

45 x 48 x 45 Plastic Pallet Pack Container with Access Door

The 45 x 48 x 45 plastic pallet pack, with access door, is an all-weather container used to handle a variety of materials. Durable triple-layer polyethylene makes the plastic sleeve exceptionally strong in every direction, and resistant to the tearing, impact, and compression other sleeve packs face. Sealed edges allow the sleeve pack to be washed and stored outdoors without any wear and tear to the container. The 45 x 48 footprint, 45 height plastic pallet pack is lightweight and has four-way forklift access, which allows for secure handling and promotes excellent worker safety. With a 7:1 nesting ratio, the plastic pallet pack is a low-cost packaging solution that fits any need. Black color top and bottom. Grey color sleeve. Pallet pack containers are proudly made in the USA.

Part #: DGP454845-C

Special Features

Made in the USA

Pallet Pack Containers are proudly made in the USA.

Securely Stack

Pallet pack containers can securely stack on top of one another.

Interlocking System

Pallet pack sleeves lock securely into the pallet pack base and lid.
