

# PARTS SOLUTIONS

FOR THE POWERED ACCESS INDUSTRY  
THROUGHOUT IRELAND

We Make Ordering Parts Easy!

☎ 042 93 39 111

Independent Parts Specialists

Ireland's leading parts provider

**At IPS Ireland we provide practical, convenient parts solutions to help keep your rental fleet or access platform working.**

In terms of availability, our extensive warehouse stocks 1000's of manufacturer and IPS own brand parts from all the leading manufacturers such as Genie, Hinowa, Niftylift, Manitou, JLG and many others.

Whether you're a multi-depot rental company needing full fleet support or an independent contractor looking for a single part, we provide a range of solutions to keep your costs in line and your efficiency levels high.

**There's a parts solution for everyone at IPS Ireland.**

for everyone at  
IPS Ireland....*

## Replacement Parts

We make ordering parts easy!

**With thousands of spare parts in stock at our Dundalk facility, and strong connections with all major manufacturers, we make ordering parts hassle free.**

We have a dedicated parts team with the experience and knowledge to help you find the replacement parts to keep your access platform performing. They can help you source a particular part, offer advice on parts management, discuss delivery options or simply take your order.

**Call us today to see how we can help you.**

*Huge selection  
of parts  
in stock....*

## Depot Spare Part Stock Management

Bringing the parts you need, direct to your depot

**Managed and delivered by our own experienced IPS parts specialists, the Parts Store is quick, convenient and cost effective.**

The vans stock over 500 of the most popular fast-moving parts, and offer free delivery direct to your door!

You can pre-book your parts order, subject to availability, to a delivery time that suits you or schedule a regular visit to ensure your parts stock is topped up at all times.

*Saves time & money ordering spare parts....*

**500**  
FAST MOVING  
PARTS ON BOARD

## The Fleet Parts Management System

Depot stock management provided by IPS Ireland

**If you're a rental company, having the correct part in stock when you need it is essential to reduce machine downtime and loss of potential revenue.**

### How Does It Work?

1. We carry out a fleet profile to identify critical fast-moving parts for your rental fleet
2. The stock is tailored and kept on site at your depot
3. Your stock is monitored and replenished regularly by the IPS Ireland sales team

*Have the right part  
in stock  
when you need it....*

Parts Pal

Essential for every mobile service engineer

Our Parts Pal mobile system provides a transportable stock of your fast moving items needed for a first time fix. Whether it is pins, clips, or fuses, these easy to carry cases are tailored to suit your specific fleet requirements keeping your machine downtime to a minimum.

- **Easy to carry cases** - stocks multiple consumables for transporting easily around site and to your place of work
- **Removable panels** - designed to allow customisation of consumable stock, giving you the flexibility to change and update your stock accordingly
- **Visible stock levels** - clear lidded compartment which allows you to easily monitor and replenish stock

**We can tailor the Parts Pal Consumables to your individual fleet requirements.**

*Clean,  
Tidy &  
Portable....*

## Workshop Supplies

Essential for a tidy, more organised workshop environment

Our workshop supplies range has literally thousands of workshop solutions from tools and electrics to PPE equipment. Check out our latest Workshop Supplies Catalogue to see the PRO range of chemicals and maintenance products, available from IPS Ireland, including glues, sealers and anaerobics.

- **Huge selection of Workshop Supplies & Consumables** available throughout Ireland and Northern Ireland
- **Easy Ordering** with IPS Ireland by phone, fax and email or you can simply visit our website at [www.ipsireland.ie](http://www.ipsireland.ie)
- **Next Day Delivery** on our exclusive rental fleet maintenance range
- **Stock Management** can be maintained by our IPS Ireland team

*For a more organised,  
safer & productive  
workshop....*
