Is our material Moisture Resistant -

Yes. All our MDF and Particleboard (Chipboard/Pineboard) is Highly Moisture Resistant (HMR)

Do we use E0 board -

E0 stands for “zero formaldehyde emissions”. Formaldehyde is a natural occurring product that is used in MDF and Particleboard production, and in EXTREME amounts is harmful. As E0 material becomes available from the manufacturers we use it where possible.

Do we have solid backs on our cupboards - Yes. Our general construction is with 16mm Moisture Resistant White melamine particleboard throughout.

Do we screw or nail our cupboards -
Are we licenced -

All cabinets are screwed together for greater strength
Yes, we have a NSW Fair Trading Licence for “Carpentry & Joinery”
Our licence number is 241164C

Do we provide warranty -

Yes, from 12 months to a lifetime depending on the product

Are we competitive -

Wouldn't be here since 1994 if we weren't

Have we received any awards -

Yes, 2003 & 2004 Bathurst Business Award, and have been nominated every year since

Do we offer a free quote -

Our first quote is free which includes a design consultation and computer 3D image or hand drawn sketch of your project. Clients may choose to continue with our designer service for a fee in order to facilitate their individual planning needs.

Thank you *Richard Cheesman*
