or another young person is being abused?

- Show the child that you have heard what they are saying, and that you take their allegations seriously

- Encourage the child to talk, but do not prompt or ask leading questions. Don’t interrupt when the child is recalling significant events. Don’t make the child repeat their account

- Explain what actions you must take, in a way that is appropriate to the age and understanding of the child

- Do not promise to keep what you have been told secret or confidential, as you have a responsibility to disclose information to those who need to know. Reporting concerns is not a betrayal of trust

- Write down as soon as you can and no later than 24 hours what you have been told, using exact words, if possible

- Record and Report your concerns to the Child Protection Officer. Do not delay

- Ask the Child Protection Officer what action he intends to take and record the response. If you are not satisfied with the action taken, consult with Social Services

- Do not worry that you may be mistaken. You will always be taken seriously by social services. It is better to have discussed it with somebody with the experience and responsibility to make an assessment

- Do not confront the alleged abuser (may be a young person themselves)

- Make a written note (See separate sheet) including what you did and the response that you received e. g. from Child Protection Officer and record any follow up considerations, decisions and actions that you may take

- Review any action taken - RECORD, REPORT AND REVIEW
Factual observations to include child’s comments verbatim:

**Child’s Comments**
What did they actually say, quote their words, do not put asterisk instead of swear words or difficult words. Use actual words if you can remember or state that they were similar words used and that you are being approximate

**Situation and Task**
Where was the incident, what was the child supposed to be doing, was this usual task/situation for the child to be in, was this something that the child would not have experienced before. Were clear instructions given?

**Others present**
How many other children were present, were any involved, what was their contribution to the incident?

**Environmental Factors**
Was there anything about the child’s physical surroundings that affected their behaviour?

**Other adults present**
Do you need to cross-reference your account of the incident with anyone else’s?

**Adult’s Comments**
What words were actually spoken to the child at the end of the incident/event?

**Written Record**
Record the Time, Day and Place of the incident, any disclosure and the time that the notes were made. Recordings must be:

- **Timely** - As soon as possible and within the same working day and if a child protection concern or referral as soon as practicably possible.

- **Factual** - Do not record your opinion - imagine that you are a video camera watching the incident, and write a narrative that is descriptive but not over complicated.

**Event/Incident Conclusion**
How did the matter end, what was the child’s behaviour like at the end of and after the incident? Describe your follow up actions e.g. informed the Child Protection Officer and provide him/her with my notes of the incident. Where appropriate, provide a rationale for your decision.

**Note:** Not all items above will be relevant for all recordings, just be mindful of the headings and record information that is available, do not feel compelled to ‘tick every box’
24. **Appendix E - Steps to take where a child is to be spoken with to ascertain whether a child protection concern exists**

Subject to any expressions of opinion by the Welsh Government in revised guidance, Child Protection Officers are advised to take the following steps where a child is to be spoken to in order to ascertain whether a child protection concern exists:

1. The child should be offered the opportunity to have support from an adult of their choice at the meeting (“The Accompanying Adult” or “AA”), whether it is a member of school staff or a parent or other relative.

2. The child’s wish should normally be respected if it is practicable to comply with it (or unless the adult named is involved in some way in the concern being investigated). If it is not feasible to have that adult present, the child should be invited to nominate another adult. If the child does not feel able to make a choice, the COP should suggest someone appropriate.

3. As stated above, the AA should be told of the purpose of the meeting in advance and be given a chance to discuss matters with the pupil. The AA should make it clear that he/she is there to support and advise the pupil, but should not promise that discussions between the pupil and him/her will be kept confidential, as there may be situations in which the AA is told matters that must be made known to the CPS, social services or the police.

4. The AA should be made aware that he/she should not hesitate to intervene on behalf of the pupil if any aspect of the meeting is considered inappropriate.

5. The AA should speak to the pupil after the meeting to seek to provide reassurance and support.
25. **Appendix F - Steps to take when meeting with a young person to ascertain whether the (HSB) Harmful Sexual Behaviour protocol applies or a sexual relationship present a risk of harm to them**

Subject to any expressions of opinion by the Welsh Government in revised guidance, Child Protection Officers are advised to take the following steps when speaking to a young person in a safeguarding and child protection context:

1. Consideration needs to be given as to whether the meeting is appropriate under the applicable guidance and what its objective is.

2. Consideration needs to be given to whether the pupil is likely to be vulnerable and any particular support needs identified.

3. The number and identity of adults present at the meeting should be considered, and consideration given to whether their presence is necessary.

4. Consideration should be given to ensuring that the location of the meeting ensures sufficient privacy and confidentiality.

5. Before the meeting starts, the pupil and any Accompanying Adult should be informed of the purpose of the meeting and the pupil given an opportunity to speak to an Accompanying Adult before the meeting starts. The pupil should be told that he/she can speak to the Accompanying Adult at any time.

6. The pupil should be asked about matters in a sensitive way and invited to give an account. They should not be put under any pressure to do so.

7. If at any stage it becomes clear that a formal referral to social services or the police needs to be made, the meeting must stop.

8. Advice may need to be given to the pupil about how to conduct themselves in the future. Such advice should be given in a sensitive non-judgmental way.

9. The meeting should conclude with reassurance being given to the pupil.

A full record should be made by the Child Protection Officer of the meeting.

**Information Sharing**

7 Golden Rules for Information Sharing

1. Remember that the Data Protection Act is not a barrier to sharing information but provides a framework to ensure that personal information about living persons is shared appropriately.

2. Be open and honest with the person (and/or their family, where appropriate) from the outset about why, what, how and with whom information will or could be shared, and seek their agreement unless it is unsafe or inappropriate to do so.

3. Seek advice if you are in any doubt, without disclosing the identity of the person where possible.

4. Share with consent where appropriate and where possible respect the wishes of those who do not consent to share confidential information. You may still share the information without consent if in your judgement that lack of consent can be overridden in the public interest. You will need to base your judgement on the facts of the case.

5. Consider safety and well-being: Base your information-sharing decisions on considerations of the safety and well-being of the person and others who may be affected by their actions.

6. Necessary, proportionate, relevant, accurate, timely and secure: Ensure that information you share is necessary for the purpose for which you are sharing it, is shared only with those people who need to have it, is accurate and up to date, is shared in a timely fashion and is shared securely.

7. Keep a record of your decision and the reasons for it – whether it is to share information or not. If you decide to share then record what you have shared, with whom and for what purpose.

   - Advice and Support
   - Evaluation and Effectiveness
1. Introduction

The purpose of this strategy is to provide the framework for safeguarding training, support and advice services for schools and education services in Denbighshire. This is determined by the legal framework and statutory guidance, the Regional Safeguarding Children Board business plan objectives and in accordance with the terms of reference of the RSCB set together with the recommendations set out in the safeguarding review commissioned in March 2014 by the then Head of Education Services.

The Safeguarding Children, and Safer Recruitment practice states that the Local Authority has a duty to provide support which ensures that schools are aware of their responsibilities for safeguarding children, monitor their performance, make available appropriate training, model policies and procedures, provide advice and support, and facilitate links and cooperation with other agencies statutory and non-statutory services.

In Denbighshire this support is provided by one Education Safeguarding Officer employed by Education and Children Services with a primary focus to keep children safe by contributing to:

- Creating and maintaining a safe learning environment for children and young people
- Identifying where there are child welfare concerns and taking action to address them, where appropriate, in partnership with other agencies, and
- the development of children’s understanding, awareness and resilience through the curriculum.

2. National Context and Guidance

Training

The Education Act 2002 section 175 for maintained schools states

“Local Education Authorities and the governing bodies of maintained schools and FE colleges to make arrangements to ensure that their functions are carried out with a view to safeguarding and promoting the welfare of children”

“Everyone in the education service shares an objective to help keep children and young people safe by contributing to:

Providing a safe environment for children and young people to learn in education settings, and
Identifying children and young people who are suffering or likely to suffer significant harm taking appropriate action with the aim of making sure they are kept safe both at home and in an education setting.”

To equip staff to fulfil the above requirements the guidance sets out the training expectations on school staff. All staff who work with children in schools and governors of schools, should undertake training on safeguarding children that will enable them to fulfil their responsibilities in respect of child protection effectively and that suitable refresher training to keep staff knowledge and skills up to date is also available. These staff should have refresher training every year.

This Safeguarding training must go beyond staff attendance at training organised in the future to a position which enables education and schools in Denbighshire to assess the staff through comprehensive training programmes. This training will ensure both education and schools meet their duties to safeguard and promote the welfare of children. (Section 175) of the Education Act 2002

Schools also contribute through the curriculum by developing children’s understanding and awareness and resilience. Estyn inspect against the extent to which schools fulfil their safeguarding responsibilities. In schools how effectively the safeguarding of learners is promoted, is a limiting grade on overall effectiveness. Creating a safe learning environment means having effective arrangements in place to address a range of issues.

These include child protection arrangements, pupil health and safety, bullying, school security, tackling drugs and substance misuse and having in place the opportunity for children to discuss their concerns with well trained staff who understand the safeguarding agenda.

Advice and Support

Keeping Learners Safe 158/ 2015 Keeping Learners Safe Welsh Government guidance (158 /2015) current circular states that the Local Authority should ensure provision of:

- Model policies and Procedures
- Advice and support on safeguarding
- Facilitate links and co-operation between agencies
- Advice and support for designated staff dealing with individual cases
- Staff who can act by using “professional judgements” to resolve any difficulties
- Support for those with designated lead for “safeguarding” and to encourage and foster a good understanding and working relationship between them, children services social workers, and staff in other agencies involved in safeguarding children to develop effective partnership working
Evaluation and Effectiveness

Keeping learners safe 158/2015 states:-

“The local authority should monitor the compliance of maintained schools with this guidance, in particular in regard to the existence and operation of appropriate policies and procedures and the training of staff, including the senior person with designated responsibility for child protection. Bring any deficiencies to the attention of the governing body of the school and advise the action needed to remedy them “

“work to ensure that organisations working or in contact with children, operate recruitment and human resources practices that take account of the need to safeguard and promote the welfare of children “

3. Training

Whole School Staff Training

On- line

Two options are available to schools from September 2017 these are:

E- Learning Training (Educare Ltd) – Please contact the Administrator in your school

HWB Welsh Government (on- line) Safeguarding training modules:

https://hwb.wales.gov.uk/resources/resource/65cf3917-fe44-4f34-9df6-ff7eba11e6f6
https://hwb.wales.gov.uk/resources/resource/0b7409c9-3dce-4d43-80ea-36ee57c28535
https://hwb.wales.gov.uk/resources/resource/9e82bdf6-02bb-4230-a113-8ab0f864e046

Schools will have the choice to implement which ever e- learning programme they choose of the two recommended by Denbighshire County Council. This training must be implemented across the whole school staff group on an bi -annual basis.

The training programmes are modula based learning which provides an assessment of the staff members understanding and score assessment at the completion of the training.

All staff must attain over a 75% pass mark on both the Educare and HWB programmes to successfully complete the training. This information forms part of the evaluation the school management team will be able to access and action where further training needs of individual staff are identified.

Staff who do not attain the pass / grading may be required to:

- Complete the training programme for a second time.
- Complete particular modules only.
- Require specific training provided by school on the training programme i.e. 1 to 1 support / group training needs.
- Referral to HR where the individual staff member is unable to pass the statutory training requirement for the post.

4. Thematic Training needs identified for 2017/18

Training

Specific advice in relation to commissioning training in response to current feedback from Headteachers and School Designated Safeguarding leads in schools will be provided in the following areas.

- Child sexual exploitation (CSE) for school staff what does this mean for Denbighshire schools feedback from workshops organised for Academic Year 2017/18
- Children Missing Education how better can we work together to reduce risk and monitor these cases using the SIMS lost children database?
- Managing challenging situations with parents in relation to safeguarding supported by specific advice by the EWO service and Legal Services.
- The voice of the Child - Training for identified staff who attend conferences, reviews daily contact with support to children in schools.
Advice and Support

- We will be proactive in using information provided in Estyn reports for those schools that have a lower rating on safeguarding. This will include offering support to those schools in post action plans to address the issues highlighted in the inspection reports of the school.

- We will as part of the helpdesk enquiries from schools and education services log the advice given and actions taken from these contacts.

Evaluation and Effectiveness

- The safeguarding audit will be reviewed to reflect any changes in guidance, together with any review of safeguarding by external consultants commissioned by education and annual report to the North Wales Regional Safeguarding Children Board.

- Information from the audit will be fed in to the section 28 audit provided to the NWRSCB in respect of all agencies who work with children in Denbighshire on their effectiveness in safeguarding children.

- Effectiveness of training provision – evaluation forms are completed at the end of each training delivery and the information will continue to be reviewed on an annual basis in addition to any immediate response that can be implemented.

- This provides useful information for the continual review of the training strategy and any changes to the training plan.

- The feedback from the evaluation forms will be included in the annual report to the North Wales Regional Safeguarding Children Board.

There will be regular flow of information between the two teams regarding vulnerable families. However, if an enquiry or referral relates to both children and adults then it would be helpful to copy any emails to both addresses.

WHAT IS SAFEGUARDING?
Keeping **YOU** safe and happy

If **YOU** are worried about anything; OR if **YOU** have a secret that makes **YOU** upset
**YOU** will never get in to trouble for sharing YOUR worries

• **YOU** can talk to any adult in school who **YOU** trust; they will listen and help **YOU**.
• Sometimes they will have to tell someone else if **YOU** are at risk of harm.

If **YOU** cannot speak to someone in school, **YOU** can always talk to a friend, family or any adult that **YOU** trust, or **YOU** can contact Childline

**WHAT IS SAFEGUARDING?**

Safeguarding is:
- To protect **YOU** from abuse and harm
- To promote **YOUR** welfare and care
- Is everyone’s responsibility

If **YOU** are concerned or worried about anything that is going on in **YOUR** life or anyone else’s:
- **YOU** can talk to ANY adult in school who **YOU** trust.
- **YOU** will be listened to.
- They will work with **YOU** to agree what action is needed.

- **YOUR** discussion will be confidential.
- But, if **YOUR** life or someone else’s life is in danger; if **YOU** are being hurt; or if **YOU** are harming another person...
- This might mean that they have to work with other professionals to keep **YOU** safe e.g. school nurse.

If **YOU** cannot speak to someone in school, you can always talk to a friend, family or any adult that **YOU** trust, or you can contact Childline
