

## 40 x 48 x 46 Food Grade Collapsible Bulk Container

The 40 x 48 x 46 FDA-approved collapsible bulk container is a medium-duty material handling container engineered for long life under general purpose conditions and repeated use. Made from high-density polyethylene, this 1,200 lb.-capacity container is built to provide years of service under tough conditions and is certified safe for direct food contact. This 40 x 48 footprint, 46 height container is stackable, easy to assemble and knock down, 100% recyclable, and saves on storage and transportation costs. It has pallet jack and 4-way forklift access for secure and efficient handling. Drop gates on the 40 sides allow for easy access to contents. This collapsible bulk container is ideal for storing and handling a variety of light and medium weight component parts, industrial materials, and commercial supplies. Five runners. Blue color. Optional lid.

Part #: DGB404846-2-BL

### Special Features

#### FDA Approval

This container is FDA approved for the handling and processing of agricultural and food products.

#### Fully Articulating Hinges

Fully articulating hinges on access doors allow the doors to open fully and lay flat against the container sidewall.

#### Spring Loaded Latches

Ergonomic spring loaded latches provide a quick and reliable locking mechanism for both access doors and collapsing sidewalls.

RPP Containers® warrants its containers for proper fit, form and function for a period of one year from date of shipment by RPP Containers. If within such period a container is proven to be defective in functionality from manufacturing defects, such product shall be repaired or replaced. This warranty does not include damage due to normal material handling methods (i.e., forklift damage etc.). Customer is responsible for all freight charges.
