Every Lot Owner, other than the Developer, shall automatically be a Class A Member of the Association, shall be subject to the jurisdiction of the Association, shall be subject to assessments levied by the Association under the following provisions of the Declaration and shall be entitled to all rights and privileges of Class A membership in the Association. The foregoing is not intended to include persons who hold an interest in a Lot merely as security for the performance of an obligation as members of the Association. There shall be one (1) Class A membership in the Association appurtenant to the ownership of any Lot which is subject to assessment by the Association. Class A membership in the Association shall be appurtenant to and may not be separated from ownership of any Lot which is subject to assessment by the Association. Ownership of a Lot shall be the sole qualification for Class A membership in the Association. No Lot Owner shall execute any deed, lease, mortgage or other instrument affecting title to his Lot Ownership without including therein both his interest in the Lot and his corresponding ownership. Any such deed, lease, mortgage or instrument purporting to affect the

Unofficial Document

one without including also the other shall be deemed to include the interest so omitted even though the latter is not expressly mentioned or described therein.

The Developer shall be the sole Class B Member of the Association. The Developer shall become a Class A Member upon and following the termination of Class B memberships as hereinafter provided in the Declaration for each Lot in which they hold the interest required for Class A membership by this Article II. The Developer may assign all or any part of such Developer's rights as the Developer hereunder, and all or part of the Developer's Class B voting rights. However, such assignment shall be made only by warranty deeds, deeds, deeds of trust or specific instruments of assignment, properly recorded, which specifically refer to the rights to be assigned.

ARTICLE III **VOTING RIGHTS**

Section 1. Membership. The Association shall have two classes of memberships as follows:

a. **Class A.** Class A Members shall have one (1) vote at all meetings of the Association for each Lot in which they hold the interest required for Class A membership by Article II of the Declaration. When more than one (1) person holds such an interest in any Lot, the vote for such Lot shall be exercised as they among themselves determine, but in no event shall more than one (1) vote be cast with respect to any Lot. There shall be one (1) Class A Membership which attaches to each Lot that is owned by a person other than the Developer and any assignee of the Developer's Rights as the Developer under this Declaration.

b. **Class B.** The Developer shall, at the outset, hold 36 Class B Memberships and Class B votes which represent one Class B membership and one Class B vote allocated to each of Lots 102 through 132, as shown by the Plat, and five (5) additional Class B memberships and votes held by the Developer which are not assigned to or allocated to any Lot.

Section 2. Decrease in Number of Class B Votes. When a Lot is conveyed by the Developer to any Person other than the Developer (or an assignee of the Developer's Rights), then the Class B membership attributable to such Lot shall cease and terminate even if the Lot is conveyed to a Builder.

Section 3. Termination of Class B Votes Attributable to a Lot If Residence on Lot Is Occupied as a Residence. If a Residence on a Lot owned by the Developer is occupied as a dwelling, then the Class B membership attributable to such Lot shall cease and terminate and a Class A Membership shall immediately attach thereto.

Section 4. Ultimate Termination of Class B Votes. In any event, all Class B voting rights and Class B memberships in the Association shall cease and terminate upon the happening of the earliest of the following events to occur:

a. When all Class B memberships as to all then-existing Lots contained within the Parcel and the Development have terminated;

Unofficial Document

b. On December 31, 2055;

c. The Developer elects to terminate all remaining Class B Memberships at an earlier date by recording in the real estate records of Boone County, a written instrument which terminates all remaining Class B Memberships.

Section 5. Temporary Non-Exercise of Class B Voting Rights and Class B Memberships. A failure of the Developer to cast the Developer's Class B votes or to exercise any of the Developer's rights as the Developer shall not constitute a waiver of such votes or rights. The Developer may, from time to time, elect not to exercise the Developer's Class B voting rights and Class B memberships in order to allow the Class A Members of the Association to assume the management and control of the Association for one or more probationary periods. The Developer may thereafter reassert control over the Development and the Association by again electing to exercise the Developer's Class B votes and Class Memberships and Class B voting rights. In the absence of a written, recorded expression of intention to permanently relinquish the Developer's Class B memberships and Class B voting rights, no failure by the Developer to cast the Developer's Class B votes or to exercise the Developer's Class B membership shall be deemed to be a relinquishment of the right on the part of the Developer to exercise the Developer's Class B membership rights and Class B voting rights. Further, even if the Developer elects not to cast the Developer's Class B votes or exercise the rights of the Developer's Class B memberships, the Developer shall nevertheless retain all Architectural Control provided for by Article VII of this Declaration, unless such Architectural Control is specifically relinquished in a writing recorded in the Real Estate Records of Boone County, Missouri.

Section 6. Class B Memberships Terminate/Class A Voting Rights Attach. From and after the happening of the earliest of those events specified in Section 4 above, all Class B memberships and Class B voting rights in the Association shall be terminated and the Developer shall be deemed to be a Class A Member, entitled to one (1) vote for each Lot in which it holds an interest required for Class A membership under the terms of Article II of the Declaration.

Section 7. Attachment of Class A Membership. If a Lot is conveyed by the Developer to any Person other than the Developer, then the Class B membership attributable to such Lot shall cease and terminate and a Class A membership shall automatically attach to such Lot.

ARTICLE IV LOTS

All Lots shall be legally described by the identifying number pertaining to such Lot, as shown on the Plat. Every deed, lease, mortgage or other instrument may legally describe a Lot by its identifying number as shown on the Plat, and every such description shall be deemed good and sufficient for the purposes. Any description of a Lot shall be deemed to include, convey, transfer and otherwise affect the Owner's corresponding membership in the Association. Ownership of a Lot and of the Owner's corresponding membership in the Association shall not

Unofficial Document

be separated. No Lot owned by any person other than the Developer shall, by deed, plat, court decree or otherwise, be subdivided, or in any other manner, separated into tracts, parcels, portions or units smaller than the whole Lot, without prior approval of the party holding Architectural Control under Article VII of this Declaration. However, nothing contained herein shall prevent partition of a Lot as between co-owners, if such right of partition is otherwise available, but such partition shall not be in kind. The provisions of this Article IV to the contrary notwithstanding, the Developer reserves the right to amend the Plat as to Lots owned by the Developer by changing Lot lines of such Lots, subdividing such Lots, moving Lot lines for such Lots, increasing the number of such Lots, reducing the number of such Lots, combining such Lots or otherwise providing for amendments of the Plat as to such Lots. There shall be no restrictions upon the Developer making any such revisions or amendments in the Plat or any plat as to any Lot or land owned by the Developer. Each of the Lots shall be subject to the provisions of this Declaration, and the Lot Owners of each of the Lots shall be subject to all of the terms, covenants, conditions and provisions of this Declaration.

ARTICLE V **THE ASSOCIATION**

Section 1. Formation. The Association shall be formed for the purposes of owning and providing maintenance for Common Areas and Common Elements, acting as an association of the Lot Owners and enforcing any of the provisions of this Declaration which may be enforced by the Association. The Developer shall cause the Association to be formed by incorporating the Association in accordance with the general not-for-profit corporation law of the State of Missouri, upon the conveyance of the first Lot within the Development to a person or persons other than the Developer. Upon the formation of such Association, every Lot Owner then holding or thereafter acquiring an interest in a Lot required for Class A membership under the terms of Article II of this Declaration shall automatically become a Class A Member in the Association.

Section 2. Bylaws. Following incorporation, the Association shall adopt bylaws which are substantially in the form of the Bylaws attached hereto as Exhibit A.

Section 3. Administration. The Development shall be administered by the Association. The Association, in turn, shall be managed by a Board of Directors. The Board of Directors shall have general responsibility to administer the Development, approve the annual budget of the Association, provide for the collection of monthly or other assessments from Lot Owners, arrange and direct (or contract for) the management of the Development, and otherwise handle any matter generally pertaining to enhancing, maintaining or benefitting the Development.

Section 4. Board of Directors. During such time as both Class A and Class B voting rights are in existence, the Board of Directors shall consist of three (3) directors with two (2) members to be elected by the Class B Members of the Association and one (1) member to be elected by the Class A Members of the Association. The members of the Board of Directors elected by the Class B Members need not be Lot Owners and need not own an ownership interest in any Lots. Directors elected by Class A Members must be natural persons and must be a Lot

Owner. After Class B voting rights have ceased to exist, the Board of Directors shall consist of natural persons who must be Lot Owners. After Class B voting rights have ceased to exist, then the size of the Board of Directors may be varied by the affirmative vote of the Class A Members of the Association but shall be three (3), five (5) or some other odd number as determined by the Class A Members. After Class B voting rights have ceased to exist, all members of the Board of Directors shall be elected by the members of the Association. The Directors shall be elected in the manner, and for the terms, specified by the Bylaws, except as hereinabove provided to the contrary.

Section 5. General Powers and Duties of the Association. The Association, for the benefit of all Lot Owners, shall have the following powers and duties:

- a. Providing for all maintenance, repairs, replacements, servicing and upkeep for the Common Areas and Common Elements;
- b. Establishing reasonable rules and regulations governing the Common Areas and the Common Elements;
- c. Obtaining policies of insurance insuring the Association, and its members, and its Board of Directors against any liability to any persons, including Lot Owners or their invitees or tenants in such limits as the Association's Board of Directors shall, in its sole and absolute discretion, from time to time, determine appropriate. Such insurance shall be payable to the Association in trust for the benefit of the Association and the Lot Owners. The Association may also obtain Worker's Compensation Insurance to the extent necessary to comply with any applicable laws and statutes of the State of Missouri;
- d. When the Association's Board of Directors, in its sole and absolute discretion, deems it advisable to do so, the retaining of the services of such accountants, attorneys, employees and other persons as the Association's Board of Directors shall, in its sole and absolute discretion, deem necessary in order to discharge the Association's duties;
- e. Providing for the maintaining of all lawns, landscaping and improvements within the Common Areas and Common Elements, and all lawns, trees, shrubs, signs, monuments, berms, lighting, electrical fixtures, irrigation systems, entryway structures and other improvements located within any such easements;

- g. Obtaining, providing and paying for any other materials, supplies, labor, services, maintenance, repairs, structural alterations, insurance or other items which the Association is required to secure or pay for pursuant to the terms of this Declaration, the Bylaws or by law, or required for the enforcement of any restrictions set forth in the Declaration;
- h. In the discretion of its Board of Directors, providing for the maintenance and repair of any portion of any Lot, any Residence, improvement located on any Lot or of any

i. Enforcing those standards for maintenance, repair, replacement and upkeep hereinafter set forth in this Declaration;

j. Enforcing any of the provisions of this Declaration, including the Use Restrictions;

k. Enforcing any provisions dealing with Architectural Control which it is required to enforce in accordance with the following provisions of this Declaration;

l. To take all actions which are required to properly maintain, repair, operate, keep, use and upgrade or modify to the extent necessary, any Stormwater Facility, in order to keep such Stormwater Facility in compliance with any requirements of the City or any other governmental authority having jurisdiction over the Development; and

m. Taking all further actions necessary or incidental to the foregoing powers and duties.

Section 6. Entry onto Lots. The Board of Directors of the Association may, upon reasonable notice, enter any Lot in connection with the Association's exercise of its powers and duties, or for the purpose of performing any inspection, maintenance, repair, construction or reconstruction for which the Association is authorized or empowered to perform. Such entry shall be made with as little inconvenience to the Lot Owners as practicable, and any damage caused thereby shall be repaired by the Association and paid for from the Maintenance Fund as hereinafter established.

Section 7. Limitation Upon Power of Association and Board of Directors. The powers of the Association and its Board of Directors as hereinabove set forth shall be limited in that they shall have no authority to acquire and pay for out of the Maintenance Fund any capital additions and improvements having a total cost in excess of Twenty Thousand Dollars (\$20,000.00) without the approval of a majority of the Class A Members and a majority of the Class B Members. The provisions of this Section 7 notwithstanding, however, the Association and its Board of Directors shall be authorized and required to expend from the Maintenance Fund any funds required to maintain, repair, replace, improve or upgrade any Stormwater Facility in order to keep same in compliance with any Stormwater Plan.

Section 8. Rules and Regulations. The Association's Board of Directors may adopt and amend administrative rules and regulations for the use, operation, maintenance, conservation and beautification of the Common Elements and Common Areas, and for the health, comfort, safety and general welfare of the Lot Owners and occupants of Residences located on the Lots, and for the general appearance of the Development.

Section 9. Active Business. Nothing contained herein shall be construed to give the Association or its Board of Directors authority to conduct an active business for profit on behalf of the Lot Owners.

ARTICLE VI **MAINTENANCE FUND - ASSESSMENTS**

The Developer hereby covenants, and each Owner of each Lot is deemed to covenant and agree to contribute and pay assessments in accordance with the provisions of this Article VI.

Section 1. Creation of a Lien and Personal Obligation for Assessments. The Developer hereby agrees, and each Owner of each Lot within the Development by acceptance of a deed therefor, whether or not it shall be so expressed in any deed, or other conveyance, shall be deemed to covenant and agree to pay to the Association the Initial Assessment, Annual Assessment and all Special Assessments and all other charges hereinafter described in this Article VI. All such assessments shall be fixed, established and collected as provided in this Declaration. All such assessments, sums and charges, together with interest thereon and costs of collection thereof, shall be a charge on the Lots, and each of the Lots, and shall be a continuing lien upon the Lot and each of the Lots against which each such assessment or charge is made. Each such assessment or charge shall also be the joint and several personal obligation of the person or persons who were the Owners of the Lot at the time when the assessment fell due.

Section 2. Purpose of Assessments. The assessments levied by the Association shall be used exclusively by the Association to discharge its duties and obligations as provided for by the Declaration.

Section 3. Maintenance Fund. The Annual Assessments and all other special assessments and charges established and collected under the terms of this Article shall constitute a fund to be known as the "Maintenance Fund".

Section 4. Initial Assessment. At the outset, there shall be an Initial Assessment in the amount of One Hundred and 00/100 Dollars (\$100.00) per Lot. The Initial Assessment shall be a single, one-time assessment due and payable from each person purchasing a Lot from the Developer. The Initial Assessment as to each Lot shall be payable in one lump sum and shall be due at the closing of the first sale of such Lot.

Section 5. Annual Assessment. Upon the closing of the sale of each Lot from the Developer to a Builder or any other person or entity, such Lot shall become subject to Annual Assessments. The Annual Assessment shall be Two Hundred and 00/100 Dollars (\$200.00) per Lot per year unless the Board of Directors of the Association has elected to increase or decrease the amount of the Annual Assessment in the manner set forth in this Declaration. Lots owned by the Developer shall not be subject to Annual Assessments until such time as a Residence is located on such Lot and is occupied as a residence. The Annual Assessment shall be prorated for the first year in which a Lot becomes subject to Annual Assessments and shall be due and payable in one lump sum at the closing of the sale of such Lot. Thereafter, Annual Assessments shall be due and payable on January 1st of each calendar year in one lump sum.

Section 6. Contingencies and Shortages. The Board of Directors shall build up and maintain such reasonable reserves for contingencies and replacements as the Board of Directors, in its sole and absolute discretion, shall from time to time deem appropriate. Extraordinary expenditures and replacements which may become necessary during the year shall be charged first against such reserve. If the balance of the Maintenance Fund is insufficient to pay for the expenditures, repairs and replacements which the Association is obligated to perform, then the sum of the deficiency shall be shared equally by the Owners of all Lots within the Development which are then subject to Annual Assessments.

Section 7. Changing Annual Assessment. After the termination of all Class B Memberships, the Board of Directors shall meet annually on or before November 1st of each calendar year to establish the Annual Assessments for the following calendar year. The Annual Assessments must be assessed on an equal, "per lot" basis. In the event the Board of Directors fails to set an Annual Assessment for any calendar year, then the Annual Assessment for all Lots subject to assessment for such year shall be the amount of the Annual Assessments in effect for the prior calendar year.

Section 8. Special Assessments for Capital Improvements. In addition to the Annual Assessments authorized above, the Association may levy a special assessment against all Lots, in an amount determined by the Board for the purpose of defraying, in whole or in part, the cost of any construction or reconstruction, or unexpected repair or replacement of a capital improvement upon the Common Area or Common Element, or otherwise determined to be for the mutual or common benefit of all Lot Owners or the Development.

Section 9. Special Lot Assessment. If a Lot Owner fails to perform any maintenance, repair or replacement obligations imposed upon such Lot Owner by this Declaration, then the Board of Directors shall be authorized to cause the maintenance, repair or replacement to be performed (including, but not limited to, mowing, irrigation, trimming, weed control, landscaping, gardening, snow removal, painting, cleaning, tuckpointing, maintenance, repair or replacement); provided, however, that the Board of Directors shall provide the Lot Owner with fifteen (15) days written notice prior to causing such work to be performed. In the event the Board of Directors causes such work to be performed, the costs of such work shall be charged to the Lot Owner and such cost shall become a Special Lot Assessment against such Lot. The Special Lot Assessment shall be due and owing by the Lot Owner in time to permit timely payment of the costs of the work. Special Lot Assessments shall be added to and become a part of the assessments to which the Lot is subject, shall constitute a lien upon the Lot and shall be enforceable in that manner provided for in this Article VI. Each Lot Owner hereby agrees that such Lot Owner totally, completely and unconditionally releases, discharges and exonerates the Association, its Board of Directors and its officers, employees, contractors and designees, from any and all claims which arise out of or which relate to actions taken by them pursuant to this Section 9, provided only that the Association, its officers, Board of Directors, employees or designees or contractors do not act in an arbitrary or capricious manner. Each Lot Owner specifically agrees that the maintenance of each Lot and of the Residences thereon are of the essence in preserving the value of the Lots, the Residences thereon, and the proper use and enjoyment by all Lot Owners of their respective Lots and Residences.

Section 10. Special Assessment for Replacement or Non-Periodic Maintenance. In the event it becomes necessary to repair or replace any Common Element and if the Maintenance Fund balance is insufficient to cover the costs of such repair or replacement, then the costs of such repair or replacement shall be apportioned equally among all of the Lots then subject to Annual Assessments as a Special Assessment as to each such Lot. Each such Lot Owner shall pay the Association the Special Assessment upon receipt of written notice from the Board of Directors. The Board of Directors shall use the Special Assessment to pay the costs of such repair or replacement.

Section 11. Uniform Rate of Assessment. The Assessments must be fixed at a uniform rate for all Lots which are subject to the specific Assessments, with the exception of those "Special Lot Assessments" described in paragraph 9 above.

Section 12. Alteration of Number of Lots. The Developer reserves the right to amend the Plat by changing the number of Lots, by subdividing Lots, and by changing the boundary lines of Lots. Any Lots owned by the Association shall be considered a Common Area or a Common Element and shall not be subject to any assessment.

Section 13. Enforcement of Assessments. All Assessments shall be delinquent if not paid when due. Each delinquent payment shall immediately be subject to a daily "Late Payment Charge" of Five Dollars (\$5.00), for the first (1st) day and each subsequent day the sum remains unpaid until the earliest to occur of the sixtieth (60th) day after the sum of the Assessment became payable or the date when the sum is paid, as the case may be. Such Late Payment Charge shall become a part of the Assessment which is unpaid and shall be considered to be an Assessment for all purposes under this Article. The Assessment and Late Payment Charge must be paid by the Lot Owner of the applicable Lot. If any sum of any Assessment, together with applicable Late Charges, if any, shall remain unpaid for sixty (60) days of the date when due, then the sum of the Assessment plus the sum of the Late Charges shall bear interest at the rate of nine percent (9%) per annum beginning with the sixty-first (61st) day following the original due date and ending when paid in full.

a. All Assessments, accrued interest and all costs of collection incurred by the Association in seeking to enforce payment of an Assessment and/or in seeking to foreclose upon or to enforce the lien for such Assessment (including, but not limited to, attorney's fees) shall be due and payable by the Lot Owner to the Association, and the Association may collect such Assessments (and all subsequent Assessments). All costs of collection of Assessments, including reasonable attorneys' fees, shall be added to and shall constitute a part of such Assessments and shall be chargeable and collectable as a part of the Assessments.

b. The Board of Directors may enforce Assessments as follows:

i. All Assessments provided for by this Declaration shall constitute the personal obligations of the Lot Owners who own those Lots which are charged with said Assessment. If more than one person owns a Lot, then such obligation shall be the joint and several obligation of all such persons who own said Lot. In addition, such Assessment shall

Boone County, Missouri

constitute a lien against a Lot Owners' Lot and all improvements located thereon, including any Residence, if not paid in a timely manner.

ii. The Association may collect said Assessment by initiating a lawsuit against the Lot Owner(s). Alternatively, or in addition, the Association may foreclose its lien against the Lot which is charged with the Assessment lien, and recover as a part of such action all interest, costs, and attorneys' fees of such foreclosure action or such lawsuit, or both.

c. The lien to secure the payment of an Assessment shall be in favor of the Association and the Board of Directors shall have the discretion as to whether or not to enforce such lien and the manner of enforcement.

d. Any lien against a Lot may be foreclosed in the same manner as a mortgage or deed of trust of real property (with full power of sale) as provided in Sections 443.190 through 443.235 of the Revised Statutes of Missouri and any amendatory or successor statutes thereto. If any such foreclosure does not result in full payment of the Assessment, then the Lot Owner shall remain obligated for the deficiency, together with interest thereon as described above and costs of collection thereof, including attorneys' fees. Each Lot Owner, by acceptance of a deed for such Lot Owner's Lot, agrees that the lien against a Lot shall constitute a lien that may be foreclosed in the manner hereinabove described and agrees that any such lien shall be treated as a special lien on the Lot Owner's Lot identical to the lien of a deed of trust upon real property (with full power of sale). Any member of the Board of Directors of the Association or any Managing Agent of the Association may act as if he or she is the "trustee" under a deed of trust, foreclosing the lien in the manner hereinabove described in this subsection. The lien, therefore, may be foreclosed in the same manner as is provided for by the above referenced sections of the Missouri Statutes for foreclosure upon a deed of trust upon real property, with full power of sale, with each Lot Owner granting to the Association, each member of its Board of Directors, its officers and its Managing Agents, as trustee, a lien comparable to (identical to) a deed of trust lien upon real property, with the lien to be foreclosed in such manner.

e. The Association may elect to bring suit against the Lot Owner(s) for the collection of such unpaid Assessment without waiving or affecting the Association's right to assert said lien against the Lot and without affecting the priority, status, or enforceability of said lien.

f. The Association shall not be deemed to have waived any right to collect an Assessment by proceeding in a particular manner, i.e., the election by the Association to collect an unpaid Assessment by foreclosing on the Assessment lien which attaches to a Lot shall not preclude the Association from thereafter filing suit to enforce said lien, or vice versa.

Section 14. Notice and Priority of Lien in Favor of Association. The lien which secures payment of an unpaid Assessment or Assessments described in this Declaration shall have such priority as is accorded to the lien based on the date when the Association records notice of its lien in the office of the Recorder of Deeds of Boone County, Missouri. The lien in favor of the Association shall be inferior to any mortgage or deed of trust placed of record against a Lot prior to the date of recordation of such lien notice in the office of the Recorder of

Boone County, Missouri

Deeds of Boone County. An Assessment lien shall be superior to the lien of any mortgage or deed of trust filed of record against any Lot subsequent to the date of the recordation of notice of such Assessment lien by the Association. The lien in favor of the Association shall arise and constitute a lien against a Lot from and after the date of such recordation. The Association may record such lien notice in the office of the Recorder of Deeds of Boone County, Missouri any time after the date when an Assessment becomes delinquent. No prior written notice to an Owner shall be required to be given by the Association before the recordation of such notice in the office of the Recorder of Deeds of Boone County, Missouri.

Section 15. Release of Assessment Liens. The Association shall release each lien for unpaid Assessments when the unpaid Assessment is paid by recording a release of such lien in the real estate records for Boone County, Missouri.

ARTICLE VII **ARCHITECTURAL CONTROL**

Section 1. Development Subject to Architectural Control. No Residence, accessory building or any other structure or improvement of any kind whatsoever shall be constructed, modified, remodeled, renovated or replaced on or within any Lot unless and until Plans and Specifications for such improvement have been submitted, reviewed and approved in accordance with the provisions of this Article.

Section 2. Plans and Specifications Required. If a Builder or Lot Owner other than the Developer desires to construct, modify, remodel or replace any Residence, ancillary building or structure or any other improvement, then such Lot Owner or Builder shall submit two (2) copies of "Plans and Specifications" for the proposed construction. The Plans and Specifications shall show and describe the following: 1) the nature of the improvement; 2) the dimensions of the improvement, including, but not limited to, the height and footprint of the improvement; 3) a site plan showing the location of the proposed improvement on the Lot; 4) a depiction of the improvement which shows the kind, color and shape of all exterior building materials; 5) the roof color and the roof materials; 6) for a Residence, the front, side and rear elevations of any Residence; 7) the floor plan of any Residence; 8) the location and type of paving materials for all driveways; and 9) all other information as may be reasonably required by the party with Architectural Control. The requirement to provide Plans and Specifications shall apply to **all** structures and improvements to be located on a Lot, including, but not limited to, the proposed Residence, any shed, deck, gazebo, greenhouse, doghouse, shelter, outbuilding, fence, patio, retaining wall, privacy fence or screen, court, pool, swing set, treehouse, swing set and playhouse.

Section 3. Architectural Control Vested in Developer. So long as Class B Memberships are in existence and the Developer owns a Lot in the Development, then all Architectural Control shall be vested in the Developer. During such time as Developer holds Architectural Control, Builders and Lot Owners shall submit Plans and Specifications to the Developer. Upon receipt of a complete set of Plans and Specifications, the Developer shall have thirty (30) days to review the Plans and Specifications. The Developer may approve, reject or request modifications to Plans and Specifications as Developer, in its sole and absolute discretion

deems appropriate. The Developer's rights to approve plans and specifications shall be absolute. No requirement that the Developer be reasonable in approving, or in refusing to approve, plans or specifications shall be deemed to be expressed or implied. Any approval of the Developer of Plans and Specifications must be in writing. If the Developer has failed to respond within thirty (30) days of receipt of a complete set of Plans and Specifications, the Plans and Specifications shall be deemed rejected.

The Developer shall have the right to reject Plans and Specifications, which the Developer, in its sole and absolute discretion, finds to be unattractive, not of high quality, incompatible with existing or planned Residences or incompatible or inconsistent with the theme or general character of the Development.

The Developer's determinations shall be binding and absolute. The Developer shall be and is hereby excused from any liability or responsibility to anyone for any determinations made by the Developer with respect to approval or rejection of any plans, drawings or specifications submitted for approval. All rights exercised by the Developer pursuant to this Article, are exercised for the Developer's benefit alone. If the Developer approves Plans and Specifications, then the Developer shall have no liability or responsibility of any kind or nature whatsoever to the Owners of any other Lots with respect to the approved Plans and Specifications.

Section 4. Architectural Control Vested in the Architectural Review Committee. Upon the termination of all Class B Memberships, the Developer's Architectural Control powers shall be deemed to terminate and thereafter Architectural Control shall vest in the Association's Architectural Review Committee. The Board of Directors shall appoint two members of the Board to serve as the Architectural Review Committee. After the termination of Developer's Architectural Control, any Owner desiring to construct, alter, replace any Residence, accessory building, fence, wall, enclosure, post, pole or other structure or driveway, sidewalk, walkway, or any other improvement shall submit two copies of Plans and Specifications to the Architectural Review Committee. In the event the Architectural Review Committee fails to approve or disapprove such design and location within thirty (30) days after submission of the Plans and Specifications, the Plans and Specifications shall be deemed approved. All Architectural Control decisions made by the Architectural Review Committee must be sound and reasonable and must not be arbitrary or capricious. If the Committee rejects Plans or Specifications, the Committee must have reasonable grounds for such rejection.

Section 5. Developer/Architectural Review Committee to Keep Copies. The Developer or the Architectural Review Committee shall be entitled to retain one (1) complete copy of the Plans and Specifications following approval so as to enable the Developer or the Architectural Review Committee to monitor compliance with Plans and Specifications.

Section 6. Manner of Submitting Plans and Specifications. The Builder, Lot Owner or other person who seeks approval of Plans and Specifications pursuant to these Architectural Control Provisions shall have the burden of proof to prove that two copies of the Plans and Specifications were submitted to the Developer or the Architectural Review Committee, as the case may be. Such proof shall consist of a written receipt or written confirmation of receipt from the Developer or a member of the Architectural Review Committee.

Unofficial Document

any kind or nature whatsoever shall be located in any yard on any Lot. Satellite dishes and antennas may only be located on the roofs of Residences in a location which is not visible from any adjacent Residence, public street or driveway, except as may be erected by the Developer or as shall be approved in advance in accordance with the above architectural control provisions of this Article VII. No air conditioning, heat pumps or other types of installation shall be installed or permitted which appear on the exterior of any Residence or which protrude through the walls, roof or window area of any Residence on any Lot, or which are located on any Lot, except as may be installed by the Developer or the Builder in the original construction or as may be subsequently approved in accordance with the architectural control provisions set forth in Article VII of this Declaration.

Preemption by Federal Regulations and Federal Law. It is understood that federal regulations of the Federal Communications Commission, and other federal law, to some extent, have preempted and may hereafter preempt the rights of Associations to approve or disapprove of certain satellite receiving dishes, or broadcast receiver dishes, or television receiving dishes. The intention is that the Developer, the Association's Board of Directors, or its Architectural Control Committee, shall have and retain all authority under this Article VII (to the maximum extent lawfully permitted) which is permitted by applicable federal law and regulation, but that such authority shall automatically be modified to conform with federal law or regulation, or any other applicable law or regulation. To the extent that the party holding Architectural Control may control the type, location, or placement of satellite receiver dishes, television receiver dishes or antennas, or antennas designed to receive a direct broadcast satellite signal or service ("DBS"), the party holding Architectural Control shall have the right and authority, reasonably (and acting in good faith) to specify the locations for, and the types of, and the color of and screening for, such satellite receiver dishes or antennas. All satellite dishes and antennas, whether broadcast or receiving, other than those which are governed by rules of the Federal Communications Commission or any similar Governmental Authority, shall be subject to all of the Architectural Control provisions of this Article VII. All DBS dishes and antennas, and other satellite dishes, which are governed by rules and regulations of the FCC or any other Governmental Authority, shall be subject to such reasonable restrictions as the party holding the Architectural Control powers under this Article VII may lawfully impose, in accordance with applicable FCC regulations or other applicable law.

Unless applicable law prevents such restriction, the location of any satellite dishes or receivers, including DBS dishes or receivers, must be approved, in advance of installation, by the party with Architectural Control hereunder.

Section 15. Sodding and Landscaping Requirements. In addition, as a part of the Plans and Specifications, the Builder or Lot Owner must provide to the party with Architectural Control a landscaping plan for the Lot on which a Residence is proposed. All Lots must be landscaped in accordance with the following provisions of this Section 15; provided, however, that the Developer may impose additional or differing landscaping requirements and landscaping plan requirements, including those which are more extensive or restrictive than the ones set forth as follows:

Boone County, Missouri

BOONE COUNTY MO DEC 01 2020

a. Sodding. The front yard, rear yard and side yard of each Lot must be sodded. All sodding must be successful and must produce an attractive and substantial stand of grass. If sodding is unsuccessful then the sodding must be redone until a substantial stand of grass is obtained. Reasonable steps shall be taken in order to prevent erosion.

b. Irrigation. An irrigation system must be installed and used regularly for the front yard, side yard and rear yard of each Lot. Notwithstanding the foregoing, the Developer may elect, in its sole and absolute discretion, to waive the irrigation requirement with respect to portions of any Lot which are forested or which consist of a significant number of trees such that an irrigation system would be impracticable.

c. Trees and Shrubs. Each Lot Owner shall also be responsible for installing two shade or ornamental trees which shall have a minimum caliper size of at least three inches (3") in the front yard of such Lot between the sidewalk and the curb. Upon the party with Architectural Control's approval, one of the foregoing trees may be located between the sidewalk and the front elevation of the Residence in limited circumstances. In addition, each Lot shall include a planting bed immediately adjacent to the front elevation of each Residence which includes at least four (4) three-gallon shrubs.

The sodding and landscaping requirements must be completed within no more than thirty (30) days after the completion of the Residence on a Lot; provided that if a Residence is first occupied between November 15 of a year and March 1 of the following year, then the sodding shall be completed no later than May 1 of such following year.

In the event the landscaping or sodding is not installed in accordance with the provisions of this section 15, the landscaping or sodding may be installed by the Developer or the Architectural Review Committee, whoever holds the Architectural Control powers under this Article VII. If the sodding and landscaping is installed, repaired or remedied by the Developer or the Association's Architectural Review Committee, then the Lot Owner shall be obligated to reimburse the party who installed such items for all installation expenses, plus an additional twenty percent (20%) of such costs and expenses as a fee for such installation and all such sums shall bear interest at the rate of eighteen percent (18%) per annum.

d. Lawns and Landscaping Must be Maintained. All lawns and landscaping which are required pursuant to this Section must be maintained in a good, living, attractive condition. Lawns and landscaping must be kept properly mowed and weed free.

Section 16. Sewers. Each Residence located on a Lot must be connected to the public sewer line/sewer main which serves the Lot, in order that wastewater disposal services will be provided by the public entity which then provides public sewer service and wastewater treatment services for the Development. Septic tanks and individual wastewater treatment systems shall be prohibited. Use of the public sewer system is required.

Section 17. Mailboxes. The location of all mailboxes shall be determined by the U.S. Postal Service. All Lots within the Parcel are required to have a mailbox and post, which is approved, in advance, by the party with Architectural Control.

Unofficial Document

Section 18. Basketball Goals. Permanently installed basketball goals must be approved prior to installation by the party with Architectural Control. Basketball goals shall not be installed or kept within a street right-of-way or attached to a Residence.

Section 19. Garages May Not Be Converted to Living Space or Storage Space. Garages may not be converted to or used as habitable space for pets or humans. Garages must be used for the primary purpose of parking and storage of automobiles.

Section 20. Construction of Sidewalks. Each Lot Owner who purchases or acquires a Lot from the Developer shall be required to construct any sidewalks that are required, if any, by the City of Columbia to be placed on such Lot for each street frontage (front yard, side yard or rear yard) of such Lot. Such sidewalks must be constructed in accordance with all performance contracts and laws, rules, regulations and ordinances which apply to the Lot. Each Lot Owner, therefore, upon acceptance of conveyance of a Lot to the Lot Owner by the Developer shall be deemed to have agreed to assume, pay and perform, all of the Developer's duties and obligations under all performance contracts and laws, ordinances, rules and regulations which apply to such Lot and such Lot Owner shall indemnify, defend, save and hold harmless the Developer of and from, any and all, and each and every, suit, action, cause of action, demand, loss, expense or liability arising out of the Lot Owner's failure to construct any sidewalk required to be placed within the Lot Owner's Lot, even if the Lot Owner does not build a Residence on such Lot, as the requirements for such sidewalk are described in any plat, any performance contract or law, ordinance, rule or regulation which applies to such Lot.

ARTICLE VIII **MAINTENANCE**

Section 1. General Maintenance by Association. The Association shall provide for all maintenance, repairs, replacements, servicing, upkeep and insurance for any Common Areas and Common Elements. The Association shall pay all taxes upon the Common Areas and Common Elements, and shall provide adequate liability insurance, and fire and casualty insurance, for the Common Areas and Common Elements.

Section 2. Maintenance and Repair by Lot Owners. Each Lot Owner shall maintain his Lot, the Residence, all improvements located on the Lot and the Lot's lawn so as to keep the them in a good, clean, neat, safe, attractive and well maintained condition and appearance. Such items shall be free from weeds, pest infestations and all junk, trash and debris, and free and clear of all dead or dying lawns, trees or vegetation, and any conditions which would reasonably be deemed to be unsightly or to evidence poor maintenance or lack of maintenance, repair or upkeep.

Section 3. Standards of Maintenance, Repair and Replacement. The Association shall maintain Common Areas and Common Elements, and each Lot Owner shall maintain, repair and replace his Lot, and all portions thereof, and all Residences and improvements located thereon, so as to maintain such items in a clean, safe, neat and attractive condition. It is the intention that the Development be maintained as a Development of the highest order and that

Unofficial Document

high standards of cleanliness, safety, neatness, beauty, attractiveness and aesthetics be maintained. The Developer further intends that the Development be free of any conditions of unsightliness, including, but not limited to: chipped, flaking or discolored paint; weeds; dead or dying lawns, trees, shrubs, vegetation or the like; lawns which are not properly mowed, weeded, treated for weeds, trimmed, edged, irrigated or fertilized; discolored roofs or roofs requiring patching, replacement, repair or maintenance; loose, rusted or discolored gutters or downspouts; walkways, driveways, sidewalks or parking areas requiring patching or resurfacing; brick surfaces in need of cleaning or tuckpointing; or other conditions of any kind or nature whatsoever which would reasonably be construed as not in keeping with reasonable standards of cleanliness, safety, neatness, beauty, attractiveness or aesthetics. The Association's Board of Directors may establish reasonable minimum standards for the maintenance, repair and replacement of Residences, lawns, landscaping and other improvements located within Lots, in order that uniform standards for the maintenance, repair, replacement, servicing and upkeep be kept and maintained throughout the Development.

Section 4. Special Assessment. In the event any Lot Owner fails to perform any repair, replacement or maintenance specifically imposed upon such Owner by this Declaration and the Association's Board of Directors, in its reasonable discretion determines that the conditions require maintenance, repair, replacement or servicing then the Board of Directors shall have the right (but not the obligation) to enter the Lot to perform such maintenance, repair, replacement or service. Such entry shall be made only after reasonable notice, although no notice shall be required in the event of an emergency. The costs of maintenance, repair, replacement or servicing shall constitute a Special Lot assessment, as defined above.

Section 5. Repeated Violations. If a Lot Owner violates any of the standards of maintenance, repair or replacement established for such Lot Owner's Lot by this Declaration on two (2) or more occasions, then, in addition to other remedies under this Declaration, the Association's Board of Directors may, in the name of and on behalf of the Lot Owner, enter into a contract with a maintenance company, mowing company, lawn care company or similar company or contractor to perform the necessary maintenance, repairs or servicing within the Lot Owner's Lot, and may cause the cost of such work to be charged to the Lot Owner and to become a Special Lot Assessment, as defined above.

Section 6. Maintenance of Stormwater Facilities. The Association shall keep, maintain, repair, replace, improve, operate, and, if necessary, alter and enhance each Stormwater Facility, whether located within any Common Area or within any Lot, as required to cause such Stormwater Facility to at all times perform its intended functions and so as to be in compliance with the Stormwater Ordinance and/or any Stormwater Covenant and/or the Stormwater Plan.

ARTICLE IX GRANTS AND RESERVATIONS OF EASEMENTS

Section 1. Easements for Repair, Maintenance and Restoration. The Association, its directors, employees and agents, shall have a right of access and an easement to, over and through all of the Development, including each Lot, for ingress and egress and all other purposes which enable the Association to perform its obligations, rights and duties with respect to

Unofficial Document

maintenance, repair, restoration and/or servicing under this Declaration. Each Lot Owner agrees that the Association shall have a perpetual, unconditional easement for the purpose of repair, maintenance and restoration and shall have the right to impose Special Lot Assessments as described in Article VI.

Section 2. Other Easements. All other easements shown on the Plat shall exist as shown by the Plat.

Section 3. Easements Over Lots to Stormwater Facilities. The Association shall have an access easement over each Lot which contains or adjoins a Stormwater Facility to which access is reasonably required in order to access any Stormwater Facility so that the Association may perform its duties and obligations as to the Stormwater Facility.

ARTICLE X **COMMON AREAS**

Section 1. Title to Common Areas. The title to the Common Areas may be retained by the Developer until completion of the Development. Thereafter, title to such Common Areas and Common Elements shall be conveyed to the Association and the Association shall maintain such items from the Maintenance Fund. The Association shall have no discretion to refuse to accept a conveyance of the Common Areas or Common Elements. The Association shall not make acceptance conditional or contingent upon satisfaction of any conditions.

Section 2. Designation of Common Areas. The Developer reserves the right to designate any part of the real estate located within the Development as Common Area.

Section 3. Lot C-1. As of the date of this Declaration, Christian Fellowship Church of Columbia, Missouri, Inc. ("Christian Fellowship"), is the owner of record of Lot 101 and Common Lot C-1 of Chapel Hill Meadows, Plat No. 2, recorded in Plat Book 54, Page 36 of the Real Estate Records of Boone County, Missouri and such lots are not subject to the covenants, conditions and restrictions of this Declaration. It is the Developer's intention to negotiate with Christian Fellowship and enter into mutually agreeable contracts with Christian Fellowship for the purposes of constructing amenities on Common Lot C-1, such as pedestrian trails and facilities related to the existing lake, and securing access to such amenities for the Lot Owners within the Development. The Developer expressly reserves the right to execute agreements and easements for the use of, and/or access to, any amenities located on Common Lot C-1 on such terms and conditions as the Developer determines, in its sole and absolute discretion, to be appropriate. However, Developer makes no warranties, guaranties or promises that it will be able to secure access to such amenities. Nothing in this section shall be construed as affirmatively requiring the Developer to construct any amenities on Common Lot C-1 or securing access to the lake or any related amenities for the Lot Owners. In the event the Developer does secure access to amenities on Lot C-1, then such amenities shall be considered "Common Elements" of the Association and the Association may pay for maintenance and repair of such amenities out of the Maintenance Fund.

A “Family” shall mean: 1) an individual, a married couple, or registered domestic partnership and the children thereof, and no more than two (2) other persons related directly to the individual, married couple or registered domestic partnership by blood or marriage who occupy the Residence on a not-for-profit, cost-sharing basis; or 2) a group of not more than three (3) persons not related by blood, marriage or registered domestic partnership, who live together by joint agreement and who each occupy the Residence on a nonprofit, cost-sharing basis.

Notwithstanding the foregoing, nothing contained herein shall prevent the Developer from subdividing or combining its Lots or amending Lot lines for its Lots.

Section 3. Residential Use Only. No Residence shall be used for any purpose other than as a dwelling for a single family. All non-residential uses are expressly prohibited, with the exception of a Home Occupation, as defined in Section 4 below.

Section 4. Home Occupation. Notwithstanding the restrictions in paragraphs 1 and 3 above, a Residence may include a “Home Occupation” as a use incidental to the primary use of the Residence as a single-family dwelling. Home occupation means any occupation or profession carried on by members of the immediate family residing on the Lot, which is subject to the following restrictions of this paragraph 4. No exterior sign or display shall be used in connection with a Home Occupation. Further, no Home Occupation shall involve or employ any person other than a member of the immediate family residing on the premises. No mechanical or electrical equipment shall be used except for that equipment which would ordinarily be found in a single-family dwelling. No traffic shall be generated beyond that which is customarily associated with a single-family dwelling. Home Occupations shall not emit or generate any noise, odor, fumes, dust, vapors or air borne particles. A professional person may use his or her Residence for infrequent consultation, emergency treatment and performance of his profession but shall not use his Residence for regular appointments, consultations or treatments. Home Occupations shall not include barber shops, beauty shops, shoe or hat repair shops, tailoring shops or any type of pick up station or similar personal service. Nothing herein is intended to permit home occupations not otherwise permitted by applicable zoning. Each Home Occupation shall be subject to all applicable zoning regulations. Any Home Occupation not permitted by the City’s zoning regulations shall also be prohibited under this Declaration.

Section 5. Non-Residential Use Prohibited. No churches, religious establishments or institutions, places of worship, schools, places of instruction, daycare homes, daycare centers, preschool centers, nursery schools, babysitting or child care operations, child education centers,

group houses, recovery homes or houses, religious institutions, halfway houses, child development institutions, or similar facilities of any kind, shall be permitted on a Lot. All non-residential uses are expressly prohibited, except for those uses meeting the definition of a Home Occupation.

Section 6. Garage Sales. Unless approved in advance by the Association's Board of Directors, garage and yard sales shall be prohibited. The Board of Directors of the Association shall have the discretion to approve, from time to time, garage sales, yard sales and estate sales. The purpose of the foregoing restriction is to reasonably restrict such sales in order to prohibit a Lot Owner from conducting frequent, periodic sales.

Section 7. Parking. No parking space, yard or driveway within the Development shall be used for the parking of any trailer, truck, boat, camper, mobile home, motor home or commercial vehicle or any vehicle other than operative automobiles, pickup trucks, vans or similar utility vehicles in good, operable condition which are not "commercial vehicles" and which are used as regularly as passenger vehicles. All inoperative vehicles, boats, campers, trailers, commercial vehicles and recreational vehicles must be parked inside a garage or screened from view by a structure, which must be submitted for review and approval pursuant to the Architectural Control provisions of this Declaration. Inoperative automobiles shall not be placed or parked within any uncovered parking space or along any street in the Development.

Section 8. Noxious or Offensive Activities. No illegal, noxious or offensive activity shall be carried on upon any Lot.

Section 9. Debris Free/Clean Construction Site. All Lots shall be kept neat and free of debris and shall be maintained in a sanitary condition. During the process of the construction of a Residence, the Lot shall nevertheless be neat and free of debris. Grass and weeds shall be mowed and each Lot shall, to the extent practicable, be kept in a clean, sightly and safe condition during construction. Trash, dirt, soil, trees, underbrush and similar items shall not be dumped in or placed on any Lot. No Lot Owner may use his or her Lot for the dumping or storage of rock, dirt, debris, soil, building materials or trash, other than in connection with the construction of the Residence that is to be placed on such Lot.

Section 10. Trash Storage and Disposal/Dumping. No Lot shall be used or maintained as a dumping ground for rubbish, trash, garbage or other waste. All trash, rubbish, garbage and other waste must be placed in one or more trash cans or containers which are fly tight, rodent proof, nonflammable and reasonably waterproof. Such cans or containers are to be stored in enclosed locations on Lots.

Section 11. House Trailers, Mobile Homes, Modular Homes and Manufactured Homes/Temporary Structures. No trailer, house trailer, mobile home, motor home, R.V. or recreational vehicle, modular home or manufactured home shall be placed, kept or maintained on any Lot or any street within the Development, for any purposes and no motor home, R.V., camper, mobile home, trailer or similar item or any vehicle shall be used for human habitation. No temporary structures shall be permitted.

Section 12. Livestock, Poultry and Pets. No animals, swine, reptiles, livestock, poultry or pets of any kind shall be raised, bred or kept upon or in any portion of the Development or the Lots, except that dogs, cats and other normal, reasonable household pets may be kept, pursuant to the restrictions of this Section 12. Household pets may not be kept, bred or maintained for any commercial purpose. Household pets must be kept at all times under control and within the boundaries of the Lot on which they are kept. No pets shall be allowed to run loose on any portion of the Development. The Owner of a Lot which has pets shall bear all risks which result from the presence of pets. Accordingly, such Owners shall be absolutely responsible for adherence by the pets to these conditions and absolutely liable for any and all damage done by such pets and due care or absence of negligence shall not constitute a defense. No pets shall be permitted to disturb others by excessive barking, noise or other activities, or unpleasant odors. No pets shall be permitted to, in any manner whatsoever, create a nuisance, or otherwise interfere with the peaceful enjoyment by others of their Lots, or to damage or destroy the property of others, or to injure any persons, animals, or wildlife. Any dogs, cats or other normal household pets shall also be subject to the following provisions:

- a. Only animals which are normal, domesticated pets, such as dogs and cats, are allowed to be kept as pets. No exotic animals or wild animals shall be kept as pets.
- b. No animals known to be vicious or animals which, by virtue of their "breed" might normally or generally be considered by members of the public to be vicious or dangerous shall be kept as pets.
- c. No pets shall be allowed to run loose in the Development other than on the Lot on which the pets are kept.
- d. No pets shall be allowed to disturb others by barking, growling, snarling, baring of teeth, noise or other activities, or by any disagreeable odors or other behavior.
- e. No pets shall be allowed to disturb others in any manner whatsoever, or to damage or harm persons or property in any manner whatsoever.
- f. It is understood that the enjoyment of the Development by all Owners and residents thereof, and the success of this Development, might be jeopardized by violations of these conditions; accordingly, the Directors may by majority vote and after two (2) complaints require that any certain pets be removed from the Development and the Owner of the Lot within which such pet is kept shall have a period of thirty (30) days to comply with such decision of the Directors.
- g. No dog kennels, pet enclosures, pet kennels, pet shelters, above-ground pet fencing or similar improvements shall be permitted within the Development, except as may be approved by the party with Architectural Control.
- h. The Association shall have absolute and unlimited discretion in determining whether a particular pet or breed of pet is considered dangerous or vicious. The Association shall have the right to require any Lot Owner with pets on his or her Lot to provide the

Association with proof of liability insurance issued to the Lot Owner which insures against, and provides coverage for, claims for injury, death and property damage caused by or related to such pet. The Association shall have the right to require removal of such pet if the Lot Owner fails to provide proof of insurance within ten (10) days of a request from the Association.

Section 13. Toxic Substances. On-site storage of gas, oil, pesticides or related hazardous materials shall be prohibited, unless in quantities which do not exceed ten (10) gallons. All such materials must be stored in properly sealed containers. On-site burial of waste materials or storage of waste on-site for any period exceeding one (1) week is prohibited. No Lot Owner shall dispose of any toxic materials, petroleum or petroleum products by dumping such materials down storm drains or disposing of such materials in any manner which would cause the materials to get into the groundwater or stormwater runoff from any Lot.

Section 14. Open Fires. No open fires shall be permitted on the individual Lots with the exception of outdoor grill-type fires used for the preparation of food and fire pits. The location and type of fire pit must be approved by the party with Architectural Control prior to installation. Other than as permitted by this Section 14, no open fires or fireworks shall be allowed anywhere within the Development.

Notwithstanding the foregoing, the Developer, as well as any Builder, may burn underbrush, trees or similar items as part of normal construction of a Residence, provided that such burning is done in compliance with all applicable rules, regulations and requirements.

Section 15. Automotive Repair. No Lot may be used for automotive or equipment repair, rebuilding or service for hire.

Section 16. Two, Three and Four Wheel Recreational Vehicles. Motorcycles, mopeds, powered scooters, powered tricycles, motor bikes, or two, three or four wheel, motorized recreational vehicles may only be used in the Development for normal transportation. No such vehicles shall be used within the Development or on any Common Area for purposes of recreation. All such vehicles must have a reasonable muffler which provides for quiet operation.

Section 17. Outside Improvements/Decorations. No outside improvement, garden or lawn decoration shall be placed or located within the front or side yard of a Lot except sidewalks, driveways and normal, reasonable landscaping, shrubs, flowers and trees. Vegetable gardens may be planted in the rear yard only and shall not be planted in any front or side yard. No statues, monuments, or lawn ornaments shall be permitted other than temporary, seasonal displays. All temporary, seasonal displays must be removed within sixty (60) days of installation. Wind chimes and all similar decorations which create noise shall be prohibited in all areas of the Development.

Section 18. Exterior Storage. Exterior storage of firewood, boats, canoes, RVs, campers, trailers, tricycles and bicycles, lawn mowers, garden tractors, tractors, lawn maintenance equipment or any equipment of any kind or nature whatsoever is specifically prohibited. Notwithstanding the foregoing, the placement of items such as patio and outdoor living equipment intended for regular use shall be permitted.

Section 19. Vacant Lots. The owner of each Lot which does not contain any Residence shall be required to keep such Lot in a mowed, clean, neat and debris free condition.

Section 20. Construction Activities. Each Builder who is building a Residence or improvement on any Lot, and the Lot Owner of such Lot, jointly and severally, shall be liable, obligated and responsible to the Association, the Developer, and the Lot Owners of each of the other Lots, and each of them, to comply with the following requirements during construction activities:

- a. The grass on the Lot shall be kept mowed, and shall not be allowed to attain any appreciable height;
- b. The Lot shall be kept in a neat, attractive condition to the extent practicable;
- c. Once construction of a Residence or a structure is commenced, it shall be pursued to completion with reasonable diligence and shall not be abandoned;
- d. Erosion control measures shall be properly implemented, utilized and maintained throughout construction. Each Builder who builds or causes to be built a Residence or any other structure or improvement within the Development, and each Lot Owner of a Lot upon which a Residence is built, shall indemnify, defend, save and hold harmless the Developer of and from any and all, and each and every, suit, action, claim, demand, fine, cost or expense, of any kind or nature whatsoever, arising out of the failure of such Lot Owner or such Lot Owner's Builder, or such Builder, to fully comply with the erosion control measures described in this section or any erosion control measures described in any Stormwater Plan, or any other applicable Code, Ordinance or Requirement of the City.
- e. Compliance with all of the restrictions of this Section shall be of the essence of the duties and obligations of each Lot Owner and Builder;
- f. Builders may park construction trailers, construction trucks or other vehicles within the Development during the process of construction of a Residence on a Lot. However, Builders shall not park trailers, trucks or other vehicles in front of any Lot which contains a completed Residence thereon;
- g. Enforcement. In addition to any rights and remedies provided to the Association, the Developer, or any Lot Owner by this Declaration or by law for the enforcement of any of the Use Restrictions in this Declaration, the Board of Directors of the Association shall, in the event of a violation of any of the Use Restrictions established by this Declaration, have each and all of the following additional rights, powers and authorities:
 - i. To deny to any Lots or any Owners which are in violation of the Use Restrictions maintenance or other services which the Association might otherwise be required to provide;

Unofficial Document

ii. To impose upon the Lot (and the Owners thereof), being used in violation of any of the Use Restrictions, a Special Assessment in such amount as the Association's Board of Directors, in its sole, absolute and unmitigated discretion shall deem appropriate, not to exceed Three Hundred Fifty Dollars (\$350.00) per month during the continuance of the violation;

iii. To deny to the applicable Lot, and the Owners, occupants, guests and invitees thereof, access to any Common Areas or Common Elements;

iv. To enter upon the Lot, abate the violation or remove it, and charge the cost of such abatement to the Lot and the Lot Owner as a Special Lot Assessment under Article VI; and

v. To seek injunctive and equitable relief enjoining the violation of the Use Restrictions without the need for posting a bond.

vi. No Waiver Other Than by Express, Written Waiver. Any provisions or purported provisions of law to the contrary notwithstanding, the Developer, the Association, its Board of Directors and/or its Architectural Control Committee, whoever or whichever then holds Architectural Control and any Lot Owner or Owners, shall not be held to have waived the right to enforce any of the provisions of this Declaration, including, but not limited to, the provisions of Article VII above or this Article XI, by reason of the fact that he, she, they or it have, from time to time, not enforced or chosen not to enforce such provisions. No provision of this Declaration shall be subject to implied waiver, or to any contention of waiver, unless a written document providing for such waiver is executed by the party against whom the waiver is sought to be charged. The Developer, the Board of Directors of the Association, and its Architectural Control Committee and each Lot Owner seeking to enforce any of the provisions of this Declaration shall be and they are hereby vested with reasonable discretion to determine when, and under what circumstances, and for whatever reasons, the provisions of this Declaration shall be sought to be enforced. The fact that they seek to enforce provisions on certain occasions and not on others shall not constitute a defense to any actions brought to enforce any of the provisions of this Declaration. The Board of Directors of the Association, the Developer, the Architectural Control Committee of the Board of Directors of the Association, or any Lot Owner or Lot Owners may, therefore, for good and valid reasons engage in selective enforcement of the Declaration and these Use Restrictions.

ARTICLE XII **GENERAL PROVISIONS**

Section 1. Enforcement. The Developer, the Association, and any Lot Owner shall have the right to enforce, by proceedings, at law or in equity, any covenants, restrictions or charges now or hereafter imposed by the provisions of this Declaration. Failure by the Developer, the Association or any Lot Owner to enforce any covenants or restrictions herein contained shall not be deemed to be a waiver of the right to do so thereafter.

Section 2. Attorney's Fees. If any party shall seek to enforce against any other party any provisions of this Declaration, by legal or equitable proceedings, then the prevailing party in such proceedings shall receive from the other party to such proceedings, in addition to such other

Section 3. Severability. Invalidation of any one of these covenants or restrictions by judgment or court order shall in no way affect any other provision which shall remain in full force and effect.

Section 4. Amendment. The covenants, conditions, restrictions, easements, charges and liens of this Declaration shall run with and bind the land, and shall inure to the benefit of and be enforceable for a term of twenty (20) years from the date this Declaration is recorded, after which time they shall be automatically extended for successive periods of ten (10) years unless an instrument signed by not less than sixty percent (60%) of the Lot Owners has been recorded, which instrument provides for amending or terminating this Declaration, in whole or in part. During the first twenty (20) year period of this Declaration, it may be amended in whole or in part only by an instrument signed by the Developer, so long as it holds any Class B Membership and the Owners of not less than a majority (more than 50%) of the Lots (including the Developer as to Lots owned by the Developer, if the Developer owns any Lots). Any amendment so made may not reduce the Developer's Class B voting rights or any of his development rights or Architectural Control rights and may not otherwise adversely affect the Developer's rights hereunder unless the Developer specifically consents to said amendment. Any amendment made in accordance with this Section 4 shall be binding upon all Lot Owners. All amendments to this Declaration shall be recorded in Boone County, Missouri.

Section 5. Notices. Any notice required to be sent under the provisions of this Declaration shall be deemed to have been properly sent when mailed to the last known address of the recipient at the time of such mailing.

Section 6. Language Variation. The use of pronouns or of singular or plural as used herein shall be deemed to be changed as necessary to conform to actual circumstances when the Declaration is applied.

Section 7. Titles and Captions. The headings in this Declaration are merely labels to assist in locating paragraphs and provisions herein.

Section 8. Venue. In the event of a dispute arising out of or which is any way related to this Declaration, the sole venue for litigating such dispute shall be in the Circuit Court of Boone County, Missouri. No shall institute any legal action before any other court or jurisdiction, nor seek to remove such legal action from said Court to any other court or jurisdiction, including but not limited to any Federal Court, once such legal action is initiated.

Section 9. Waiver of Jury Trial. EACH LOT OWNER, THE DEVELOPER, THE ASSOCIATION, ITS BOARD AND ITS OFFICERS, AND ANY OTHER PARTIES TO ANY DISPUTE AS DESCRIBED IN THIS ARTICLE, DO HEREBY CONCLUSIVELY WAIVE ALL RIGHT TO TRIAL BY JURY AS TO ANY DISPUTE RELATED TO THE DEVELOPMENT OR THIS DECLARATION. UNDER NO CIRCUMSTANCES SHALL A JURY BE REQUIRED AS TO ANY DISPUTE RELATED TO THE DEVELOPMENT OR THIS DECLARATION.

ARTICLE XIII DRAINAGE EASEMENT

Section 1. Drainage Easements. There may be references to “Drainage Easements” on the Plat. Such Drainage Easements are hereby established in favor of the Association and in favor of the City. The land subject to such Drainage Easements shall be subject to the following requirements:

- a. The land shall be used for reasonable surface water drainage and passage of stormwater;
- b. If any creek, ditch or other normal drainageway now exists within the boundaries of any of such easements, then it shall not be blocked, or altered without the prior written approval of the party holding Architectural Control;
- c. Where it is reasonable and appropriate, an Owner of a Lot imposed with a Drainage Easement must make reasonable accommodations for the drainage of water;
- d. No fence, wall, structure, berm or landscaping that will interfere with the free flow of water shall be placed within any Drainage Easement, or any natural water course, including any ditch, swale or other natural drainageway.
- e. If there is a substantial drainageway, ditch or creek which runs within a Drainage Easement, then such feature shall be automatically considered to be a “Common Element” of the Development and may, in the discretion of the Association Board, be maintained, repaired or replaced by the Association as a Common Element of the Development.

Section 2. Other Drainage. Whether or not there are “Drainage Easements” established by a Plat, the following provisions shall be in effect:

- a. The Developer may require that the Plans and Specifications submitted for a Residence describe the provisions which will be made in order to drain stormwater and surface water, over, across and within each and all of the Lots.
- b. Drainageways, creeks, ditches, swales, ground depressions and drainage structures which serve as drainage for more than one Lot shall be considered to be improvements which can be made, maintained, repaired, replaced or improved by the Association, through the use of Special Assessments, as described in Article VI of this Declaration.

Section 3. Drainage/Surface Water Drainage and Groundwater. Each Lot Owner must be act reasonably and diligently in dealing with drainage and groundwater. No Lot Owner shall unreasonably block, interfere with or obstruct the flow of surface water from other Lots. Unofficial Document

Section 4. Responsibility for Drainage. It shall be the responsibility of the Owner of each Lot to provide for adequate drainage from such Lot Owner's Residence and other improvements. Neither the Developer, nor any Architectural Control Committee, nor the Association nor its Board, shall have any liability, obligation or responsibility, under the Architectural Control provisions of this Declaration, or otherwise, to assure a Lot Owner adequate or appropriate drainage of groundwater, surface water or stormwater. The responsibility to provide for adequate drainage shall be the responsibility of the Lot Owner and the Lot Owner's Builder. All Lot Owners must proceed reasonably, in good faith, and must design their Residences and structures in accordance with sound design, building and construction practices so as to provide for adequate drainage and so as to not unreasonably obstruct or interfere with drainage of surface water from other Lots.

Every gutter, downspout or similar feature must terminate at least ten feet away from the front and rear Lot line and at least six feet away from each side Lot line. Once gutters or downspouts or similar improvements are installed, then they shall not be altered without prior approval granted in accordance with the Architectural Control Provisions of this Declaration. If gutters or downspouts are replaced, then they must be replaced with components substantially similar as those which are replaced. The Developer or the Association's Board of Directors, whoever holds Architectural Control, may impose reasonable requirements with respect to gutters, downspouts or other means of transporting stormwater as is reasonably required to minimize the impact of runoff on adjacent Lots.
