	<p>Notes:</p> <p>All units are offered subject to availability.</p> <p>Unless described or otherwise agreed, all used vehicles are offered and priced 'as seen'.</p> <p>We will be happy to quote for a wide range of services prior to hand-over... This can include: any rebranding, refurbishment or body modifications, and/or any essential vehicle inspections, servicing, or safety certification.</p> <p>Some of our trailers are currently working on our rental fleet. If a sale is agreed during our busier show season, we would require that any pre-existing rental commitments are honoured before releasing a trailer from our fleet. Early decisions are therefore preferable to maximise our ability to build and commission a replacement in the shortest possible time. The good news is that working rental units are all fully serviced and certificated, and will be ready to work as soon as a replacement unit can be built and commissioned.</p> <p>Prices are quoted nett and are subject to VAT at the applicable rate</p> <p>Please contact us for additional images and/or information.</p> <p style="text-align: right;">E&OE</p> <p style="text-align: center;">www.showmobiles.co.uk/contact Tel: 020 8441 0813</p>
