# Who are we...

Formerly known as *Gumnut Cabinets* we were the **only Kitchen & Wardrobe** manufacturer to win a BATHURST BUSINESS AWARD in 2002 & 2003, plus be nominated every year since. Throughout this time we developed a reputation for quality workmanship, exacting detail, and outstanding customer service.

In 2003 we made a move to our current premises and with that move came a new name. *A new name, that we think, says it all!*

Today we still offer the same exceptional **attention to detail**, and **genuine** customer service that made "Gumnut Cabinets" an award winning success.

We aim to provide our customers with a **high quality**, and **long lasting**, product that will maximise your storage space.

We take great pride in our product, **customer service**, and **craftsmanship**. We use only the **highest quality materials**, and our installers are **clean, courteous**, and **efficient**.

Call on the storage **experts** today, we know we can provide you with a system that will fit your specific needs.
