Weddings

Your wedding day should be everything you imagined it could be. At Shona Rubery Designs we work hard to ensure that the entire process of having your wedding gown created exclusively for you is a wonderful experience. We like to think that you hand over your concerns to us at the door, and leave confident that we understand exactly what you're after.

At Shona Rubery Designs we can work from specific directions and patterns, we can create dresses from pictures or drawings, or we can come up with designs for you to look at if you really have no idea what you want. We are happy to offer advice, but understand that it's your day - and you have to have exactly what you've dreamed of.

Shona Rubery Designs can take care of your entire wedding party, from flower girls to Mother of the Bride, including mens' shirts, ties, waistcoats and cummerbunds. And if you have the perfect dress but not the perfect fit, we are happy to alter gowns as well.

It really is all about you!

Daywear & Businesswear

Why should you limit looking fabulous to special occasions?

At Shona Rubery Designs we love creating casual, daywear and businesswear pieces that flatter your shape and colouring, and mirror your personality. And we can work with your existing wardrobe so that you can mix and match easily, and make the absolute most of the clothes you love.

With a few garments from Shona Rubery Designs you'll be able to throw on just about anything in your business or after hours and feel confident and knowing you look effortlessly wonderful.

Ballgowns Special Occasion

It takes a little more than the wave of a Fairy Godmother's wand to create your dream ball gown, but the end result will seem magical all the same.

At Shona Rubery Designs we recognise that your evening dress or ball gown needs to have that special something, so we work hard to accentuate the curves you're proud of and minimise those you're not, to give you that fairytale glow.

Just remember to keep your glass slipper in a safe place and you never know what your perfect gown and a moonlit evening might bring...

Costume & Sportswear

Clothes that perform lead to competitors who perform, and comfort and practicality is paramount, whether in the sporting field or on the dance floor. But to look the business you need more than that.

Shona Rubery Designs ensures that your costume will become a part of the story you are performing, emulating your dance style or accentuating your character, as well as staying in place and allowing you to move freely and comfortably.

If you choose sport for either competition or relaxation Shona Rubery Designs can create custom-made sportswear that allows freedom of movement while letting your body breathe. This, as well as designs that make the most of your shape and colouring, mean that you will look and feel wonderful when accepting your awards!

Menswear

Looking great isn't just for the girls! And feeling fantastic isn't exclusively theirs either.

You guys are becoming increasingly interested in what you wear each day, and it's great to see you looking for that something that will make you stand out a little from the crowd.

At Shona Rubery Designs we'll happily custom-make clothes with individual styling to suit your personality while tailoring them to make the most of your masculine shape.

You can step out with the boys, or have a romantic dinner with your special someone looking and feeling a million dollars in a garment by Shona Rubery Designs.

Encore

We've all got those clothes in the back of our wardrobes that are decidedly out of date but we just can't bring ourselves to part with them. Perhaps you have that ball gown that you've already worn several times. Or Grandma's vintage coat that you'd love to wear, but it's showing the passage of time and needs a little something to make it 'now'.

SR encore offers the chance to breathe new life into the clothes you've loved - altering, adding or subtracting from their designs to bring them back to life and suit your changing style as well as the fashions of today.

For more examples of our work visit the encore page on our website
