

## Macro 48-FV MacroBin

The Macro® 48-FV MacroBin vented plastic bulk bin is used extensively by the agricultural industry for its superior durability, splinter resistant plastic, non-porous surfaces, lightweight construction, and rounded corners. Made from FDA-approved premium, injection molded plastic it is certified safe for use with food products. The 3,000 lb.-capacity, Macro® bulk container is built to provide years of service under the toughest conditions. The 48 x 48 footprint, 53 height container is fully vented, stackable, easy to clean, and 100% recyclable. It has pallet jack and 2-way forklift access for secure and efficient handling. White color.

Part #: 48-FV MacroBin

### Special Features

#### FDA Approval

This container is FDA approved for the handling and processing of agricultural and food products.

#### Rounded Corner Construction

Rounded corners and smooth surfaces mean fewer scuffs, abrasions, and cuts on your product.

#### Ventilated Construction

Over 600 ventilation holes provide enhanced airflow to maximize cooling and freshness.
