

# J10 Multi-Purpose Mini Rewinding Machine

- Digital Length Counter
- D/C motor driven rewinding shaft provides variable speed control

- ***Ideal for:***
- ***Producing sample rolls***
- ***Rewinding poorly tensioned rolls or***
- ***Rewinding collapsed/damaged cores onto new cores***

## Specifications standard machine:

Maximum diameter unwind	16" (405mm)
Maximum width unwind	9" (225mm)
Maximum diameter rewind	6" (150mm)
Maximum width rewind	9" (225mm)
Paper core inside diameter	3" (76mm)
Grip of core I/D	Mechanical Adjustment

Options: Other shaft sizes available on request
