\$49⁹⁵
each

Fuel Door Cover gives your truck the style and elegance of a luxury model without the high cost of a billet replacement. Designed to withstand harsh conditions, this cover installs securely with 3M™ tape, included. Fuel Door Cover requires no drilling or cutting and installs in seconds!

Say Hello to Air Pillows!

We've switched from Peanuts to Air Pillows, providing better product protection and less impact on the environment.

lmctrucklife.com

It's 4 degrees outside, and I've been told by my lovely catalog director that I need to write a letter for the spring catalogs, since I am at deadline. I thought it was only fair to talk about the improvements we are making to our catalogs. Some of the changes have appeared in the catalogs you have received and some will appear in the next edition.

Starting at the front of the catalogs, we changed the indexes for faster and easier searching of the product you are looking for. We changed the flow of our catalogs to emphasize the in-demand products (but we want you to look at the whole thing—we're always adding new products wherever we can!). We reduced the copy to focus more on features and benefits and to allow for larger images. And we are removing the suggested list price and just putting in our selling price. We think these changes make the catalogs cleaner and easier to read.

We installed some new equipment in our shipping department that helps us ship parts in the most cost effective method. Our shippers (with the exception of USPS) moved to a dimensional weight method this year. This would have caused us to increase our shipping prices substantially, but we have been able to avoid that by investing in this equipment.

We are also busy working on our Chop Cut Rebuild K10 project. Watch for a "Name the Truck" contest. The winner will receive a LMC Truck gift card.

We are going to be running a series of contests this year, and you can win gift cards or a chance to have your truck featured in our next series of videos. Watch your emails or our Facebook page for contests and rules. (The attorneys say I have to have rules!)

Thanks for letting us be a part of your truck journey.

How to Use this Catalog

Example: Wiper Blades

PART	ILL#	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
47-3991	(1)	WIPER BLADE F150 F250 97-08	(2)	8.69	6.95

Please Note: Product drawings are only representations. Products supplied may vary from illustrations in this catalog.

ALL ITEMS ARE PRICED EACH IN THIS CATALOG.

"Kit" means the components that are required to do a replacement for one part, check required column. "Set" means a number of parts that complete one truck.

Explanation of policies is on pages 120 and 121.

Listing Explanation:

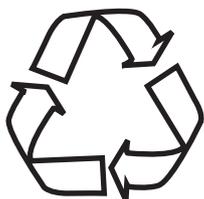

- PART:** The part number you order, i.e. #47-3991.
- ILL #:** Illustration reference number, i.e. (1) is the Wiper Blade.
- DESCRIPTION:** Name of part, i.e. Wiper Blade.
- APPLICATION:** Model and year part fits, i.e. F150 F2501997-08.
- REQD:** Quantity of the part required for one truck, i.e. two (2) Wiper Blades are required for one truck.
- LIST:** Suggested national list price, \$8.69.
- SELL:** The low price you pay for one part, i.e. Wiper Blade is \$6.95, making your total net cost \$13.90 + Delivery & Handling for two Wiper Blades required for one truck.

Part Number Definitions

- T** After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.
- Z** Remanufactured Part - Core charge will be applied then refunded after receipt of a rebuildable core.
- R** Remanufactured Part - No core charge.
- *** After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

We Care for You and Our Environment

LMC TRUCK is making a concentrated effort to provide safe delivery and keep the environment as clean as possible. We use a polystyrene "peanut" as pack fill. It is photodegradable - which means that it will disintegrate in the sun, not in a landfill. It has been produced without ozone depleting chlorofluorocarbons.

Codes have been given to identify recycling processes, check with your recycling center to see if they accept polystyrene code 6. If this "peanut" is not recycled and is sent to a landfill, it's still environmentally safe.

You may have noticed that some of your packing materials do not have our company name and logos printed on them; we use other boxes that have misprints or are overruns to help control waste and packing cost. **LMC TRUCK** is helping you and our environment.

How to Read this Catalog

Part Number Example

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
47-0059	HEADLIGHT SWITCH-W/KNOB "A" F150	00-03 (1)	124.94	99.95

The application line states that this part, **#47-0059**, fits F150 models only 2000-03.

On the description line of part you see "A", this means there is a special note about this particular part.

At the bottom of the page the part appears on you will find a shadow box that will describe to you what the special note for this part is.

Note: "A" For models without fog lights and with automatic headlights.

Example: This note is telling you that this part, **#47-0059**, will fit models without fog lights and with automatic headlights.

If You Can't Find the Part You Need in this Catalog, Here's What You Should Do:

- Check the CLASSIFIED LISTINGS of your local NEWSPAPER (usually the Sunday issue is best) for trucks being "parted out" (sold in pieces).
- Check local SALVAGE YARDS. Even if they do not have a truck like yours on hand, most salvage yards have access to a communication network which connects them to other salvage yards in your region of the country. Don't hesitate to ask them if you may use it.
- Check local BODY SHOPS and GARAGES for parts accumulations they may have built up over the years. You might get lucky!
- Check local WELDING and MACHINE SHOPS to see if they might be able to MAKE the part you need.

LMC TRUCK is in no way affiliated with the Ford Motor Company nor do we intend to imply that. The name Ford is used for reference only.

Applications listed in this catalog are based on original factory information. However, variances will occur due to non-documented substitutions, and changes made during the vehicle's production.

How to Read this Catalog

Throughout this catalog, the application line of the part number describes which model of Ford Truck that particular part will fit. The models this catalog covers are Ford F150 and F250. Here is an example of what each word and number that appears on the description line stands for:

Although all New F150 trucks were introduced in 2004, the previous generation trucks were still available; known as the "Heritage" models. The photos below illustrate the visual difference between the two models.

Abbreviations

To help make your ordering easier, here is a list of the terms and abbreviations used throughout this catalog.

- T Ships Truck Freight
- Z Remanufactured
- R Remanufactured No Core

- 3 SPD** 3 Speed Manual Transmission
- 4 SPD** 4 Speed Manual Transmission
- 4WD** 4 Wheel Drive
- 6V** 6 Volt
- 12V** 12 Volt

- A/C OR AC** Air Conditioning
- A/R** As Required
- ASSY** Assembly
- AT or A/T** Automatic Transmission
- AUTO** Automatic Transmission
- BBL** Barrel
- CID** Cubic Inch Displacement
- COL** Column
- COMPL** Complete
- CYL** Cylinder
- FR** Front
- FRNT** Front

- HD** Heavy Duty
- HP** Horse Power
- KIT** Multiple Pieces
- LB** Pound
- LH** Left Hand (Driver)
- LWR** Lower
- MT or M/T** Manual Transmission
- OD** Outer Diameter
- OE** Original Equipment
- PC** Piece
- PNL** Panel
- PS** Power Steering
- PWR** Power
- REMAN** Remanufactured
- REPRO** Reproduction
- REQD** Required
- RH** Right Hand (Passenger)
- RR** Rear
- SECT** Section
- SET** Complete Truck Set
- SPD** Speed
- SPK** Spoke

- SS** Stainless Steel
- STL** Steel
- STNLSS** Stainless Steel
- STD** Standard
- SUPRT** Support
- TRANS** Transmission
- W/** With
- W/O** Without
- WNDW** Window

Color Suffixes

- BL** Black
- BG** Burgundy
- BN** Brown
- GN** Green
- GR** Gray
- LL** Blue
- OW** Off White (Parchment)
- RD** Red
- SD** Saddle
- WH** White

Gift Cards Now Available

Call (800) 562-8782 to Order

Available for \$25 - \$50 - \$75 - \$100

- Gift Cards are the perfect gift to ensure you are giving exactly what they want!
- Gift Cards don't expire.
- Now with FREE Ground Delivery... Second Day and Next Day air delivery are available with additional charges.
- Orders must be pre-paid. Orders received before 3:00 p.m. Central Time will ship same day.
- Gift Cards can now be redeemed through the mail or by phone.

8 CHASSIS AND ENGINE IDENTIFICATION

Vehicle ID Number

The VIN plate is mounted on the driver's side of the instrument panel and is visible through the windshield.

Tech Tip

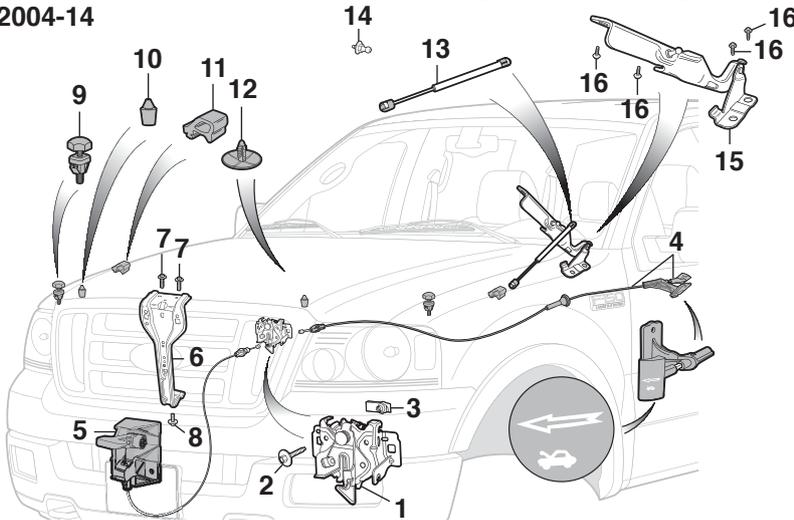

Always replace lift struts in pairs to prevent twisting caused by uneven loads.

Signs of strut failure are: hood will not stay in the full open position, especially in cold weather, and difficulty in lifting the hood.

Tech Tip

Always replace lift struts in pairs to prevent twisting caused by uneven loads.

Signs of strut failure are: hood will not stay in the full open position, especially in cold weather, and difficulty in lifting the hood.

Underhood Lamp Kit

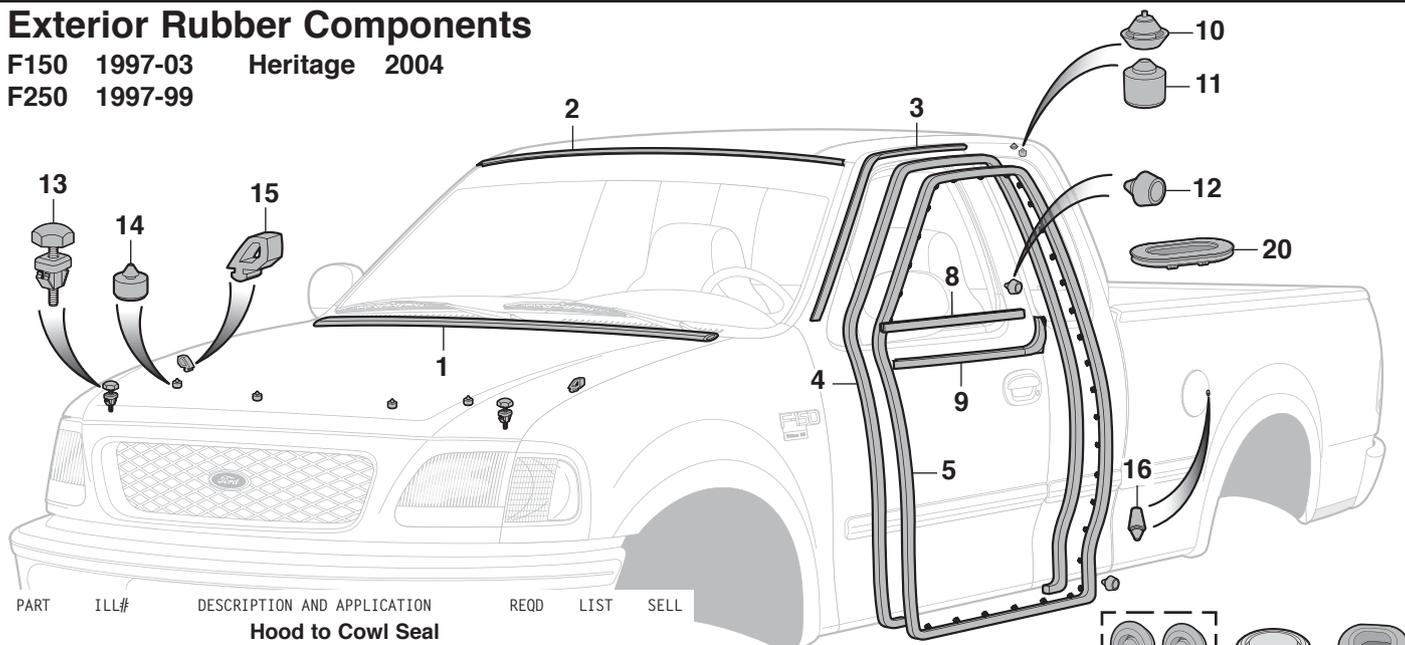

Installation Tip: Since all hoods and mounting locations are different, a slight adjustment to the mounting bracket may be needed to assure the light goes out when the hood is closed. After the mounting bracket and wires have been installed, apply pressure to the mounting bracket to change the angle as needed.

This Underhood Lamp Kit adapts to any 12 volt truck and helps illuminate your engine bay. Necessary installation hardware is included with lamp. No need for wiring to a switch, bulb socket base is gravity activated, lamp comes on when the hood is raised and goes out when lowered. Mount underneath hood and connect lamp wire to any constant hot vehicle wire. Moisture proof in-line fuse is integrated into wire for your protection.

POR-15 Restoration Products

POR-15 is a high-performance rust preventative black paint designed to extend the life of new and rusted metal surfaces. It dries to a rock-hard, non-porous semi-gloss finish that will not rust, chip, crack or peel.

Dries in 2 to 5 hours; body fillers and paint can be applied over POR-15. For maximum effectiveness, degrease metal surfaces with Marine Clean, then prime with Metal-Prep.

Approximate product coverage:
1 pint = 48 sq. ft.; 1 quart = 96 sq. ft.

PART	DESCRIPTION	LIST	SELL
37-8411	POR-15 BLACK PAINT-1 PINT	39.94	31.95
37-8412	POR-15 BLACK PAINT-1 QUART	62.44	49.95

Metal-Prep provides adhesion for POR-15 on any metal surface. Gently etches metal, neutralizes rust and creates an ideal anchor for coatings such as POR-15, while leaving a zinc phosphate finish to ensure chemical bonding of paint and steel. Metal-Prep must

be used on galvanized metal, aluminum, stainless steel and smooth, polished or new metal surfaces prior to applying POR-15. Metal-Prep is water-based so it is not caustic, corrosive, toxic or flammable.

37-8415	METAL-PREP	1 QUART	21.19	16.95
37-8416	METAL-PREP	1 GALLON	43.69	34.95

High Temp Paint is an extreme temperature finish that maintains color without burning off or discoloring on manifolds and headers. Withstands high temperatures up to 1200°F and resist cracking, chipping and peeling. It is weather-, salt- and moisture-resistant. Available in gray or aluminum color; can be brushed or sprayed on. Recommend sandblasting for optimal surface preparation.

Approximate coverage: 8 oz. covers a set of big block V8 headers with two coats.

PART	DESCRIPTION	LIST	SELL
37-8484	HIGH TEMP PAINT-GRAY 8 OZ	23.69	18.95
37-8485	HIGH TEMP PAINT-ALUM 8 OZ	23.69	18.95

Marine Clean cleans and degreases in one application without messy residues, noxious fumes or flammable solvents. Removes grease, oil, mildew, algae, musty odors, soap films and wax from canvas, vinyl, plastics, nylon, wood, fiberglass and all metal surfaces.

Marine Clean should be used as a surface prep prior to using Metal-Prep and POR-15.

PART	DESCRIPTION	LIST	SELL	
37-8413	MARINE CLEAN	1 QUART	14.94	11.95
37-8414	MARINE CLEAN	1 GALLON	28.69	22.95

Bed Liner is a water-based, rubberized coating ideal for protecting truck beds, and all other metal, aluminum, fiberglass and wood surfaces exposed to impacts and scuffs. It is UV stable and offers superior adhesion, impact resistance and flexibility. Features a textured semi-gloss black finish for good looks. Prior to application, surfaces should be degreased with Marine Clean and metal surfaces should be treated with Metal Prep. Bed Liner can be applied over POR-15.

Shortbed trucks - 1 gallon for two coats on bed floor, sides and tailgate. Longbed trucks need an additional quart.

Approximate product coverage:

1 quart = 25-30 sq. ft.; 1 gallon = 100-120 sq. ft.

37-8480	BED LINER	1 QUART	36.19	28.95
37-8481	BED LINER	1 GALLON	137.44	109.95

Fuel Tank Sealer coats the inside of your tank to stop rust and seal pinholes and weld seams. It's a non-porous, flexible film that is resistant to all fuels, alcohols and fuel additives. This environmentally

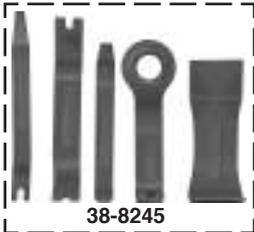

safe sealer does not contain the harmful chemical Methyl Ethyl Ketone (MEK) and is non-flammable. Marine Clean and Metal-Prep must be used to prep fuel tank prior to using fuel tank sealer.

Approximate product coverage:

1 pint = to 12.5 gal tank; 1 quart = to 25 gal tank

37-8488	FUEL TANK SEALER	1 PINT	29.94	23.95
37-8489	FUEL TANK SEALER	1 QUART	51.19	40.95

Panel and Trim Removal Tool Set

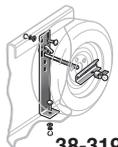

38-8245

A softer approach to working on delicate interior and exterior parts. This 5-piece Panel and Trim Removal Tool Set can be used to remove interior and exterior trim, fasteners, moldings and panels. Constructed of heavy-duty plastic to provide strength and flexibility for the toughest of jobs, yet they will not mar or damage the parts or surrounding finish. Call or go online and order yours today!

Hand Riveter Set

38-1239

The Hand Riveter Set works great for body clips, door components, ID plates and sheet metal repairs. Comes with four nosepieces (3/32", 1/8", 5/32" and 3/16") and a wrench inside the gun's handle. 60 blind rivets included.

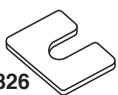

38-1289

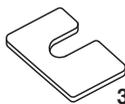

The Heavy-Duty Hand Riveter Set features extra long handles to give you more leverage setting rivets. A collection bottle keeps the workplace safe and clean. Includes 3/32", 1/8", 5/32", 3/16" nosepieces, plus 1/4" for larger projects like installing brackets and window regulators. Comes with a wrench and 50 blind rivets.

Steel Body Panels and What to Expect

LMC Truck inspects each piece of sheet metal shipped and takes careful steps to package your parts so there is no damage during shipping. Due to the nature of the product, sheet metal is easily damaged and scratches, dents, dings and other imperfections are normal and not considered damaged. These kinds of imperfections should be expected and can be easily fixed during installation and the paint preparation, sanding and priming stages of your restoration. It is recommended you inspect all sheet metal that is delivered to you before the delivery driver leaves. Test fitting of all panels before installation is recommended and the use of alignment shims and other adjustments during the install may be required.

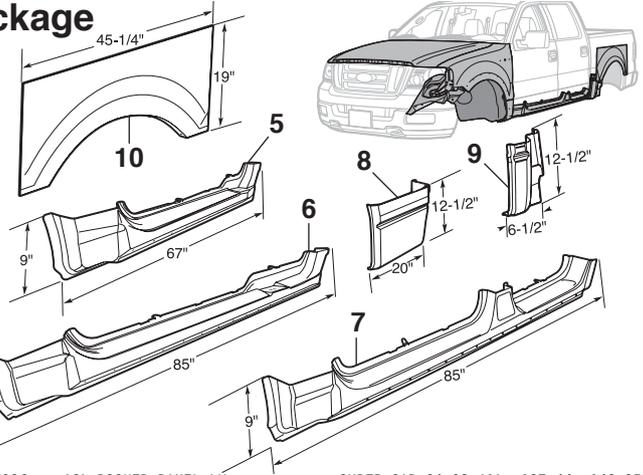

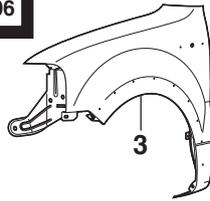

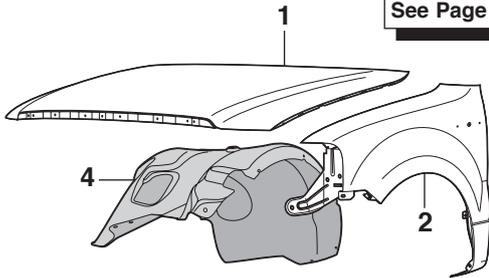

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

Toll Free - USA & Canada

SHADED
Window has a full light green tint with a dark band at the top of glass.

TINTED
Window has a full light green tint to glass.

DEEP TINTED
Window has full dark gray tint to glass.

-T after a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of the 48 states will be quoted. Additional delivery time required.

The 1997-04 Ford truck windshield and 1997-03 Ford Super Cab truck stationary side windows are attached with urethane adhesive. Professional installation is required. Contact your local glass installer for installation.

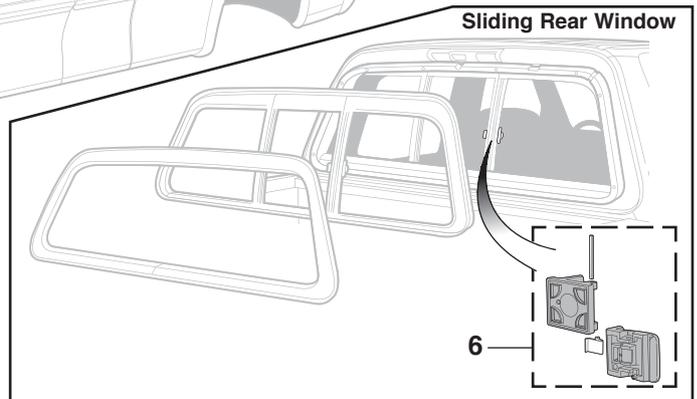

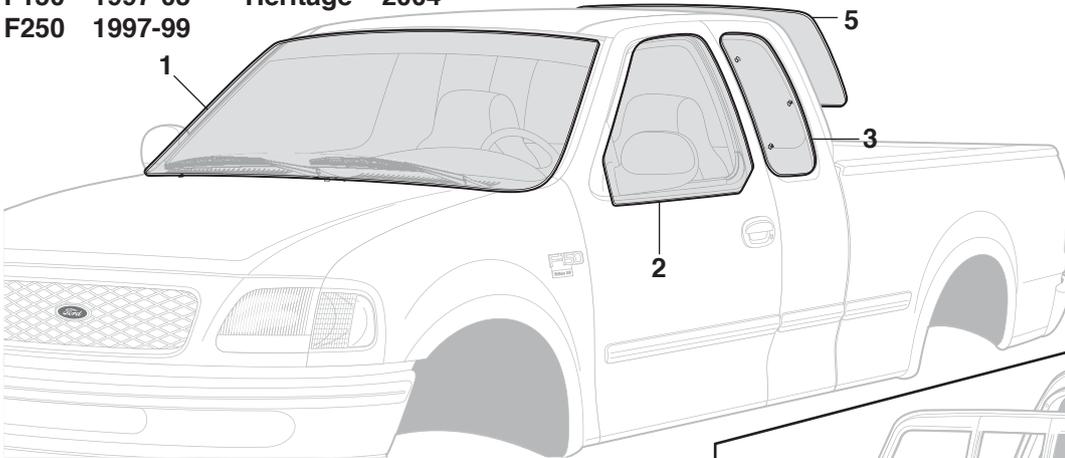

Permatex Windshield and Glass Sealant is silicone and seals windshields, windows, sunroofs and more. Flows into leaks like water but dries to form a flexible, tough, clear seal resistant to extreme temperatures, vibration, shock and most chemicals. Available in a 1.5 ounce tube.

Polyurethane Cab Mount Bushing Set

Rubber cab mount bushings have a soft and forgiving ride, but they will crush, harden and crack over time. These polyurethane bushings are specially formulated to be more durable and last much longer than rubber mounts. Polyurethane cab mount bushings are flexible enough for a smooth ride, yet will stand up to the most demanding road or trail.

Premium Chrome Bumpers

- Bumper is stamped from new tooling using OE-quality steel for strength and durability.
- Bumper is buffed and polished to achieve a smooth defect-free plating surface.
- The Triple Nickel Plating process creates a brilliant, high-quality mirror-like finish.
- 5 Year Limited Warranty on rust-through perforations.

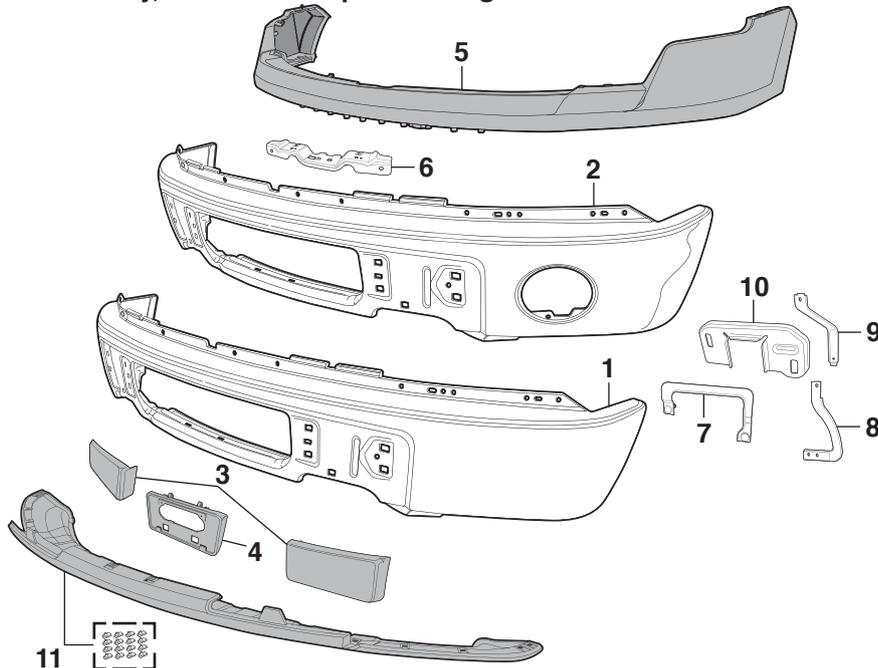

Chrome Bumper and Primer Bumper

- Bumpers used by Collision Damage Repair Shops.
- Chrome Bumper is made with a computer-controlled process assuring consistent thickness of nickel and chrome plating.
- Primer Bumper is finished with an EDP (Electro Deposit Primer) coating that offers a smooth surface for applying your favorite color to match your truck.
- Economically priced replacements for your rusty, dull, scratched and pitted bumper.
- Save money, call or go online and order your bumper today.

Fuel Pump Driver Module

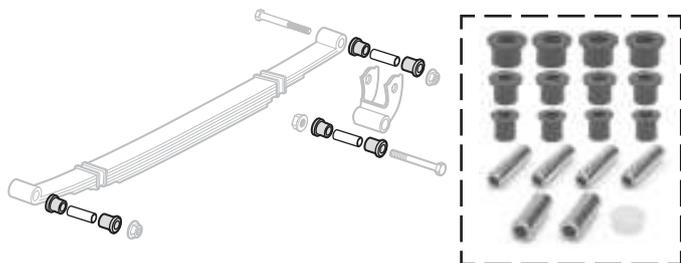

43-4770

This Fuel Pump Driver Module has been re-engineered to provide longer service life and improved fuel pump performance. The module has a powder coated finish for improved corrosion resistance and utilizes rubber mounting bushings that space the module away from the vehicle frame while providing protection against vibration. The module also features an improved microprocessor that precisely controls fuel pump pulse timing and response.

Call or go online and order yours today!

Polyurethane Sway Bar Bushing Sets

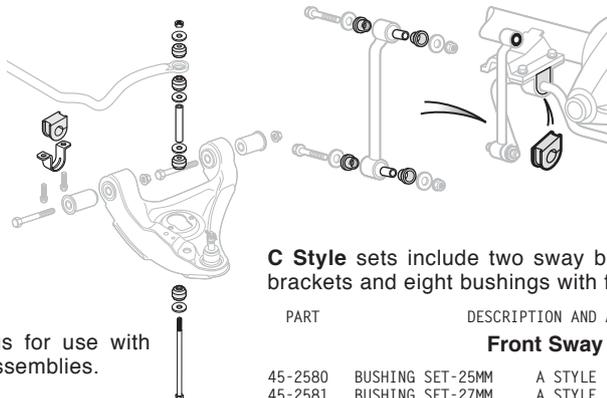

Specially formulated bushings allow your sway bars to work 100% of the time. Will not mush out or distort like original rubber. Handling characteristics improve dramatically with these polyurethane bushings. Use with your existing mounting brackets.

A Style sets include two sway bar bushings for use with existing brackets and two complete endlink assemblies.

B Style sets include two sway bar bushings for use with existing brackets only. Endlink bushings are not included.

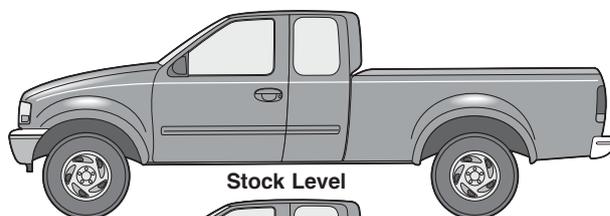

C Style sets include two sway bar bushings for use with existing brackets and eight bushings with four sleeves for endlinks.

Front Leveling Kit ... For Better Looks and Larger Tires

A Front Leveling Kit lifts the front of your truck to match the rear for an improved level height and look. Adding a Front Leveling Kit is the least expensive and easiest way to achieve the extra space you need to accommodate larger tires onto your truck. A modest front lift will still maintain the factory ride quality and won't affect your steering or suspension. Quick and easy bolt-on installation, the kit is designed to work with the original suspension so there is no need to change other components. Allows installation of up to 33" tires.

- Lifts the front to match the rear
- Maintains factory ride quality
- More clearance for larger tires
- Quick and easy bolt-on install

Multi-Purpose Heat and Sound Insulation

Uses Space Age technology to insulate against heat, cold and noise. This 4-foot x 6-foot sheet is made of 3/8" sound deadening fiber padding. Highly reflective aluminum is bonded on one side to achieve 97% reflection of radiant heat. Works great under the hood, under your carpet or rubber mat, above headliners, behind door panels, on the firewall and behind the seat. This Multi-Purpose Insulation has numerous household uses. Save on your gas and electric bills by insulating your water heater, pipes, garage doors and attic.

Use this Multi-Purpose Insulation with Sound Control Mat, sold below, for maximum sound deadening. Call or go online and order both today!

Use #38-0798 Spray Adhesive and #38-0716 Aluminum Tape or #38-0792 Weatherstrip Adhesive to easily install Insulation Material.

Sound Control Mat ... Hear and Feel the Difference

Sound Control Mat is scientifically designed to dramatically reduce noise, vibration and heat created from the engine, road and structure of your vehicle. Can be applied to any interior surface area; cover as little as 25% of an area for a noticeable reduction. Easy to cut and bend the 2mm thick sheet to conform to contoured surfaces, just peel and stick. Each sheet measures 21" x 29".

Roller ensures proper adhesion and provides a professional, smooth appearance. Features a 2" wide rubber roller with a plastic handle.

Shelf-It™ ... The Ultimate in Organized Convenience

Finally, there's an easy way to organize your truck. Shelf-It™ is ideal for storing mobile phones, sunglasses, garage door openers, maps and any other valuables you want to keep out of sight, but always within reach. It is made of heavy-duty extruded aluminum and features a durable, soft, velvet-like finish. Shelf-It™ is easy to install; simply remove your sun visors and install the mounting brackets in the existing sun visor holes. Mount Shelf-It™ to the brackets and attach the sun visors to the Shelf-It™ and you're done; no drilling required.

Molded Carpet ... Fits and Looks Like Original

Complete Truck Molded Carpet replaces all interior floor carpets. Custom pile carpet is molded from the original floor pan for a perfect fit that covers the entire floor. It's made from 100% nylon with an OE type heel pad. The heavy 36 ounce jute padding under the front passenger area helps insulate against heat and reduces road noise.

Color coordinated original style heel pad is attached.

Under Seat Storage Tray

Keep your truck organized while your tools, valuables and other loose items stay out of sight with an Under Seat Storage Tray.

The tray is molded from a dual layer material consisting of a rigid substrate for strength and a soft, textured, impact-resistant surface that reduces noise and minimizes cargo shifting. Custom fit for each application, the storage tray features large capacity bins with removable dividers to suit your cargo needs. The Under Seat Storage Tray easily installs under or behind your rear seat, requires no drilling and can be removed in minutes.

Floor Liners ... Keep Your Truck Carpet Looking Like New

Front and Center Hump Floor Liners

Protect your truck's carpet from water, snow, mud and most chemicals including gasoline, oil and battery acid. Molded for an exact fit from a patented rubberized thermoplastic material, guaranteed not to crack or break. The raised outer rim can trap up to two gallons of liquid.

The driver's side mat is equipped with an extra-thick heel pad to offer heel protection and help guard against wear in this high-use area. These liners are designed to conform to the shape of your vehicle's floor and the anti-slip back keeps the mat in place.

Cleanup is easy, too. Just wipe up small areas with a cloth or remove the mat and hose it off.

1/8" Thick Molded Industrial Polyvinyl (MIP) Floor Mats

There are times when carpeting is not the appropriate floor covering for a vehicle. If your truck spends most of its time in a cow pasture, on a construction site or playing in a mud bog, then one of these heavy-duty Molded Industrial Polyvinyl (MIP) Floor Mats is your wisest choice. 1/8" thick industrial Polyvinyl is resistant to moisture and temperature; therefore, it will not dry rot or crack and lasts years longer than rubber.

These mats are easy to clean and extremely durable. They protect your interior from water, snow, mud and most chemicals including gasoline, oil and battery acid. MIP Mats are vacuum molded from the original floor pan to cover the entire floor making installation easy. The MIP Floor Mat includes pre-cut 36 ounce jute padding under the front passenger area to provide a higher level of insulation against heat, cold and road noise.

49-5912-BL

All MIP Mats are only available in black.

Installation Tip: Allow mats to lay unfolded for 48 hours at room temperature of 72° or more to help remove creases caused by packing. Test fit prior to making any permanent installations (some trimming may be necessary).

Seat Heater Kits ... Warm Yourself Up Before Your Truck Warms Up

Seat Heaters are constructed with patented carbon fiber heating elements. Carbon fiber technology allows for quick, consistent and controlled warmth. The heating elements are paper thin and install between any seat cover material and the seat cushion. They are water-resistant and are not affected by damp clothes, spilled beverages or wet pets. Kit includes heating elements for seat back and bottom, three-way switch (Off/Low/High), pre-wired relay harness with fuse and easy-to-follow, fully illustrated instructions.

#38-2198 contains two 11" x 11" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bucket seat applications.

#38-2199 contains two 11" x 22" heater elements. (One for seat back and one for seat bottom.) Ideal for use in bench seat applications.

Order two Seat Heater Kits to ensure maximum comfort for the driver's and passenger's seats.

Look New Again ... The Easy Way !

Carpet Color Refinisher

#37-8371
Black
\$15⁹⁵

ColorBond Carpet Color Refinisher is a new way to restore soiled or worn carpet. The proprietary formula molecularly bonds to carpeting for a finished result superior to conventional carpet cleaning. Can be used to touch up spots or to complete an entire carpet color transformation. Each 12 ounce can covers approximately 7 to 10 square feet. Dries in minutes and leaves a soft, feathery finish. Any material ColorBond is applied to should be cleaned with ColorBond Prep/Cleaner to remove any build-up of dirt, grease or chemicals.

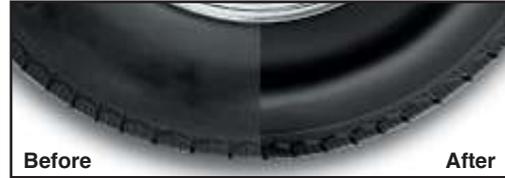

Prep/Cleaner

#37-8399
\$10⁹⁵
12 oz. Can

ColorBond Prep/Cleaner is a fast drying, non-solvent, multi-surface cleaner. It cleans and prepares the surface for use of ColorBond.

**Spitshine Tire Black ...
Bring Back the Shine**

#37-8370
\$15⁹⁵

ColorBond Spitshine Tire Black is a specially formulated paint, not a clear silicone dressing, designed to restore a military shine to faded and scuffed tires. Spitshine is not greasy or tacky like other tire dressings that attract unsightly dirt and dust.

Each 12 ounce can is easy to apply; simply clean tires of any existing dressings, silicones and dirt with ColorBond Prep/Cleaner. Then mask the wheel or rim and apply in light coats. Tires keep their shine for a minimum of two months. Simply reapply Spitshine Tire Black if you scuff your tire or just want to brighten the look.

Not for use on tires with white lettering or sidewalls.

Black Underhood Paint

#37-8367
Black
\$15⁹⁵

ColorBond Black Underhood Paint is designed to restore the finish of brackets, core supports, firewalls, heater boxes and inner fenders. Specially formulated acrylic lacquer provides the correct semi-gloss black finish for all of your underhood components. Underhood Paint withstands temperatures up to 250°F, but is not designed to be applied to your engine, manifolds or headers. Each 12 ounce can covers 6 square feet. Any material ColorBond is applied to should be cleaned with ColorBond Prep/Cleaner to remove any build-up of dirt, grease or chemicals. Call or go online and order yours today!

Look New Again ... The Easy Way!

Now You Can Be Sure All Your Interior Colors Match

ColorBond is a revolutionary compound that permanently changes the color of your interior. Simply sprays on and dries to the touch in 45 seconds, forming a complete bond in 10 minutes. The original grain pattern is never altered or hidden; no matter how many times ColorBond is applied, the grain pattern is still clearly visible. ColorBond will not crack, flake, peel or rub off from solid or flexible materials because the color becomes part of the surface.

These colors are formulated to closely match the original dash pad for the corresponding year. The dashes on some year ranges are two tone and both colors are listed in the chart for the corresponding year. Black is listed first in each chart and color codes are not listed since multiple interior color codes were used.

Just **\$15⁹⁵** each

Black #37-8375	Dark Denim Blue #42-0763 Code: R	Willow Green #42-0765 Code: S
Dark Willow Green #42-0766 Code: S	Cordovan Red #42-0767 Code: N	Medium Dark Graphite #42-0779 Code: 2

12 oz. Can

Interior Color Code

The interior color code can be found on the label affixed to either the driver's side door or driver's side door latch pillar. The two character INT TR code is the third code listed located at the bottom of the label. The first character represents the seat style and material and the second character is the interior color code. First determine your interior color code then find the code and corresponding year range on the chart listed below to order your ColorBond.

Superwhite Bulb Set Produces 30% More Light

Superwhite headlight bulbs put out up to 30% more light while retaining the street legal wattage which means more light on the road! Superwhite headlight bulbs use a proprietary mixture of premium gases that includes Xenon, whereas standard halogen bulbs use less efficient argon gas. The use of premium gases cools the light filament improving the efficiency and light output of the bulb. Superwhite headlight bulbs operate in the Kelvin color temperature range of 4000-4200K producing a brighter, white light. Traditional halogen bulbs operate at 2600-3000K which emits a more yellowish appearance. Superwhite headlight bulbs are sold in sets of two. Call or go online and order yours today!

Halogen Blue-Coated Bulbs

Halogen Bulb Tech Tip: Always handle a halogen bulb by the plastic base to prevent contaminants on the glass from shortening the life of the bulb.

For added style, replace the white halogen bulbs with halogen blue-coated bulbs. The blue-coated bulb creates an intense white light which is popular in today's new cars and trucks. Get the cool look of HID (high intensity discharge) lighting without the high price; call or go online and order yours today!

Heavy-Duty Headlight Harness

Upgrade your headlight's wiring harness for maximum light output with this Heavy-Duty Headlight Harness. If you are adding brighter bulbs or upgrading to high power halogen lights, then you need to improve your wiring to take full advantage of the extra light output.

This Headlight Harness draws power directly from your battery, whereas your original wiring draws its power from your headlight switch. This harness takes the load of switching the high current needs of upgraded headlights from your old factory switch.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
47-3662	HEAVY-DUTY HEADLIGHT HARNESS F150 F250	97-03 (1)	37.44	29.95
47-3662	HEAVY-DUTY HEADLIGHT HARNESS HERITAGE	04 (1)	37.44	29.95
36-3592	REPLACEMENT RELAY-LOW/HIGH	(2)	6.19	4.95

Not only does this prevent excessive wear on the switch, it will lessen the chance of your wires melting or catching fire.

This Heavy-Duty Harness is complete with separate relays for low and high beams and features OE style headlight sockets for easy installation with no splicing or cutting required. Call or go online and order yours today!

Not for use on models with daytime running lights.

42-1579

One-piece assembly replaces OE two-piece Headlight/Parklight.

Low Beam Light with Ion-Coated Lens
High Beam Light with LED Halo Rim

The low beam halogen light comes with ion-coated lens that adds a slight bluish light similar to Xenon or High Intensity Discharge (HID) lights, just like what is found on many of today's sports cars.

The LED Halo Rims, which circle the high beam, low beam and (5) low mounted LED lights, make these headlights truly cool. This easy upgrade will improve the style of your truck. White halogen headlight bulbs and amber parklight bulbs included.

Projector Headlight and Parklight Sets 42-1624 and 42-1625

42-1625

In addition to using a stock bulb, these lights feature a bright 65W projector light and a heavy-duty wiring harness with fuses and relays for easy installation with no splicing using your stock headlight sockets.

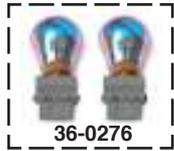

Sets Include Heavy-Duty Wiring Harness

The projectors use a replaceable halogen bulb and give your truck that sleek custom style. These lights are DOT and SAE approved for street use.

Custom Bulbs

F150 1997-14 Heritage 2004
F250 1997-99

Let the smooth brilliance of your clear lights shine through with Custom Bulbs. Custom high-performance light bulbs feature the latest breakthrough in interference coating technology. The result is a cool, iridescent bluish appearance when unlit and street legal amber light when illuminated. Bulbs are sold in sets of two.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
36-0276	CUSTOM BULB SET-AMBER PARKLIGHT	97-14 (1)	14.94	11.95
36-0277	CUSTOM BULB SET-AMBER SIDEMARKER	04-08 (1)	14.94	11.95

LED Bulbs illuminate 140 times faster and can last up to 20,000 hours, much longer than conventional incandescent bulbs. They have no filament, which means they are less sensitive to vibrations caused by uneven road surfaces. They emit less heat and use only 15% of the energy required by incandescent bulbs, reducing the load placed on your truck's electrical system. LED Bulbs appear clear when unlit and emit a pure color when lit.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL

38-1275	LIGHT WIRING KIT W/SWITCH FOR 2 LIGHTS A/R		16.19	12.95

- Fog Lights and Driving Lights are OE quality, have an aluminum die-cast housing and three-tier protective finish coating, which makes the housing corrosion free.
- State-of-the-art reflector, in combination with a strong semi-hardened crystal glass lens, gives you maximum light output.
- Uses a high efficiency halogen 12V 55W replaceable bulb.
- Fog Lights and Driving Lights are OE quality, DOT and SAE approved and are legal for on road use.

For added style, replace the white halogen bulbs with halogen blue-coated bulbs. The blue-coated bulb creates an intense white light which is popular in today's new cars and trucks. Get the cool look of HID (high intensity discharge) without the high price. Call or go online and order yours today!

LED Third Brake/Cargo Light

F150 1997-14 Heritage 2004
F250 1997-99

47-4023 Lighted

47-4024 Lighted

47-4028 Lighted

47-4029 Lighted

New technology previously available only on high-end luxury cars is now available for your truck! In addition to looking stylish, this third brake light quickly alerts other drivers of your intentions. LEDs illuminate 140 times faster than conventional incandescent bulbs. This translates to a gain of 20+ feet of reaction distance!

Additional LED benefits:

- Are longer lasting; can last up to 20,000 hours.
- Have no filament, which means they are less sensitive to vibrations caused by potholes and other uneven surfaces.
- Use only 15% of the energy required by incandescent bulbs, reducing the load placed on your truck's charging system.
- Emit less heat than incandescent bulbs.

Stop replacing burnt out bulbs; call or go online and order your LED Third Brake/Cargo Light today.

LED Third Brake/Cargo Light is a direct replacement for stock unit and is made to factory specifications so it requires no modifications. Features LEDs for brake and cargo lights.

LED Third Brake/Cargo Lights are for models originally with cargo light option.

Flareside LED Tail Light Sets

These tail lights are a direct replacement for stock tail lights and are made to factory specifications, so they require no modifications to fit.

They feature LEDs for brake lights, parking lights and turn signals. Backup lights use original bulbs, sold separately. Stop replacing burnt out bulbs; call or go online and order your LED tail lights today!

42-1633

42-1634

42-1635

Additional LED benefits:

- Are longer lasting; can last up to 20,000 hours
- Have no filament, which means they are less sensitive to vibrations caused by potholes and other uneven surfaces
- Use only 15% of the energy required by incandescent bulbs, reducing the load placed on your truck's charging system
- Emit less heat than incandescent bulbs

LED Utility Light Bar

LED Utility Light Bar provides more light for your cargo area and features two removable flashlights for even more versatility when you need it most. Each rechargeable flashlight features four operating modes and an integrated hook to allow easy placement. The flashlights charge as the vehicle is running and can be used four to six hours, based upon function used. Mounting tape and instructions are included.

- 50" long with 90 high output LED lights in the main body and 21 in each flashlight.
- Two rechargeable flashlights with integrated utility hook.
- Four operating light modes: flashlight, work light, combo and flashing.
- 3.5 hours charge time; 4 to 6 hours run time.
- 300mA draw at 12.8V. 7W output at 12.8V.

LED Tailgate Lights ... For Increased Safety with Style

Red LED Tailgate Light

LED Tailgate Light turns on with your tail lights, brightens with your brake lights and flashes with your turn signals. Mounts neatly in the space between your tailgate and bumper with the included self-stick tape; no drilling required. Simple hook-up with the attached 4-prong adaptor that connects to your factory hitch plug or can be hardwired, if required.

3 Color LED Tailgate Light

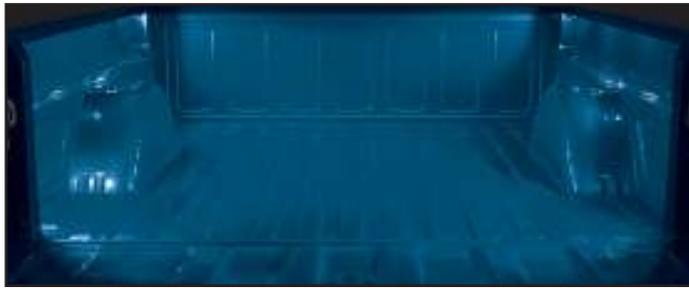

Add more style and visibility to your truck with a 3 Color LED Tailgate Light. Mounts in the space between your tailgate and bumper with the included self-adhesive tape; no drilling required. Includes 4-prong adaptor for easy hook-up to your factory hitch plug or can be hardwired for a permanent solution. A power and reverse light wire will need to be connected to the control box for proper function. Get noticed and be safer with style. Call or go online and order yours today!

- Full-length, dual-brightness red LEDs for running lights and brake lights make your truck safer and more visible.
- Outer amber turn signal LEDs clearly let others know of your intentions.
- A wide center section of white LEDs for reverse lights alerts others behind you that you are backing up.

Preassembled All Chrome Grille with 4MM or 8MM Billet Insert for Ford

F150 2004-08

All Chrome Grille Shell: Is assembled with Billet Aluminum Inserts already installed.

The Billet Aluminum Inserts:

- Made from the highest quality materials.
- Face edges of the billet insert are polished.

- Sides and back have an EDP (Electro Deposit Primer) finish.
- Billet crossbars have been welded to V channels which give the inserts strength without the unsightly welds found on some aftermarket inserts.
- Billet Aluminum Inserts come with a 2 Year Warranty.
- Bolt-On, No Cutting.

LMC Truck Cover ... Who Knew Protecting Your Vehicle's Finish Could Be So Inexpensive !

F150 1997-03 Heritage 2004
F250 1997-99

LMC universal fit truck covers provide protection from acid rain, dust, tree sap, industrial pollutants, harmful UV rays, animal traffic and bird droppings. Cover is not affected by temperature extremes. Fabric will not stretch or shrink and naturally resists rot and mildew. Elastic is sewn into the front and rear hems to ensure a snug fit. Truck covers will actually pay for themselves by reducing the number of times you'll need to wash and wax your vehicle.

In summer a cover keeps the interior cooler and helps protect from the sun's damaging rays, which can cause fading and deterioration. In winter it can keep the snow and ice off your glass and finish.

Start protecting your truck's finish from the elements, call or go online and order your truck cover today.

Antenna must be removed or an antenna grommet attached to your cover before use. See below for more information on antenna grommet.

LMC 1000 **GOOD** \$59²⁵ each

For Moderate Weather Conditions

- Durable synthetic fabric has the look and feel of more expensive covers.
- Water resistant, yet breathable.
- Double-stitched seams for strength.

Ford Truck

#38-8801 Std Cab Longbed 1997-03

#38-8802 Super Cab Shortbed 1997-03
#38-8803 Super Cab Longbed 1997-03

#38-8804 Super Crew 2001-03

Antenna Grommet

#30-1283
\$2²⁵ each

Eliminate the need to remove the antenna each time you install your cover. Once attached to any size cover, this soft rubber antenna grommet will easily fit over any antenna mast up to 1/2" in diameter. Made

from soft rubber, the antenna grommet won't scratch or damage the finish on your vehicle. Includes easy-to-follow instructions.

LMC 3000 **BETTER** \$99²⁵ each

Superior Protection at a Great Value

- Soft cushioning layer protects your paint.
- Superior breathable 3-layer synthetic fabric is highly water resistant, even during downpours.
- No-leak construction achieved through ultrasonic welding.
- UV-stable materials ensure a long life.
- Ideal for long-term vehicle storage.

Truck Cover Lock Kit

#38-3195

\$7²⁵ each

Keep your truck cover from being ripped-off by thieves or high winds with this security cable and lock. Sides of LMC Truck Covers are equipped with plastic grommets to accommodate the security cable.

LMC 4000 **BEST** \$169²⁵ each

Best Protection for Your Truck

- 4-layer synthetic fabric has fleece-lined bottom layer to protect fine automotive finishes.
- Durable outer layer, breathable 2nd layer, protective 3rd layer, soft fleece 4th layer.
- High water resistance - virtually waterproof yet breathable.
- Ultrasonic welding seals seams tight.
- Patented UV Stabilizer is used to ensure a long life.
- Ideal for long-term vehicle storage.
- Tie-down strap and buckle attached with strap pocket built into cover for easy storage.

Chrome Wheel Locks ... Safety and Security

Case hardened steel and triple chrome plating make these wheel locks an extra tough security system that's hard to beat. Patented key wrench adaptor and registration are included.

Gorilla wheel locks are the most advanced and unique locks on the market today. These wheel locks protect your wheels and tires like no other locks can because they are virtually impossible to remove without the matching security pattern key.

Cowl Induction Steel Hood ... Increased Airflow for Increased Performance

- Cowl Induction Steel Hood creates Increased Airflow for Increased Performance.
- The outside cold fresh air carries a denser air/fuel mixture to an engine's combustion chambers than the warm underhood air.
- Muscle Car, Street Rod appearance lets people know you mean business.

- Increases engine cooling for better performance.
- Made from primed high-quality steel with full inner frame that reuses your original factory latch and hinges.
- Paint and bolt-on application.

ABS Hood Insulation Kits

An ABS Hood Insulation Kit covers up the underside of your hood to add the finishing touch to your engine compartment. The heat-resistant textured ABS cover is available with or without officially licensed logo. Each kit includes pre-cut foil-backed insulation material to reduce engine noise, vibration and protect the paint from high engine temperatures. Includes 14 oz. spray adhesive, 1 roll of aluminum tape, center punch, drill sleeve, mounting hardware and illustrated instructions. Drilling may be required on models not originally equipped with hood insulation.

Headlight and Fog Light Protection Film

Protect your lights from the hazards of the open road with Headlight and Fog Light Protection Film. Made from scratch-resistant, 30-mil thick press-polished PVC material that features a UV inhibitor to prevent shrinking and discoloration combined with the strongest optically clear adhesive available for maximum durability and distortion-free light transmission. These light protection films were tested under the harshest of conditions. They have proven to withstand a barrage of 1" diameter stones at speeds up to 120 mph with no damage to the lens they protect. Kit contains pre-cut film, installation squeegee and instructions.

For More Information on Superwhite Bulb Set See Page 46

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Lights sold separately. For ease of installation, lights should be installed before installing bull bar. Front license plate relocating bracket sold separately.

Driving lights provide a longer, more focused beam pattern for improved long-range vision.

- Reinforced steel housing features a black finish with an adjustable chrome mounting bracket and a 10mm mounting stud.
- State-of-the-art reflector, in combination with a strong semi-hardened crystal glass lens, gives you maximum light output from a 4-1/2" diameter light.
- Includes high efficiency halogen 12V 55W replaceable bulbs.
- Lights are complete with illuminated push button switch, 12-volt relay, all necessary wiring, mounting hardware and protective lens covers.

For added style, replace the white halogen bulb with a halogen blue-coated bulb. The blue-coated bulb creates an intense white light which is popular in today's new cars and trucks. Get the cool look of HID (high intensity discharge) lighting without the high price.

Custom Flexible Chrome Trim ... Design it – Cut it – Install it

Fuel Door Skin Kit

Pillar Post
Trim KitRocker Panel
Trim Kit

Add a unique custom chrome look to your vehicle with this Flexible Universal Chrome Trim ... the ultimate Truck or SUV Trim. Now you can design accents and trim on your vehicle in the traditional patterns or create a unique custom look; it's your choice. Use a combination of any of the kits to achieve the look you want.

- The Chrome ABS Trim is easily cut with a pair of sharp scissors and features 3M™ peel-off backing for super strong adhesion.
- Scratch Resistant - UV Coated - Bright Chrome Finish.
- Pattern material is included for design and fitment of the flexible chrome laminate. Use the sandpaper in the kit to clean up any edges or corners. This fun project will make your truck or SUV stand out from the rest.
- Available in four widths.

Design it – Cut it – Install it! Just peel off the protective cover then stand back and admire your custom accents and trim. Always double-check all measurements of materials needed for your design for your vehicle against available sizes of kits.

Molded Rear Wheel Well Liners

BEFORE

AFTER

Limited Lifetime Warranty

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
42-1004	MOLDED REAR WHEEL WELL LINER SET F150	04-14 (1)	112.44	89.95*

42-1004

Molded Rear Wheel Well Liners improve your truck's appearance by providing a more finished look and also protect against damage from dirt, rocks, road debris, salt and weather elements. The plastic composition also reduces snow build-up and dampens sound, creating a quieter ride over loose road surfaces. Mounting hardware and instructions are included. Depending on your truck's options, installation may require drilling.

Movable Anchor Point

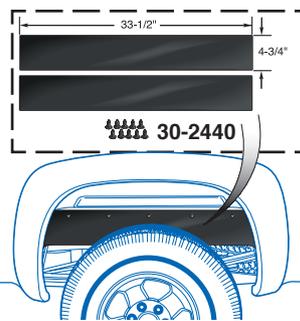

38-3239

Anchoring a load is easy with these heavy-duty, steel anchor points. The unique "C" clamp design allows installation where needed; just clamp to bed rail and secure your load. Point and plate have been vinyl coated and will not rust or scratch your truck's finish. Can be used with "under the rail" style bed liners.

Body Gap Filler Set

Body Gap Filler Set is a simple way to cover the unsightly gap that's visible between the frame and the bed of your truck. Body Gap Filler Set creates a clean backdrop for your wheels and is also used to cover the opening created by a body lift kit. Made from 3/16" thick industrial rubber for long life and durability. Each piece measures 33-1/2" long by 4-3/4" wide. Must be sized and cut to fit. Drilling is required for installation. Includes mounting hardware and installation instructions.

BULL RING Retractable Tie Downs

38-3245

BULL RING Classic Tie Downs give you an easy way to manage big loads using your truck's stake pockets and still maintain a clean, sleek look when they're not in use. Just snap the bull ring into the up position and tie down your load. When finished, simply snap the bull ring back into the recessed housing. These no-hassle, heavy-duty tie downs give you a high anchor point and are specifically designed for the side rails on your truck.

BULL RING Classic Tie Downs have a rated capacity of 1,000 lbs. and can easily accommodate two standard 'S' hooks. They are made of rugged nylon and durable stainless steel and are easy to install with no drilling required. BULL RING Classic Tie Downs are sold in pairs and are backed by a lifetime warranty.

38-3245	CLASSIC TIE DOWN SET	97-14 (1)	37.44	29.95

3-in-1 Truck Ties

37-7496

Add a quick and easy way to secure the cargo in your bed with 3-in-1 Truck Ties. Made in the USA from durable nylon plastic, the ties are designed to fit into the stake pockets of your truck. The truck ties can be used in three different ways:

- Install them with the ring side facing the truck bed so multiple cargo straps can be used to secure your load.
- Install them with the cleat side facing the truck bed to keep tension in your rope each time it is looped around the tie.
- Cover the load by placing a tarp over the stake pockets and inserting the truck ties into the stake pockets over the tarp; rated for highway speeds.

Tested to -20°F and 165°F, the ties can be installed and removed effortlessly with no drilling or modifications necessary to the truck.

Tonneau Covers Save Gas and Protect Your Cargo

STB = Standard Bed, 78" long
LB = Longbed, 96" long
SB = Shortbed, 66" long

IMPROVES
GAS MILEAGE
Up to 10%

A **Tonneau Cover** is the most economical way to protect your cargo. The heavy-duty vinyl cover keeps your valuables out of sight. The black enameled aluminum frame clamps to your truck bed so there's no need to drill any holes and the frame does not attach to the tailgate so it can be opened as needed. Smooth, aerodynamic profile improves gas mileage by as much as 10%, and saves you money.

This Tonneau Cover features special reversible snaps, which allow you to adjust tension to compensate for weather conditions. Position the snap stud low for a tight fit in hot weather or reverse the snap stud to high for looser fit in cold weather. Corners and snaps are backed with thick polymer to maintain smooth, good looks in any weather. Strong and durable fiberglass reinforced nylon snaps will not break.

The large, adjustable bows aid in shedding rain and snow and are easily removed to haul bulky items, then easily reinstalled. Locking corners allow easy removal of the tail rail for quick access to haul longer loads. The vinyl cover comes with a 10-year warranty and the frame has a lifetime warranty.

The **Tri-Fold Tonneau Cover** design allows quick, easy installation and removal. The attached straps allow it to be open and safely secured at the cab while driving, or conveniently removed and stored for full bed usage. There are no tools necessary. The Tri-Fold attaches at the cab section by tightening the threaded clamps with built-in heavy-duty handles. At the tail section, the Tri-Fold fastens and releases with spring-action clamps. The Tri-Fold also features double pivot hinges with center link and seals at all contact points to protect your truck's finish and keep out the weather and dust. The steel corner brackets, commercial grade black rails and I-Beam style bows provide strength as well as good looks. The Tri-Fold features a lifetime frame and 10-year vinyl cover warranty.

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

Switch-Ball™ Set and Accessories

37-7433

37-7437

Switch-Ball™ Set - Change between three different trailer hitch ball sizes quickly and easily with the Switch-Ball™ Set. There is no attachment pin to remove or tools required to switch ball sizes. Weight ratings for each hitch ball size are as follows: 1-7/8" = 3,500 lbs., 2" = 6,000 lbs. and 2-5/16" = 8,000 lbs. Switch-Ball™ is constructed from premium grade steel with nickel-chrome plating for long life.

The exclusive 'J' Groove design ensures that when the ball is installed on the shank and engaged by a coupler, the hitching system is safe and secure. The weight bearing capacity rests on the shank to take the stress away from the ball, which will free the coupler from friction and binding, thus resulting in smoother and safer towing.

Switch-Ball™ Shank Cover provides protection from the elements when not in use.

Vintage Metal Ford Coolers

Coolers feature embossed logos, insulated all-metal construction, removable mini tray and side-mount bottle opener. (Beverages not included.) **\$99⁹⁵ each**

Measures 18"L x 9"W x 14"H.

LMC Truck Synthetic Chamois

LMC TRUCK EXCLUSIVE

The LMC Truck Synthetic Chamois is made from a unique Polyvinyl Alcohol (PVA) material. The extremely soft, sponge-like material gives it remarkable drying ability. Not only will your vehicle dry quickly, but the Chamois will

also leave it lint-, spot- and streak-free over and over again! The Chamois is ready to use right out of its convenient plastic storage tube. When finished, simply rinse with clean warm water, wring it out (do not machine-dry) and return it to its storage tube even while still damp. Order more than one LMC Truck Synthetic Chamois today!

Typical Uses:

- Great for drying trucks, SUVs, cars, motorcycles and boats.
- Works effectively on chrome, tile countertops and more.
- Use it anywhere you would use a chamois, towel or sponge.
- Resistant to dirt, grease, oil and most chemicals.
- Durable, long-lasting synthetic material measures 26" x 17".

Coil Spring Compressor

Remove and install coil springs with convenience and safety. Features safety U-bolt set, Acme threaded rods and ductile alloy cast hooks for safe and easy operation.

34-2808	COIL SPRING COMPRESSOR	3 SHAFTS	62.44	49.95
---------	------------------------	----------	-------	-------

Don't forget! Shocks are an often overlooked and very important part on your ride. Are you experiencing that embarrassing bounce when you hit a dip or bump? Do you experience annoying brake dive or acceleration squat? Limit that unsafe roll or sway when cornering! Regain control of spring and suspension movement.

Gas-A-Just Shock Absorbers

You can depend on Gas-A-Just for unsurpassed road control. KYB Gas-A-Just shocks are America's best selling monotube gas shocks. They feature higher gas pressure to keep your truck's tires glued to the road surface. They provide unsurpassed control on even the most demanding roads. Monotube design and high pressure gas eliminate the age old problem of performance fade by eliminating aeration and foaming, a problem with other shocks that use two-tube construction that allows air to mix with fluid.

Heavy Duty Gas Charged

Replace those worn out, leaking old shocks with these affordable Heavy-Duty (HD) Gas-Charged units.

Give yourself and your ride a safer tomorrow, today! Keep those tires on the road!

GR-2 Gas Shock Absorbers

The KYB GR-2 Shock Absorbers give you a satin ride at an economical price. They feature lower pressure for riding comfort, along with improved handling and response only gas shocks can provide. The GR-2 gas shock absorber is the economical way to step up from hydraulic shocks to the quality ride and control of gas.

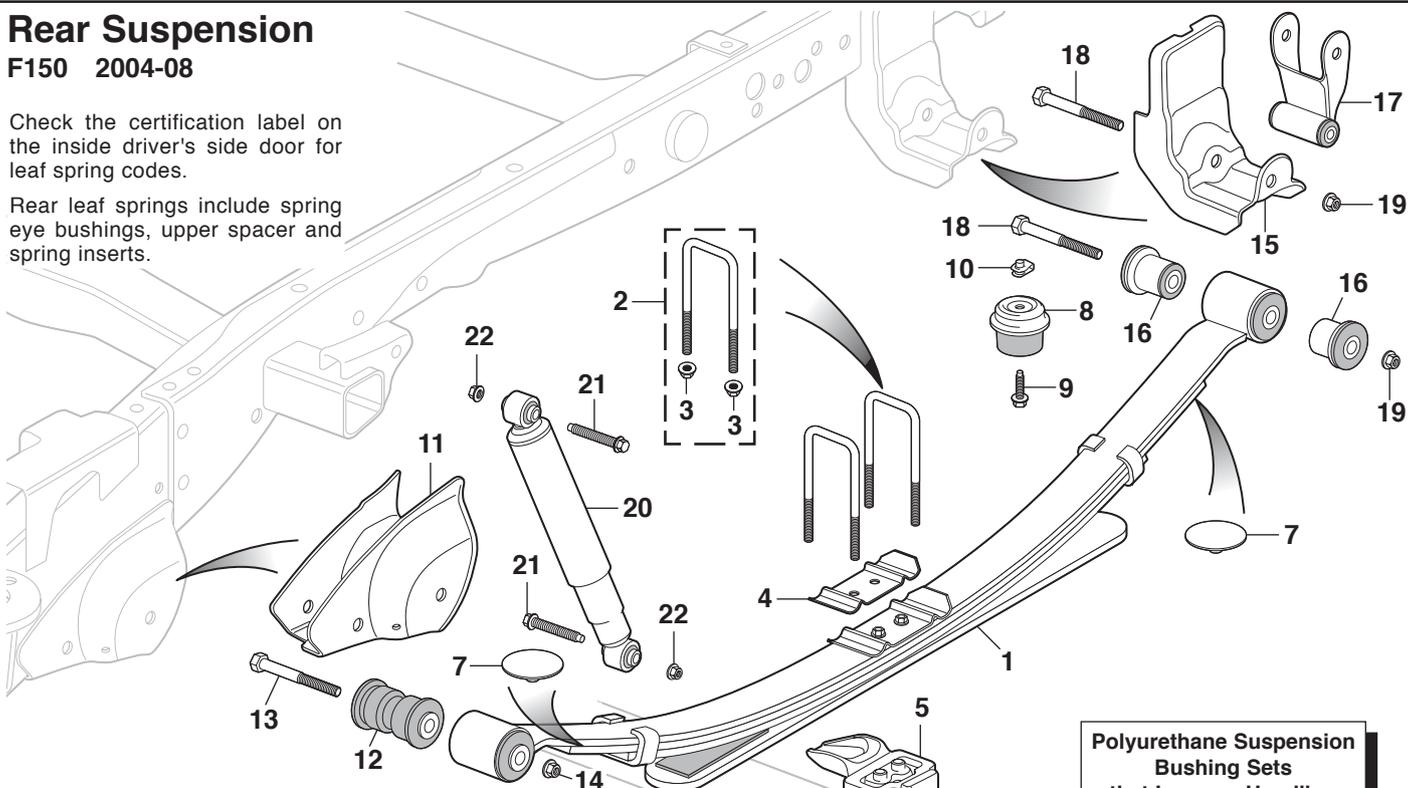

Note: GR-2 and Excel-G (XLG) shock absorbers are identical except for the product name and paint color.

Rear Suspension

F150 2004-08

Check the certification label on the inside driver's side door for leaf spring codes.

Rear leaf springs include spring eye bushings, upper spacer and spring inserts.

Control Arm Sets

45-2665

45-2667

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
45-2665	CONTROL ARM SET-4" "A" 2WD F150	97-03 (1)	874.94	699.95
40-1841	ADJUSTABLE CAM SET 2WD F150	97-03 (2)	31.19	24.95
45-2667	CONTROL ARM SET-2" 2WD F150	04-08 (1)	499.94	399.95
45-2668	CONTROL ARM SET-3" "B" 2WD F150	04-08 (1)	499.94	399.95

Note: "A" Adjustable cam bolts are required for proper alignment if your truck does not already have them.
 "B" Check for proper clearance before driving. Low profile tires may be required.

40-1841

Control Arms are a great choice to lower your truck. They will lower your ride with fewer side effects than spindles and springs. Ball joint angles are precisely set and factory alignment specifications are maintained. Control arms provide a significant amount of lowering without changing your coil springs.

Drop Coil Spring Set

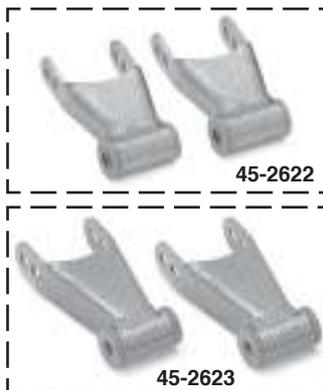

45-2670

Drop Coil Springs are a quick and easy way to lower your truck. If you are dropping your truck with coil springs then Drop Shocks are required.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL

Front Differential Cable Lock Kit ... Cures Slow to No-engagement Blues !

F150 1997-03 Heritage 2004

F250 1997-99

43-7435

43-7435	DIFFERENTIAL LOCK KIT	F150 F250	97-03 (1)	212.44	169.95
---------	-----------------------	-----------	-----------	--------	--------

Works like hubs with full control from inside the cab without stopping, in any temperature. Will not disengage when the ignition is turned off or if the differential is submerged in mud, water or snow. Differential Lock Kit provides two-wheel drive low range, giving the vehicle 4-LO torque at the rear axle with bind-free steering only available in 2-HI. This feature is not available with factory systems and is beneficial when maneuvering trailers. Reduces front differential wear and right axle breakage.

Differential Lock Kit is compatible with manually (lever) or electrically (push button) engaged transfer cases and complete installation can be completed in one to two hours with basic hand tools. No internal axle or differential work required.

Axle Flip Kit

Axle Flip Kit and Hangers

The Axle Flip Kit repositions the rear leaf spring below the axle to lower your truck. The Axle Flip Kit includes an exclusive adjustable axle bracket to set the pinion at the correct angle. There is no need to guess at the pinion angle or buy shims. The Axle Flip Kit and Hangers for 2004-07 trucks include hangers to keep the leaf springs in the proper position for just the right amount of lowering.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL

How to Lower Your Truck

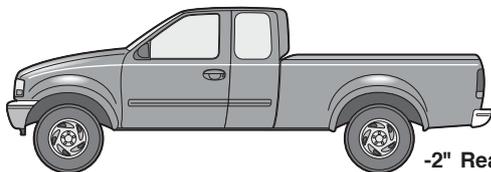

Stock Truck

Drop is based on original factory ride height as measured from the top of the wheel arch to the ground. Original ride height is approximately 2" higher in the rear. The stance (difference in height between the front and the rear) is not affected when you lower the front and rear an equal amount. To make your truck look level you need to lower the rear approximately 2" more than the front.

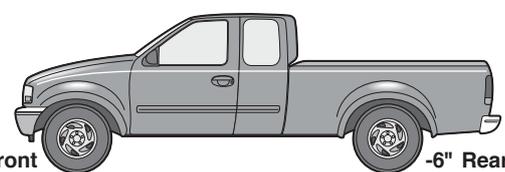

-2" Front -4" Rear

Drop your truck 2" in the front and 4" in the rear for a cool 2"/4" drop. Drop Shocks are required.

-2" Rear

Use a Rear Shackle Set to lower the rear of your truck 2" and make your truck look more level. Drop Shocks are not required.

-4" Front -6" Rear

Drop your truck up to 4" in the front and up to 6" in the rear to take your truck to the maximum possible "lowness". Drop Shocks are required.

Drop Chart

Use this chart to order the parts you need for the desired drop.

Year	Front/Rear Drop	Control Arms	Drop Beams	Front Springs	Shackle Set	Hangers & Shackles	Flip Kit	Flip Kit & Hangers	Front Shock	Rear Shock

Timbren Spring Assist Kits

Timbren Spring Assist Kits are designed to work with existing suspensions to improve a truck's ride while protecting against overloading, road shocks, bottoming out, sway bar and spring failure. The hollow rubber springs do not affect an empty ride, but will progressively compress as a load is applied.

- Rubber springs absorb road shocks and adjust to uneven loads or road conditions.
- Controls body roll during cornering with powerful progressive rate rubber springs which resist lean and enhance vehicle roll stability.
- Improves ride quality and handling performance when carrying heavy loads or pulling a trailer.
- No holes to drill; no air lines to route; and no fittings to leak. Easy installation with basic hand tools. Simply install the rubber springs in place of factory rear bump stops.

- Includes powder-coated brackets, mounting hardware and instructions.
- Maintenance-free and backed by a lifetime warranty.

Rear Air Spring Kits ... For a Safer More Comfortable Ride

These are adjustable Air Spring Kits for the rear of your truck that work with your stock suspension to keep your truck level and safe when hauling or towing. Only adjustable air springs support your heavy loads and provide a great ride. Stiff steel factory suspensions must compromise between ride comfort and load hauling capacity. Smooth ride suspensions can't handle heavy loads. Heavy-duty suspensions ride rough, especially with no load. Adjustable air springs solve these problems by allowing you to tune your suspension under all load and road conditions.

Air pressure can be adjusted with any type of air compressor as long as it produces enough pressure to service the springs. You can even use a bicycle pump. For maximum convenience and control add an on-board air compressor system.

Air springs are sold in kits with custom brackets, hardware, air lines and illustrated instructions. Installation is quick and easy with common hand tools. You get everything you need for installation. They are designed to work with stock rear suspension and OE size tires and wheels. If you have modified your suspension or changed your wheel or tire size then you need to check for proper clearance. Ride Control Kits require 6" clearance between the tire and frame. Load Lifter Kits require 8" of clearance between the tire and frame.

Limited Lifetime Warranty

Air Lift's sleeve design gives the best ride of any load assist product. Ride Control is engineered to be used for light to medium duty hauling or towing. Ride Control provides additional support for today's softer OEM suspensions without changing the ride.

- Tough reinforced air bellows for long-lasting strength.

On-Board Air Compressor ... Convenience and Control

Take full advantage of your adjustable air suspension with an on-board air compressor. An on-board air compressor gives you convenience and full control of your air suspension.

No more dangerous drives searching for the nearest gas station or waiting in line to adjust your air suspension. Adjust the pressure as needed for varying loads. Release the air for a comfortable ride with no load. Add just the right amount of air for any load at the push of a button.

Steering Shaft Assembly

F150 1997-03 Heritage 2004
F250 1997-99

45-0867

Truck steering systems take a lot of abuse and the OE factory style steering shaft flex joint usually isn't up to the task. If there is any play in the steering system, your truck will have loose and vague steering. You may feel a looseness in the steering when you hit a bump or the truck may wander in crosswinds. If you have oversize tires, these effects will be exaggerated.

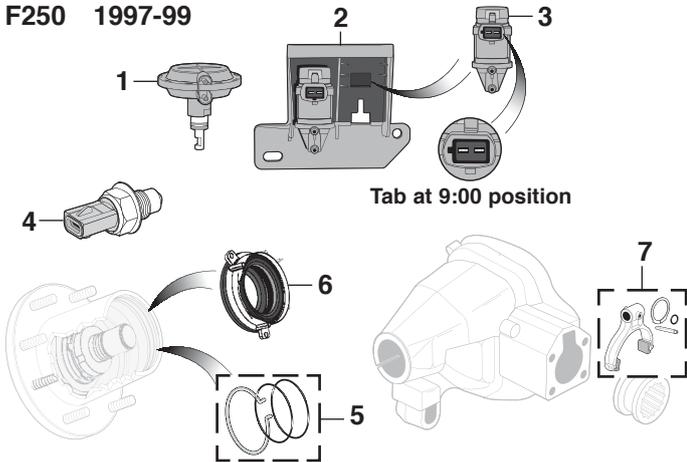

This Steering Shaft Assembly is made from chrome moly steel billets and incorporates needle bearings for a precise, positive feel for the road. The universal joints use sealed, permanently lubricated needle bearings, so they are maintenance free for the life of your truck. This Assembly adds a measure of safety to the steering system with two needle bearing U-joints and a telescoping shaft. Telescopic shaft will work on body lifts up to 4 inches. Proudly made in the USA and carry a Two Year, 30,000 Mile Warranty (whichever comes first) against defects in materials and workmanship.

Brake Drum and Caliper Paint System ... Adds Style and Protection

This is the most complete and easy-to-use paint kit available and includes everything necessary for a professional application. Applies easily as a brush-on to add a great styling touch and outstanding protection to your calipers or drums. System includes two-part paint, high performance brake cleaner, mixing can, stirrer, application brush and a color decal.

- Two-part paint offers extremely high heat resistance, up to 950°F.
- Brake fluids, road salt, oil and even loose gravel can't harm the durable high-gloss finish.
- Easier to apply and dries much harder than any spray-can product.
- Easy brush-on application does not require caliper or drum removal.

- Oil and chemical resistant high-gloss finish.
- Seals and protects with style.
- One system will cover up to four large calipers or two drums.

Disposable Black Nitrile Gloves

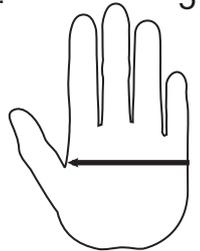

Tough enough to withstand exposure to grease, solvents and oil, they have three times the chemical and puncture resistance of a comparable thickness vinyl or latex glove. These gloves feature a fully textured finish for better grip and two-ply construction for a comfortable fit. Sold as a box of 100.

Glove Sizing:

Place your hand on a flat ruler with your index finger next to the zero line:

- 3-1/2" = Medium
- 4" = Large
- 4-1/2" = X-Large

Keep your hands clean and protected while working on your vehicle and other projects with these Disposable Black Nitrile Gloves. Made from a durable, powder-free 6 mil thick patented material, they offer superior strength and tear-through resistance.

Sealants, Adhesives and Lubricants

Loctite Ready Gasket makes leak-proof gaskets for temperatures from -75°F to 450°F. Blowout resistant, sensor-safe and ideal for sealing differential covers, valve covers, water pumps, thermostat housings and more.

PART	DESCRIPTION	LIST	SELL
38-0767	READY GASKET 4 OZ CAN	18.69	14.95

Loctite RTV Red is a high-temperature silicone gasket maker and adhesive. It forms a tough, flexible seal that is resistant to most chemicals without hardening, shrinking or cracking. RTV Red has a temperature range of -75°F to +600°F and is sensor-safe.

PART	DESCRIPTION	LIST	SELL
38-0774	RTV RED 2.7 OZ TUBE	6.19	4.95

Loctite Viper Lube is a high-performance synthetic grease that provides superior lubrication and protection on bearings, hinges, latches, linkage, seat tracks, slides, springs and other automotive applications.

PART	DESCRIPTION	LIST	SELL
38-0768	VIPER LUBE 10.1 OZ AEROSOL	7.44	5.95

Loctite Freeze and Release instantly freezes rusted and seized fasteners at -45°F. The shock-freeze effect creates microscopic cracks so lubricants can penetrate into the connection, allowing easy separation after 1-2 minutes. Once released, parts remain lubricated and protected from corrosion.

PART	DESCRIPTION	LIST	SELL
38-0764	FREEZE&RELEASE 13.5 OZ CAN	12.44	9.95

Loctite Spray Adhesive dries clear with superior bonding strength. Excels at attaching upholstery cloth, carpeting, insulation and has many other uses. Not recommended for use on headliners.

PART	DESCRIPTION	LIST	SELL
38-0798	SPRAY ADHESIVE 10.5 OZ CAN	9.94	7.95

Loctite Rubberized Undercoating is a heavy-duty undercoating that seals, protects and insulates frames, floor pans, wheel wells and other body panels. Rubberized for maximum durability.

PART	DESCRIPTION	LIST	SELL
38-0766	UNDERCOATING 16 OZ AEROSOL	8.69	6.95

Loctite Weatherstrip Adhesive is a strong and flexible waterproof adhesive for bonding all types of rubber weatherstripping. Withstands vibration and extreme temperature variations; dries black.

PART	DESCRIPTION	LIST	SELL
38-0792	WEATHERSTRIP ADHESIVE 5 OZ	8.69	6.95

Loctite Copper Anti-Seize Stick protects against high-temp seizing and galling of fasteners up to 1,800°F. Perfect for spark plugs, exhaust manifold bolts, thermostat housing bolts and oxygen sensors.

PART	DESCRIPTION	LIST	SELL
38-0765	ANTI-SEIZE STICK 20 GRAM	7.44	5.95

Loctite Threadlocker prevents loosening of threaded fasteners caused by vibrations. Seals and protects threads from rust and corrosion. Allows disassembly with standard hand tools.

PART	DESCRIPTION	LIST	SELL
38-0771	THREADLOCKER .2 OZ TUBE	8.69	6.95

Loctite Dielectric Grease extends the life of electrical components by protecting them from moisture, salt and corrosion. Also prevents spark plugs from fusing to boots. Use on fuses, battery terminals, ignition components and other electrical connections.

PART	DESCRIPTION	LIST	SELL
38-0770	DIELECTRIC GREASE .33 OZ	6.19	4.95

Permatex Windshield and Glass Sealant is a silicone sealant for windshields, windows and other glass. Flows into leaks like water and dries to form a flexible, tough, clear seal that is resistant to extreme temperatures, vibration and most chemicals.

PART	DESCRIPTION	LIST	SELL
38-0783	GLASS SEALANT 1.5 OZ TUBE	7.44	5.95

Vinyl Edge Sealer Pen is an ultraviolet light-blocking, fast-drying, clear acrylic sealer that protects the edges of vinyl decals, graphics and the ends of adhesive chrome body moldings. It features a wedge applicator tip for a smooth, even application.

PART	DESCRIPTION	LIST	SELL
38-0921	VINYL SEALER PEN .3 OZ	18.69	14.95

3M™ Adhesive Tape is a high-performance, double-sided tape for all types of accessories, both interior and exterior. The tape's foam core allows it to expand and contract with temperature changes and to conform to surface irregularities and gaps. Includes three 1" x 12" strips.

PART	DESCRIPTION	LIST	SELL
38-0788	3M DOUBLE-SIDED TAPE	11.19	8.95

Strip Caulk is a non-hardening, non-shrinking waterproof black caulking material that has great adhesion properties and is temperature resistant from -400°F to +500°F. It's perfect for sealing around hoses, tubing, wiring or any other hole, joint, seam, void or gap on your car, truck or home to prevent fumes, moisture or noise penetration. Strip Caulk is easy to apply and can be painted immediately. Contains twelve 1/4" x 12" strips.

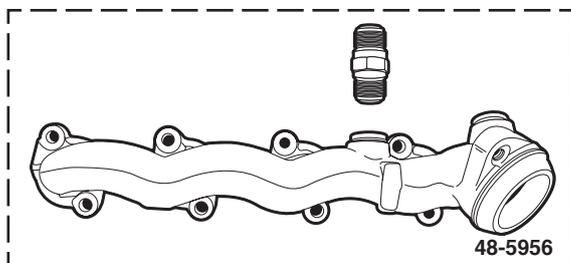

PART	DESCRIPTION	LIST	SELL
38-0779	STRIP CAULK	4.94	3.95

Seam Sealer provides superior adhesion and flexibility without cracking or peeling. Its self-leveling qualities make it an excellent sealer on cowl, floor, doors and wheel house seams. Skin time is 1-2 minutes and can be painted in 30-60 minutes. Applies with a standard caulking gun.

PART	DESCRIPTION	LIST	SELL
38-0781	SEAM SEALER 11 OZ TUBE	12.44	9.95

EZ Oil Drain Valve

EZ Oil Drain Valve allows you to quickly change your oil with little to no mess. The innovative design is more compact than other oil drain valves and there is no lever to catch on obstacles. It doesn't require any adaptors and is easily installed with a socket or wrench. The aluminum crush washer (included) ensures a tight, leak-free seal. The highly visible orange top makes it easy to locate under the engine and has a knurled surface for slip-free operation.

EZ Oil Drain Valve is simple to operate; just push in the cap and twist to the right to open for draining. Once all of the oil is drained, push in again and twist to the left to close. The spring-tensioned, double o-ring seal guarantees a long, leak-free life. Makes oil changes quick, clean and easy to do, saving you valuable time.

48-5543	CAT-BACK SINGLE EXHAUST SYS-3" 2-1/2" CAT F150 04-08 (1)	(1)	312.44	249.95*

The free-flowing design produces an aggressive performance sound upon acceleration, yet delivers a mellow tone as you cruise. System allows you to increase performance and maintain your catalytic converter. Reduced back pressure for increased power, more low-end torque and better fuel economy.

This system is designed with a stock type exit behind the passenger side rear wheel with a single 3" or 4" mandrel bent aluminized tail pipe. Includes an aluminized, double-wrapped and welded performance muffler. The double-wrapped shell eliminates the interior resonance and drone associated with other performance mufflers.

Manufactured from 16-gauge aluminized steel that lasts up to twice as long as conventional plain steel systems. Easy bolt-on installation means there is no welding required.

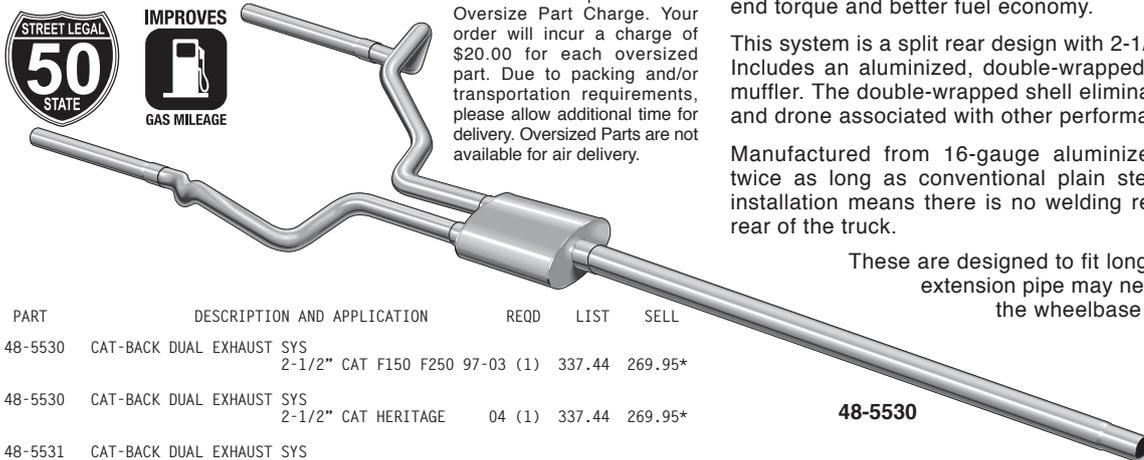

These are designed to fit long wheelbase models. Front extension pipe may need to be cut, depending on the wheelbase of your truck.

Cat-Back Performance Dual Exhaust Systems with Resonator Tips

These Performance Dual Exhaust Systems allow you to increase performance and maintain your catalytic converter. The straight-through design reduces back pressure for increased horsepower, more low end torque and better fuel economy. The Resonator Tips serve as the muffler in these systems.

These systems are made with modern tube benders utilizing mandrel bends, ensuring each bend is smooth flowing, increasing exhaust flow by up to 20% over stock systems.

Manufactured from 16 gauge aluminized steel that lasts up to twice as long as conventional plain steel systems. Easy bolt-on installation means there is no welding required. Hangers, fasteners and steel clamps are included. Exhaust exits the rear of truck.

These are designed to fit long wheelbase models. Front extension pipe may need to be cut, depending on the wheelbase of your truck.

48-5515

Available in Black Powder Coat Blunt Tip or Stainless Steel Angle Tip

Cat-Back Exhaust Systems have resonator tips that replace the original muffler and are 50 state emissions legal.

F250 1997-99

48-6195

Also Available
with Armor
Coat Finish

46-6096

48-6175

46-6126

Replace inefficient stock exhaust manifolds and add power and performance with Shorty Headers.

- Increase engine efficiency.
- Easy, bolt-on installation.
- Connects to stock Y-pipe.
- Mandrel-bent, 16-gauge tubing for durability.
- CNC-machined thick steel flanges.
- Flange surfaces milled for better seal.

Available with a black painted finish or ARMOR Coat, a high-temp, metallic-ceramic coating. The ARMOR Coating won't discolor like paint, chrome or dull finish coatings; it reduces under-hood temperatures, resists corrosion and is easy to keep clean.

Header Wrap

Increase performance by keeping hot exhaust gasses inside the headers for maximum velocity, improved exhaust scavenging and protecting sensitive engine components from high temperatures.

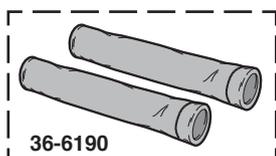

Header Wrap is able to withstand temperatures up to 1,200°F and is made from vermiculite-coated, textured fiberglass yarn woven into a strong, flexible wrap that can easily be cut with scissors.

Available in 25 or 50 foot rolls of 1" or 2" widths. Two 50 foot rolls of 2" wide are generally enough to wrap standard V8 headers. Stainless steel locking cable ties keep the wrap securely in place. Header Wrap can void warranty of some headers. Check header manufacturer's warranty before installing.

Headers with tight bends should use 1" wide wrap for coverage. Overlap wrap 1/4" for optimum heat dissipation.

Powr-Flo Mass Air Flow Sensors

The JET Performance Powr-Flo Mass Air Flow Sensor delivers improved horsepower, torque and mileage from your vehicle by simply replacing the restrictive stock mass air flow sensor. JET Performance's flow bench-tested design provides up to a 45% increase in airflow. The sensors require no additional vehicle modifications and are fully compatible with other performance upgrades such as performance air filters, air intake kits, exhaust system modifications and throttle body spacers. Installs easily in a matter of minutes.

JET Performance Powr-Flo Throttle Body Spacers

Powr-Flo Throttle Body Spacers are CNC-machined from billet aluminum and feature a bore that has been engineered to increase the velocity of airflow into the intake manifold. By delivering the air with more velocity, more air reaches the combustion chamber for a denser air charge. This design results in improved throttle response

Million Mile Limited Warranty

Kits are easy to install with no drilling, cutting or fabrication, usually in 30 minutes or less.

- Allows your vehicle's engine to inhale a larger volume of air than the OE air filter assembly.
- Dramatically reduces intake restriction as it smoothes and straightens airflow.
- Instant throttle response, better acceleration, instant power and ease in lane changing and passing.
- Designed to replace the original air filter case.
- Won't jeopardize important emission standards.

Throttle Body Spacers ... Enhance Power and Fuel Efficiency

Throttle Body Spacers improve performance and fuel economy. The Throttle Body Spacer causes the fuel to travel further, which improves fuel dispersion, making it easier for the fuel to ignite and burn thoroughly.

- Increases throttle response.
- 10-15% improvement in torque.
- Increases gas mileage up to 8%.
- Will not affect computer function.

This is the easiest and least expensive way to get more power out of your engine. Installs easily between your intake manifold and throttle body.

Performance Air Filters ... Increased Horsepower

48-4330

IMPROVES

GAS MILEAGE

Unlike other filters you use and throw away, K&N filters clean easily and are reusable for the life of your engine. Filters carry a one million mile limited warranty. These filters are replacements for your stock air filter.

PART	DESCRIPTION AND APPLICATION	REQD	LIST	SELL
48-4330	K&N AIR FILTER 4.2L 4.6L 5.4L F150 F250	97-03 (1)	74.94	59.95

CodeScout 2500 Code Reader

For Your Computer Controlled Truck

38-1312

Is your check engine light on and you don't know why? Have you checked everything under the hood several times and still don't know what is wrong?

Newer trucks may look complicated under the hood with a maze of wires, tubes and computer controls. But they are simpler than you think when you have the right tool. The CodeScout Code Reader can tell you what is wrong without even lifting the hood. The CodeScout allows you to plug into your truck's computer and get the same information as the dealer service technician. Simply plug into the computer connector, punch a few buttons and the

CodeScout will tell you what is wrong. If there is a problem detected by the engine computer the CodeScout will retrieve the code from your truck and tell you what it means in plain English. Now anytime the check engine light is on you have the ability to diagnose it yourself and decide if you want to fix it or take it to a repair shop.

When the problem is fixed, the CodeScout can even reset your check engine light.

This is the fastest and easiest way to diagnose and fix problems on your computer controlled truck.

CodeScout Features and Specifications

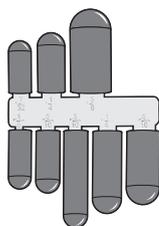

- Multi-line text and graphic display with contrast control.
- Displays current and pending trouble codes in English or Spanish.
- On screen definitions of trouble codes from built-in OBD-II library.
- Displays readiness monitors for emission components evaluation.
- Resets check engine light.
- 4 AA battery powered with data save to review data off vehicle.
- Retains the most currently scanned vehicle's data and configuration.

Includes cables, removable rubber protective boot, printed manual, CD with code descriptions and manual, batteries and soft carrying case.

CodeScout Code Reader can be used for more than just your truck. Works on all computer controlled domestic OBD-I vehicles 1982-95 and all OBD-II vehicles 1996 and later.

Heated Windshield Washer Kit

Heat your vehicle's windshield washer fluid to a temperature of 125-135°F and allow for quick, effortless removal of frost, snow and ice this winter. Heated washer fluid extends the service life of windshield wipers by minimizing unnecessary wear and ensures wiper spray nozzles remain clog-free for a consistent spray pattern every time. Suited for year-round use, the heated washer fluid also provides improved cleaning to remove bird droppings, bugs, grime, road film and streaks.

36-4085

The Heated Windshield Washer Kit installs inline between the windshield washer reservoir and spray nozzles. The wiring connects directly to your vehicle's battery with the included ground cable and fused power cable. The unit begins operation when it senses battery voltage higher than 13.0 volts (engine running). The initial heating cycle takes approximately 30 seconds for the washer fluid to reach 125-135°F. Each time the driver activates the vehicle's factory installed windshield washer system, heated washer fluid is applied during the first 3 seconds of spray time to deliver a 50-60cc spray volume. Each additional 3-second spray of heated washer fluid is available for use within 10-20 seconds.

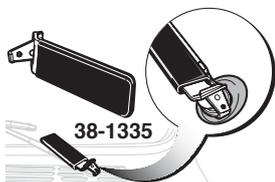

Order yours today and see what a difference the Heated Windshield Washer Kit can make! Kit includes mounting bracket, hardware and instructions.

Amplified Hide-Away Antenna

38-1145

The Amplified Hide-Away Antenna allows you to get great AM/FM reception without having to use a standard fender-mount or window antenna. It uses active magnetic field circuitry for enhanced radio reception and can be installed almost anywhere in your vehicle, thanks to the 105" cable. Connects to a standard antenna plug and the radio's power antenna wire (if equipped) or a switched 12V positive power source. Never worry about a stolen or damaged exterior antenna again.

Battery Tap Accessory Circuit Kit

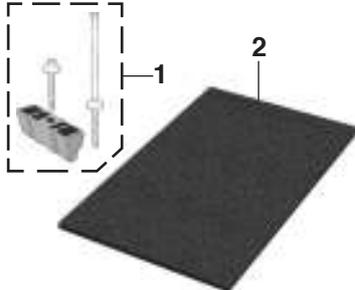

Use the Battery Tap as an easy and reliable way to make direct connections at the battery. Designed to fit positive and/or negative battery terminals. Each Battery Tap provides up to three new circuits. Kit contains two taps and six crimp connectors. The Battery Tap can be stacked to provide additional connection points or can be attached to the vehicle frame for additional grounding points.

Battery Disconnect Switches

Battery Disconnect Switches are easy to install and use. Depending upon the switch, you simply unscrew the knob, lift the lever, or turn the key to isolate the battery from the rest of the electrical system, which reduces the risk of fire while your vehicle is parked. With key or knob style disconnects, the key or knob can be totally removed as an additional deterrent against vehicle theft. A 15-amp Bypass Fuse is available to maintain the settings on your computer, radio, clock, etc., while your battery is disconnected.

- Put an end to battery drain
- Effective deterrent against vehicle theft
- Reduced risk of fire while vehicle is parked

Electronic Musical Horn with 46 Sounds and PA

38-1503

The Electronic Musical Horn easily plugs into a cigarette lighter or power point to play a selected sound three times and stop automatically or can be used as a powerful loud speaker with the included microphone. Auxiliary input allows you to play music from your MP3 player or iPod. The command module is 7" wide by 3" high and easily mounts within reach

using the included adhesive backed hook and loop patches. No drilling is required.

Features include an adjustable rotary on/off volume control to allow for easy sound level control, five bright LED lights on the control module which instantly indicates system mode and a 4" diameter weatherproof horn that mounts under the hood. For 12 volt negative ground systems.

46 Different Sounds

Animal Mode: Bird, Eagle, Elephant, Horse, Sheep, Dog, Tiger, Cow, Rooster, Turkey, Cat, Duck, Hen, Frog.

Alarm Mode: Whistle, Car Horn, Train, Laughing and 12 different siren sounds.

Music Mode: Lambada, It's A Small World, Fur Elise, Do Re Mi, Oh My Darling, Silent Night, Long Long Ago, Hungary Dance, For Bogey, Swan Lake, Oh Susannah, Baho Dance, Hallelujah, Row Row Row Your Boat, Love Story, When The Saints Go Marching In. Or go directly to Piano Mode and create your own music by pressing the buttons on the control panel.

Quad 4 Amplifier

38-8569

Give your speakers the punch they need and your ears the immersive sound and clarity they deserve by upgrading your audio system with the Quad 4 Power Amplifier. The efficient and powerful low distortion Class D Quad 4 Amplifier pushes 45 continuous watts into four channels for a total of 180 watts of pure listening enjoyment.

Its small size allows it to be mounted virtually anywhere, saving precious storage space and keeping that clean stock look. The Quad 4 Amplifier can be plugged directly into any Retro Sound radio for easy system integration or can be used with any aftermarket stereo with the included front and rear RCA connectors and low level inputs.

- Full Range Class D technology: 45 Watts RMS x 4 into 4 Ohms (55 peak)
- Ultra-low current draw
- Less than .2% total harmonic distortion
- Frequency response: 10Hz-40kHz
- 100Hz High-Pass Crossover Frequency
- 15 Amp Fuse included
- Compact Size: 7.16" x 2.9" x 1.78"

8" Powered Subwoofer 1 Year Warranty

38-8527

This 8-inch powered subwoofer is an excellent addition to your vehicle's audio system and is compact enough to install conveniently without sacrificing valuable space. Housed in a rigid die-cast aluminum chassis for better heat dissipation and powered by a built-in 100-watt

amplifier, this subwoofer is able to reproduce frequencies down to 35Hz. Features include a fully adjustable crossover network between 50-100Hz, independent gain (volume) and 0 or 180-degree phase control. The subwoofer can be connected to your radio with low level input RCA connectors or wired directly to your radio through the high level input using the supplied wiring harness.

- Aluminum enclosure for optimum heat dissipation.
- Output power: 100 watts RMS/200 watts max.
- Frequency response: 35-100Hz.
- Total harmonic distortion: 0.08%
- High/low level inputs.
- Dimensions: 9" x 2.75" x 13.75". Weight: 9 lbs.
- Mounting brackets and wiring harness included.
- Includes wired remote bass control.

Your Truck ... Your Story

SHARE YOUR TRUCK JOURNEY

What You Need to Know Before Ordering:

We are excited that you've decided to make us a part of your journey! Whether you are rebuilding from the ground up or just adding some distinctive touches to your vehicle, we are proud to give you a hand.

In addition, we'd love to see what you've been up to with your projects, so please log on to lmctrucklife.com and share your stories and pictures.

Understand that we are not trained automotive technicians. We want you to consult with mechanics regarding technical advice. Technical information is also included in the workshop manuals shown in this catalog. Please take the time to consult these resources if you feel you need to.

On those occasions that we've run out of a part on your order, chances are that it's already on its way to us. These items are listed as backordered on your invoice and will be sent your way as soon as possible. If you're not interested in waiting for your backordered product, just call our customer service line at (800) 562-8782, and we will cancel it and refund any money that has been paid.

You can also write "No Backorders" on your order form before you send it to us, and we'll make sure only to ship the products we currently have in stock.

Some parts have extra charges. Please consult below to make sure you understand these charges and so you aren't surprised later.

Part Number Definitions

-T - After a part number means that part must be shipped Truck Freight. The prepaid order will include a \$125.00 charge for delivery in the 48 contiguous United States. Orders outside of 48 states will be quoted. Due to packing and/or transportation requirements, please allow additional time for delivery.

***** - After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

-Z - After a part number means Remanufactured Part. Core charge will be applied then refunded after receipt of a rebuildable core.

-R - After a part number means Remanufactured Part. No core charge.

And one more thing, the part our lawyers make us say: We reserve the right to refuse service or shipment to anyone. We reserve the right to collect a service charge of \$20 for a returned check and to hold any shipments until the fee is collected.

Thank you for your support. Best of luck with all your projects!

What You Need to Know Before Returning:

If only we lived in a perfect world! Unfortunately, we don't, and things can go wrong. When that happens, we do our best to try to make things right again. But we need your help as well.

All returns must be in like new condition and in the original packaging. Please include a copy of your invoice, as that will make the process quick and easy.

We refund your payment the same way you paid. Refunds of less than \$1 will not be made except by customer request.

We can't be responsible for damages, so please package your returned items carefully.

If you can ship the item back to us UPS or USPS within the 48 contiguous states, you don't need to call for authorization. Just send it to us at:

14600 W. 107th Street, Lenexa, KS 66215

If we shipped you the wrong item, send it back, and we'll send the right item and reimburse you the UPS ground rate for your return.

We can't accept anything that has been installed (unsuccessful attempts do count), disassembled, drilled, welded, cut, painted, or modified in any way, so please make sure to check and doublecheck the fit before starting any work.

If you are returning a kit, it needs to contain all the parts you received. No partial kits may be returned.

Electronic media (CDs, DVDs) cannot be refunded once they are opened. However, if it is not working properly, it can be exchanged for the same part number.

Please call our customer service line for a return authorization if your part was delivered outside of the 48 contiguous United States.

If you want to return something you bought over a year ago, please call our customer service line for return authorization.

You must call Customer Service when returning a Truck Freight item.

Customer Service Line: (800) 562-8782

A 20% non-refundable restocking fee will be added to anything that's over a year old (unless the extended manufacturer warranty is still in effect, of course) as well as to any unauthorized Truck Freight returns.

And the legal part again: We have the right to refuse any return we deem unfit for resale. We also have the right to refuse any shipments where the shipping charges, duties, customs, etc., are not prepaid.

We will not accept C.O.D. returns.

Gift Cards Now Available**Call (800) 562-8782 to Order**

Available for \$25 - \$50 - \$75 - \$100

- Gift Cards are the perfect gift to ensure you are giving exactly what they want!
- Gift Cards don't expire.
- Now with FREE Ground Delivery... Second Day and Next Day air delivery are available with additional charges.
- Orders must be pre-paid. Orders received before 3:00 p.m. Central Time will ship same day.
- Gift Cards can now be redeemed through the mail or by phone.

What You Need to Know About Shipping within the 48 Contiguous States

We do our best to keep our shipping charges as low as we can. However, some items we carry need some extra space or special handling, so these may require extra charges to ensure they get to you in the most reliable, safest way. Please check your shipment as soon as you can to make certain that everything is accounted for and nothing is damaged. We do everything in our power to ensure your product arrives undamaged.

Shipping charges are based on the "Parts Total" on your order. This chart shows the basic charges for Ground, 2nd Day Air (for delivery the second business day after the order is placed), and Next Day Air (for delivery the next business day) for shipments to the contiguous 48 states. Exceptions are listed below. Limitations may apply.

Order Parts Total	Ground Delivery / UPS	2nd Day Air	Next Day Air
Up to \$20.00	\$ 8.75	\$ 26.75	\$ 45.75
\$20.01 to 50.00	10.75	30.75	52.75
50.01 to 75.00	13.75	36.75	60.75
75.01 to 100.00	18.75	45.75	70.75
100.01 to 150.00	23.75	58.75	83.75
150.01 to 250.00	27.75	65.75	91.75
250.01 to 350.00	31.75	72.75	105.75
350.01 to 500.00	34.75	78.75	118.75
500.01 to 1000.00	37.75	Quote	Quote
1000.01 and Up	Free UPS Ground ▼ Free Truck Freight ▼	Quote	Quote

If you are ordering Oversized Parts (indicated with a * throughout this catalog), or if you are placing an extra large order, please allow for extra packing and delivery time.

In order to qualify for the free Ground shipping or free Truck Freight, your entire \$1000+ order must be placed at one time. We may have to split your shipment, but we will pick up the shipping charges.

If you want delivery by 2nd Day or Next Day Air, your order must be in by 3 p.m. Central Time, Monday through Friday. This service is available only within the 48 contiguous states and not allowed to P.O. boxes or APO/FPO addresses. There are some limitations on what we can ship by air, based either on size of the products or the items themselves (ORM, Other Regulated Material, such as adhesives are not allowed on air shipments, for example). Oversize Parts (*) are not available for air delivery. Delivery can't be guaranteed on holidays. Backorders will be shipped ground when those products arrive at our warehouse unless other arrangements are made.

If you'd like Saturday delivery and are within the contiguous 48 states, we must receive your order by 3 p.m. Central time on Friday. A \$15 charge will be added to your Next Day Air charge. Unfortunately, this service is not available in all areas or with all addresses. Please call our customer service line for assistance with Saturday delivery. Truck Freight and Oversized Parts are not available for Saturday delivery.

Customer Service Line: (800) 562-8782

If you are shipping within Kansas, you will be charged state and local taxes. This also applies if you pick up your order in person at the City Counter, unless you have a Kansas State Resale Exemption form on file with us.

C.O.D.s are allowed, under these conditions: There is a \$12.50 fee for all C.O.D.s. You must pay by cashier's check or money order at the time of delivery. You must provide a delivery address where someone will be available 8 a.m. to 5 p.m. the day of delivery. No Truck Freight items, APO/FPO addresses, Air Delivery, or postal delivery orders. Undelivered or refused C.O.D. orders will flag your account, and future deliveries must be prepaid.

What You Need to Know About Shipping to APO and FPO Addresses

We are thrilled to be able to ship to those who are serving our country; however, there are some limitations on these shipments. We are unable to ship C.O.D. orders or Truck Freight items to you at this time. All orders will be shipped complete, via Insured Priority Mail through the USPS. Size limitations will apply. Please make sure before you place your order that what you are ordering will be accepted and is deliverable to you in your location.

What You Need to Know About Shipping USPS Priority Mail to Alaska, Hawaii and the U.S. Territories

This chart shows shipping charges on orders up to \$500 that qualify to ship USPS Priority Mail. Parts must be 108 inches or less and weigh 70 pounds or less to qualify for USPS Priority Mail. If any part does not meet these qualifications, your order will be delivered by ground for additional charges.

Order Parts Total	USPS Priority Mail Alaska, Hawaii & U.S. Territories
Up to \$20.00	\$ 19.95
\$20.01 to 50.00	25.95
50.01 to 75.00	36.95
75.01 to 100.00	41.95
100.01 to 150.00	45.95
150.01 to 250.00	54.95
250.01 to 350.00	65.95
350.01 to 500.00	71.95
500.01 and Up	Quote ♦

All orders will ship complete. Any additional delivery charges will be added to your total as needed, including Oversize Part charges or overweight charges.

♦ You will be contacted with charges.

We will need a daytime phone number with your order. If there is a problem with your order, we will attempt to contact you three times. If we are unsuccessful, your order will be cancelled 5 days after that third failed attempt.

What You Need to Know About Shipping to Canada

Your orders will be shipped UPS "Door to Door," which includes brokerage, duty and tax. Charges will be based on the value of your shipment. Document and preparation fees are included. Please call our customer service line for assistance.

What You Need to Know About Shipping Internationally

All of our international orders ship complete. All charges must be prepaid in U.S. funds, including all transportation, brokerage, duties, taxes, and fees associated with your order. We do not accept personal checks on international orders.

What You Need to Know When Shipping Problems Occur

Please open your package(s) as soon as possible and make certain that everything is accounted for and nothing was damaged in shipment. Damaged shipments are the responsibility of the carrier and must be reported to the carrier within 15 days of receipt.

If the package looks damaged when it arrives, open it with the delivery person present, so that they can make an immediate report of damages and discrepancies. If the damage is not obvious at the time of delivery, or if the package was left for you by the shipping company, contact their customer service as soon as possible to make your claim.

On Truck Freight shipments, it is your responsibility to check your order and have the driver note any damage on the freight bill before you sign for your item(s).

Please keep all packing, packaging and contents until your claim has been settled with the shipping company.

What You Need to Know About Shipping a Rebuildable Core Part

Without the constant inflow of rebuildable cores, items can become discontinued and unavailable.

Some items carry a Core Charge which can be reimbursed by your sending in a core that can be rebuilt into a usable part for someone else. These items are marked throughout the catalog with a -Z in the part number. In order to get your Core Charge refund, the part you send in must be clean, complete and rebuildable according to the standards set on that item's catalog page.

Please send us the core part back with a copy of your invoice. If your core is acceptable, we will refund your money in the same way that you paid the Core Charge plus any shipping charges. To be reimbursed for your core return shipping charges, please include a copy of your shipping receipt.

We will not accept C.O.D.s on cores. However, we appreciate your willingness to participate in this program.

14600 W. 107th Street, Lenexa, KS 66215

WELCOME TO THE FAMILY

LMCTRUCKLIFE.COM

A Dream Come True

Tim Andreasen and His 2005 Ford F150 XLT Truck

I have waited my entire life to drive my own full-sized pickup. But as fate would have it, every time my chance would come, it was taken from me by Mr. Murphy's Law. So patience has been a good virtue to have during this trying time.

Now the day came when we had our last payment on the Mrs.' van and my turn arrived to finally get my truck. But fate once again pokes me in the eye, as the Mrs.' engine blows the same week we paid it off. So what's a good man to do but step aside and look for a new vehicle for the wife? Like they say, "happy wife, happy life." She knew what she wanted, so off we go in search of a nice used car; our first stop: the little car dealership.

While strolling among all these tiny cars for tiny people, a ray of light shone from the heavens to the far back corner of the car lot. There she was—older, but still looking good—a white used angel F150 XLT extended cab pickup truck. Being an LMC employee, I could envision my angel decked out with all the finest accessories. When I hear "come along, I found what I like," reality slapped me across my saddened face as I followed my shadow, listening to my ecstatic wife as we walked into the office to purchase her first new car.

Then it happened. The Boss (my wife) spoke the golden words, "Let's see if we can finance the truck as well, and get a better deal if we buy two vehicles," which worked out great. My Mrs. has her dream come true by getting her first new car. And I, my white angel from heaven, used but as beautiful as she was when she left the showroom floor 10 years ago, my very own F150 XLT '05 extended cab 8 cylinder pickup truck, a dream come true.

*After the sell price means Oversize Part Charge. Your order will incur a charge of \$20.00 for each oversized part. Due to packing and/or transportation requirements, please allow additional time for delivery. Oversized Parts are not available for air delivery.

The free-flowing design produces an aggressive performance sound upon acceleration, yet delivers a mellow tone as you cruise. This system is a split rear design with 2-1/2" mandrel bent tail pipes. Includes an aluminized, double-wrapped and welded performance muffler. Manufactured from 16-gauge aluminized steel. Easy bolt-on installation. Exhaust exits the rear of the truck. These are designed to fit long wheelbase models. Front extension pipe may need to be cut, depending on the wheelbase of your truck.

BULL RING Retractable Tie Down Set

1997-14
 #38-3245
\$29⁹⁵ set

Just snap the bull ring into the up position and tie down your load. When finished, simply snap the bull ring back into the recessed housing. Rated capacity of 1,000 lbs. Made of rugged nylon and durable stainless steel. Easy to install with no drilling required. Backed by a lifetime warranty.
