

Alpha Packaging is focussed on supplying customers with a wide range of packaging materials, polythene, paper and automotive service protection to Customer's exact specifications, including printing and artwork.

In order to provide customers with assurance that our services will be maintained at high standards a structured Quality Management System has been developed that provides compliance to BS: EN ISO 9001:2015.

By my signature, I Trevor J Lester, as Managing Director of Alpha Packaging confirm the commitment of the company and its employees to identify and satisfy applicable requirements, to develop and deliver services by determining customer requirements. We as a company are committed to a programme of continual improvement with regards to customer service and satisfaction, processes and the quality management system by the management of customer feedback and strategic objectives and adopting a risk based approach in decision making.

Our identified Strategic objectives are:

- Promote a culture of continual improvement
- Provide a service that meets the needs and expectations of our customers.
- To maximise efficiency and hence profitability

Signed

T L Lester  
Managing Director
