SchoolBzz 101 for Parents

What is SchoolBzz?
SchoolBzz is a communications tool designed to engage every parent. Your school will be using SchoolBzz this year as a primary source of parent communications. To find out more about SchoolBzz, at www.schoolbzz.com.

Overview
SchoolBzz allows schools to create channels based on a specific group, like a 3rd Grade Homeroom class or 4th period Biology. Teachers post announcements and assignments in the channels they manage, and parents subscribe to the channels of their choice, so they access only information that is relevant to them.

How It Works
Within a channel, there are four sections where you can see ABOUT the channel, ANNOUNCEMENTS, ASSIGNMENTS, and RESOURCES. Teachers post an announcement for a specific channel and parents can immediately see it on the SchoolBzz app.
