Compost

Fall compost hours are Wednesday from 4-7pm and Saturday 8am-12noon through October 31st. In November, Compost is only open Saturday's from 8am-12noon.

Leaf Clean Up

Fall leaf cleanup will begin October 21st and will continue as needed until the snow falls. The DPW will pick up leaves around town Monday - Thursday. There will be no leaf pick up on Friday. Please avoid placing leaves in the street.

Planning Commission

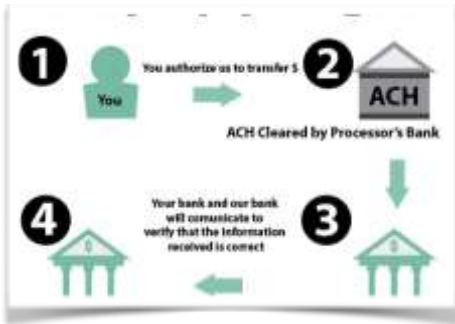

The Village of Onsted Planning Commission is collecting information of interested residents for upcoming vacancies. If interested, please contact the Village office or Sam Lafata, Village President at president@villageofonsted.org or (517)467-4618

Water Main Replacement Project

In an effort to save time and money, the Village has decided to work in conjunction with the Lenawee County Road Commissions plans to reconstruct Main St and Slee Rd, in order to replace the Main St. portion of our 70-year-old watermain. The Water and Sewer Committee and Village Council have been working with engineers, the State of Michigan, financial advisors and financial institutions to prepare for this large undertaking. We are excited that after many years of conversations this is finally happening.

We will keep you posted as we receive more information.

Please stop in or call the Village Office for more information. ACH forms are available in the office Foyer or on the Village website.

For information regarding Council meetings, minutes, agendas and board packets- please visit the Village website.

- Consumer Confidence Report
- Wastewater Financial Projection
- Water Dept Financial Projection
- Water Reliability Study
- CVTRS

Village Savings!

The village has been in discussions with our municipal advisor regarding refinancing our sewer bond loan to lower the interest rate on our Sewer System Expansion Bond potentially saving the village over \$800,000 over the course of the loan. We have an offer from a banking institution and will be working out the details in the next few months

Water and Sewer Rates

After many months of careful review of water and sewer rates, the council has adopted a new REU (Residential Equivalent Unit) rate schedule. This schedule will standardize our REU distribution and is available on the Village website as well as in the village office. This will ensure that our systems are properly funded for future needs.

Please Drive Carefully

It seems every year we write reminding readers of the importance of being aware and driving carefully as school starts up again.

Though there is nothing normal about this year's return to school, one thing remains the same; be aware of children crossing the roads and keep your speed down.
