BLOW MOLDING DIVISION
Vol 2016 Edition 2

32nd Annual Blow Molding Conference

Crowne Plaza Atlanta
Perimeter at Ravinia
October 3-5, 2016

http://www.blowmoldingdivision.org/conferences/conference-2016/

Technical sessions offering topics on markets, materials sustainability, latest technologies, and a glimpse into the future of Blow molding.

Over 50 exhibitors displaying the latest technology and innovations.

You can’t afford to miss this one!!!

Become a member
Join the SPE Blow Molding Division
Chairperson’s Message

Conferences like ANTEC and our own Annual Blow Molding Conference offer a wonderful insight into the industry by showing us the latest innovations and advancements in the blow molding technologies, educational opportunities and industry contacts. Blow molding is a unique process offering many challenges and future opportunities with high technology requirements. Blow molded products are, and will remain, a part of everyday life in packaging, automotive, medical and industrial applications. We invite you to attend these events and welcome your contributions and ideas for new developments toward future successes.

We would also like to acknowledge our educational sponsors that help support our various educational activities. Many thanks go out to the following current sponsors for their continued support:

- Kautex Maschinenbau GmbH
- ALPLA
- CKS Packaging
- Nissei ASB Company
- W. Müller USA, Inc.
- Agri-Industrial Plastics Company
- Ring Container
- INEOS Olefins & Polymers, USA

Our 2016 Division Sponsors help make many of our Division objectives a reality. Through the financial support of our Diamond and Platinum Sponsors, whose company advertisements you see here in this newsletter and on our sponsor webpage, we are able to provide educational grants to students, the next generation of blow molding professionals, and make it possible for them to attend the Annual Blow Molding Conferences. Last year, over 20 students attend ABC 2015 in Pittsburgh. Among them were several scholarship recipients and winners of the Division Student Design Competition. Our continued and sincere thanks to our sponsors for their generous support!

I invite you to visit our website for current information about ABC 2016, our Division sponsors, how to submit entries to the Annual Parts Competition, and more. Visit www.blowmoldingdivision.org today!

Our Annual Blow Molding Conference (ABC) will be held in Atlanta, Georgia, Oct. 3-5, at the Crowne Plaza Atlanta Perimeter at Ravinia. You’ll find a preliminary program of speakers and topics in this newsletter as well a diagram of our nearly sold out exhibit hall!

We always welcome technical reviews and educational articles as part of our Division newsletters that can be shared with our blow molding community. If you have questions about submitting an article, becoming a Division sponsor, or you simply need information about the ABC, please contact our Division Coordinator, Deirdre Turner at deirdremturner@gmail.com or call (248) 505-5136.

On behalf of the Blow Molding Division, I look forward to seeing you in Atlanta at ABC 2016!

Regards,

Jamie Pace
SPE Blow Molding Division Chair
ALL THE RIGHT RESINS.
FOR ALL THE RIGHT REASONS.

A capacity for leadership.
In what matters most to you.

When it comes to PET Resin, DAK Americas® has just what you are looking for: Innovative PET Resins from pioneering research and development, state-of-the-art technologies and market know-how. All from one of the largest producers of PET Resins worldwide. DAK Americas’ broad line of LASER+® PET Resins give you exceptional flexibility in meeting your design and production goals. From trade leading products and technical service to recycling, to sustainable raw materials, we continue to demonstrate not just our record of innovation, but our steadfast commitment to you and to the industry. Today, tomorrow, and well into the future...DAK Americas.

dakamericas.com | 1.888.738.2002
Think big. Go large.

Eastman EB062 copolyester is ideal for large multiserve containers that need a little more muscle. Big. Bold. Unique. With the thickness, look, and feel of glass, packaging made with EB062 makes big beautiful . . . but lighter for reduced shipping costs.

Conference Speakers and Topics

Visit:  http://www.blowmoldingdivision.org/conferences/conference-2016-2/

Keynote Speaker
Scott Collick, Core R&D Director – Performance Plastics & Hydrocarbons, The Dow Chemical Company

Plenary Session Speakers
Resin Market Update: The Impact of New Capacity! Joel Morales, Director of Polyolefins for North America, IHS Chemical
PET Packaging: The Dynamics of a Maturing Industry, John Maddox, President, SBAcci
Millennials—What’s Going on in There? - A Panel Discussion, Dennis Gros, President, Gros Executive Recruiters
Sustainability, Marine Debris Solutions and Recycling - Rudy Underwood, Vice President of State Affairs and Political Mobilization, American Chemistry Council

Featured Presentations Offered: (Packaging, Industrial and Materials)
Engineered Automation Solutions for Packaging / Blow Mold Industry, Siva Krish, Sales Manager, Proco Machinery, Inc.
Innovations in Printing and Additive Manufacturing, Jim Bednar, Business Development Manager, Rapid Prototype & Manufacturing
Foaming Technology for Blow Molding, Simon Dominey, Vice President, MuCell Extrusion
The Use of Postconsumer Resin for Blow Molded Applications, Pedro Morales, Director of Sales & Marketing, KW Plastics Recycling
Increased Recycled PE Content While Maintaining Quality (Going Green Without the Pain), Chris Ernst, President, Advanced Blending Technologies
Advances in EVOH for Improved Impact Resistance and Retort Compatibility, David Hagen, Ph.D., Technical Service & Development Engineer, Kuraray America Inc.
Mechanical Properties of Trilayer Foam Blow Molded Containers in Comparison to Solid Wall Containers Wolfgang Meyer, President, W. Muller USA, Inc.
Foam Extrusion Blow Molding with CFA, Sergey Bobrov, Senior Scientist, POLY-WERK, LLC / id Additives, Inc.
Software to Predict Parison and Sheet Formation in Industrial Extrusion Blow Molding Processes – Automotive Case Studies Dr. Zohir Benrabah, National Research Council Canada – Automotive and Surface Transportation
Savings with New Technologies in EBM, Eberhard Beck, Design Manager, Hesta Blasformtechnik GmbH
Minimizing the Energy Costs Associated with Drying PET, Peter Stoughton, Owner, Stoughton Drying Services

Composite Tank Manufacturing, Chuck Flammer, VP Sales NA, Kautex Machines, Inc.
Speakers and Topics Cont.

Advances in EVOH for Improved Impact Resistance and Retort Compatibility, David Hagen, Ph.D., Technical Service & Dev. Engineer, Kuraray America, Inc.

Validating FE Simulation for the Stretch Blow Molding Process, Dr. Gary Menary, Queen’s University Belfast

Electric vs. Hydraulic Machinery, Bill Bregar, Senior Correspondent, Plastics News

What are the New Frontiers in Modeling and Simulation in Consumer Packaging?, Romil Tanov, Technical Expert, Dassault Systemes

Improving the Drop Impact Performance of EBM Molded Containers—Not for the Faint of Heart!, Sumit Mukherjee, Director of CAE and Simulation, Plastic Technologies, Inc.

Can XCT-CMM Technology Benefit the Blow Molding Industry?, Kevin Legacy, CT Product Manager, ZEISS Group

Charles K. Sewell—“The Legend”, John Sewell, CEO, CKS Packaging, Inc.

Comparison between Melting Rate, Temperature Settings and Screw Design on Machine Performance, Jeffrey Myers, President, BARR, Inc.

Production Process Control Utilizing Vision Systems, John Lambert, Sales Manager, INTRAVIS, Inc.

Understanding the Blow Molding Processes: (The always popular 101’s are back!)

Funds. Of Polyolefin Structure/Property Relationships in Blow Molding Applications
John Sugden, Senior Research Scientist, The Dow Chemical Company

PET Overview, George Rollend, Technical Marketing Manager, DAK Americas

Innovations in Additives and Calcium Carbonates, Jason Riggs, Product Development Manager, Heritage Plastics, Inc.

An Overview of Recip Screw Technology, Dale Macdox, Process Engineer, Milacron

Engineering Thermoplastics, Lew Ferguson, Owner, PARISONS

Overview of Accumulator Heads, Chuck Flammer, Director, Packaging R&D, Kautex Machines, Inc.

Stretch Blow Molding—One Stage, Speaker from Nissei ASB Company

Stretch Blow Molding—Two Stage, Don Miller, VP, Director of Technical Services, PlasTec Technologies, Inc.

Shuttle Blow Molding Technology, Joe Slenk, Applications Engineer, Bekum America Corporation

Color 101: How to Communication about Color with Your Team and Your Supplier, Paul Palcido, Color Specialist Coordinator, Technical Coordinator, Riverdale Global

The Latest Advances in Liquid Color and Additive Technology, Paul Maguire, CEO, Riverdale Global

Commercial Viability of Bioplastics, Scott Steele, President, Plastic Technologies, Inc.

Implementing CaCO3 Based Additives in EBM Applications, Jason Riggs, Product Development Manager, Heritage Plastics, Inc.

Injection Blow Molding Process and Applications, Ambrogio Invernizzi, Product Manager, Milacron

Overview of Inspection for Complete Lines, Mike Coy, Marketing Manager Pressco Technology Inc.

The ABCs of Asset Management, Scott Kelley, Managing Director, GeoMetric Reliability

Innovations in Additives and Calcium Carbonates, Jason Riggs, Product Development Manager, Heritage Plastics, Inc.
GDK machine design highlights: Custom Made / Compact performance / Low energy consumption / Easy maintenance / Servoelectric drives used / Horizontal shuttle movement / Single or double station / Wide machine range – product sizes from 5 ml up to 30 liters / Top class components used (Exlar, OMRON, SMC etc.)

GDK - Extrusion blow molding machine producer since 1992
Come and see us at 32nd Annual Blow Molding Conference in Atlanta, 3-5 October 2016!

Visit us at ABC 2016 - Booth #40
Sign up for ABC 2016 today!!

Full conference registration fee is: $575.00
One-Day Registration Fee: $275.00
University Student Rate: $250.00

If you have three or more registering from your company, please call Linda Flowers at (419) 867-5424 to receive a 10% discount on your registration fees.

Make plans now to attend this premier event solely for the blow molding industry!

All attendees of ABC 2016 will enjoy a discounted room rate of $149.

Make your reservation here: ABC 2016 Hotel Reservations

If you have questions or require additional assistance, please call the Crowne Plaza directly at (770) 395-7700.

Conference Program

- **Monday, October 3, 2016**
  1:00 – 4:00PM  “Plastic 101’s.” *Choose from a full schedule of 45 minute seminars covering topics from engineering processes to machinery and materials overviews.*
  5:00 – 7:00PM  Join us for the Welcome Reception and Exhibits, a great way to kick off ABC 2016.

- **Tuesday, October 4, 2016**
  8:30AM – 5:30PM  Keynote speaker, General and Technical Sessions
  5:30 – 7:30PM  The SPE Blow Molding Division’s annual awards will be presented at the reception and awards program which will recognize student scholarships and student design winners. A special segment of the evening will be dedicated to the Division’s Lifetime Achievement Award.

- **Wednesday, October 5, 2016**
  8:30AM – Noon  Concurrent Technical Sessions with Conference concluding after Lunch
Want the real secret to bottle light weighting?

Process Pilot® automated blowmolder control system can make the difference between a modest attempt at light weighting and a truly successful program. Process Pilot works with your blowmolder to continually monitor and maintain material distribution on every bottle to an unmatched degree of accuracy. Featuring automatic adjustment and 24/7 control, Process Pilot can facilitate even the most aggressive light weighting program while ensuring the highest quality and performance!

Not convinced? Contact us to set-up a trial and experience the difference.

Performance Alloys
The Blow Molding Division of the Society of Plastics Engineers and Graham Engineering Corporation co-sponsor a program for continuing education of blow molding industry workers. By making financial resources available to Blow Molding Division member companies, this program will assist more people in obtaining continued education in blow molding and improve their job-related skills.

Up to $600 per person is available to attend an SPE Blow Molding Conference, an SPE Seminar in Blow Molding, or other program applicable to blow molding.

**Eligibility Criteria:**

1. The employee must be a full-time employee of one of our member companies (having at least one current member of the SPE Blow Molding Division).
2. The employee's job function must be blow molding related.
3. The employee's academic training must not be higher than Associate Degree.
4. The employee must have company recommendation and support.
5. Costs exceeding $600 will be the responsibility of the employee or employer.

**How to enroll:**

1. Submit a request to the Blow Molding Division at the following address:
   Agri Industrial Plastics
   Attn: Geoff Ward
   301 N. 2nd St
   Fairfield, IA 52556
   geoff.ward@aipcompany.com
2. Include a letter of support from your company.
3. You will be notified of acceptance before the event that you wish to attend.

The Board would like to offer a Thank You to Jamie Pace and Nissei ASB for the hospitality and generosity in their hosting of our summer meeting. By doing so, they saved the Division a great deal of money which can be now better spent on other ventures.

**Board of Director’s General Session Meeting June 8th, 2016**

- Marketing Committee meeting
- Education Committee meeting
- Combined session to discuss new strategic plan and its implementation.
- Roll out new Mission Statement.

**Board of Director’s General Session Meeting June 9th, 2016**

- Call to order at 8:40 am

**BOD Members Present:**

Jeff Light, Ben Lopez, Gary Carr, Dr. Geoff Ward, Brian Spence, David Hayward, George Hurden, Jamie Pace, Cal Becker, Mark Heitker, John Rathman, Henry Vogel, Ron Puvak, John Sugden, Piaras de Cléir, Bob Jackson, John Headrick, Don Maines, Rama Etekallapalli

**BOD Members Not Present:**

Scott Steele, Kathy Birchmeier (Maternity), Dr. Surendra Agarwal, Randy Moynihan, Lew Ferguson, Dale Klaus, ABM Rashid, Mohammad Usman, Ken Carter

**Board Candidates / Visitors:**

Deirdre Turner, Program Coordinator (tele-conference)

- **Introductions & Welcome to the BOD – Jamie Pace**
  1. Welcome all Board Members
  2. Reviewed SPE Meeting Anti-Trust Guidelines

- **Treasurer’s report – Prepared by Ben Lopez, Reported by Mart Heitker**
  1. A Motion to NOT transfer money to the Grant fund was made by Geoff Ward, 2nd by Mark Heitker, unanimous approval by Board majority.
  2. A Motion to approve the June 2016 thru June 2017 Operating Budget was made by Jamie Pacer, 2nd by Ron Puvak, unanimous approval by Board majority.
  3. A Motion to approve the treasury report was made by Bob Jackson, 2nd by John Rathman, unanimous approval by Board majority.

- **BOD Agenda / Motions**
  1. A Motion to accept the minutes of the last meeting was made by Bob Jackson, 2nd by Mark Heitker, unanimous approval by Board majority.
  2. Jamie Pace offers a Thank you to Ben Lopez for his work as Treasure and George Hurden for his work as Secretary. Both men have expressed to the Executive committee the need to step down from the respective positions.
  3. Jamie Pace presents on behalf of the Executive Committee, a nomination for Don Maines to step in as acting Secretary, 2nd by Bob Jackson, unanimous approval by Board majority.
  4. Jamie Pace presents on behalf of the Executive Committee, a nomination for John Headrick to step in as acting Treasure, 2nd by Jeff Light, unanimous approval by Board majority.
  5. A Motion to change the Policy Manual to remove the limit of Emeritus Members from 3 and remove the minimum of 1 meeting attended annually to remain Emeritus was made by Geoff Ward, 2nd by Piaras de Cléir, unanimous approval by Board majority.
6. A Motion to add to the role as Emeritus members; John McNamara, Gary Henneberry & Lewis Ferguson was made by Jamie Pace, 2nd by Jeff Light, unanimous approval by Board majority.

7. A Motion to skip the Marketing, Education, TPC and Councilors reports due to roll out of Strategy and Group meetings was made by Jamie Pace, 2nd by Cal Becker, unanimous approval by Board majority.

8. Present Board members chose 1 of 3 new Groups to serve on:
   - Knowledge & Technology Group Co-Chair (KTG)
   - Communication & Networking Group Chair (CNG)
   - Industry Engagement Group Chair (IEG)

9. A Motion to adjourn meeting made by Jamie Pace, 2nd by Bob Jackson, unanimous approval by Board majority

Mission Statement
Blow Molding Division (SPE) Society of Plastics Engineers

Promote, communicate and disseminate knowledge relating to the Art and Science of Blow Molding technology.
RESULTS:

- 32 Years of Experience
- Design Efficiencies & Quality Assurance – Extended Mold Life
- Faster Time to Production
- Maximizing Return on Your Investment
- VALUE: We Build it Right... Every Time... On Time.

### Division Education & Training Benefits

- Recognition of sponsor support for Division objectives for student education and assistance and training initiatives

### ABC 2016 Conference Benefits

- Recognition as an **ABC 2016 Conference Sponsor** with prominent signage at event
- One tabletop exhibit space in ABC 2016 Conference Exhibits ($900 value)
- Includes full conference registrations to ABC 2016 (valued at $600 per registration)
- Company listed as **ABC 2016 Conference Sponsor** on webpage with hyperlink to company website.
- **Conference Sponsor** will select a hospitality option (i.e. breaks, breakfast, luncheon, etc.) and will be provided with “Sponsored by” signage and display table placed at selected hospitality option for duration that option.
- **Conference Sponsor** will be provided with 5 minute speaking opportunity* at the conclusion of the first General Session on the Day One of the ABC and will receive recognition from the Division chair at the beginning of the General Session. *Talking points to be approved by the conference co-chairs or Division chair.
Whether your company makes automotive parts, packaging or consumer products, Davis-Standard’s custom designed industrial blow molding machinery is built for productivity. Versatile accumulator head systems offer shot-to-shot consistency, cycle-to-cycle precision, and excellent parison control for both polyolefins and engineered thermoplastics.

As an added benefit, Davis-Standard’s Extrusion Technical Service Group can upgrade and refurbish all makes and models of single screw continuous blow molding extruders. This includes replacement screws, process improvements, mechanical and electrical upgrades.

Contact us today to learn how Davis-Standard’s Global Advantage™ can support your blow molding objectives.

How can we help you?

• Versatile, custom designed accumulator head blow molding systems
• Closed loop hydraulic and electronic controls
• State-of-the-art screw designs
• Retrofits and rebuilds
• Spiral head technology
• 24/7 customer service

ABC 2016 Blow Molded Parts Competition
Entry Form

Entry Deadline: September 24, 2016
Shipment Deadline: October 1, 2016

As the premier event for the blow molding industry, the Annual Blow Molding Conference showcases the latest advancements and innovations in blow molding design and applications. This year, the SPE Blow Molding Division invites all conference attendees, speakers and sponsors to participate in the Third Annual Blow Molded Parts Competition.

Product Entry Submission Form

Submitter / Attendee*: ____________________________
Submitter Company Information*: ____________________________
Part Name*: ____________________________
Manufacturer / Blow Molder: ____________________________
Designer / Other Contributors: ____________________________
Mold Maker / Toolmaker: ____________________________
Material Supplier / Resin Type: ____________________________
Address*: ____________________________
City: ____________________________ State: ____________________________ Postal Code: ____________________________ Country: ____________________________
Telephone*: ____________________________ Mobile Phone*: ____________________________ Fax*: ____________________________
Email*: ____________________________
Submitter signature and Release of Liability*: ____________________________ Date: ____________________________

Product Category: please check one
Packaging: _____ Food _____ Beverage _____ Pharmaceutical _____ Packaging Other
Industrial: _____ Automotive / Transportation _____ Consumer Goods _____ Industrial Other

Shipping Information:

SPE Blow Mold Conference
PART COMPETITION
Crowne Plaza Atlanta Perimeter at Ravinia
4355 Ashford-Dunwoody Road
Atlanta, GA 30346
Tel: (770) 395-7700

Parts should be shipped no more than 2 business days in advance of event. Shipments will be delivered to the conference registration area outside of the exhibit hall. Each entry should be shipped with a completed return bill of lading form.

Submission Instructions:

Complete form on-line, save as pdf and return to: parisonsblowmolding@gmail.com

- Submission form
- Display and judging information form
- Product image in a jpg format

The image and description should be suitable for publication. A separate entry form, description and photo will be required for each submission.

Contact: Lew Ferguson, Chair, Blow Molded Parts Competition
Email: parisonsblowmolding@gmail.com Tel: 313-506-4637
ABC 2015

BLOW MOLDED PARTS COMPETITION
DISPLAY AND JUDGING FORM

Part Name:

Submitter / Company:

Part Description
[1 to 3 sentences]

Part Features / Benefits:
[include novel features of the part like, design, manufacturing, material application, parts consolidation, commercial implications, sustainability, safety, cost savings – up to 12 bullet points]

Photo of the Part:
► Please send a JPEG picture of the part as a separate file.
ABC 2016 Blow Molded Parts Competition Guidelines

1. Parts may be entered by any conference attendee, speaker or sponsor (up to two parts per participant).

2. All entries must include a plastic form utilizing the blow molding process in some portion of the product.

3. All submissions must be new to the market starting commercial production within the last two years and made from production tooling.

4. Parts must be able to fit on display table. If you wish to display a part larger than 48 inches, please contact Lew Ferguson, parts Competition Chair at parisonsblowmolding@gmail.com to discuss.

5. A completed entry form, display and judging information form and a photo for each part must be sent to the Parts Competition Chair by September 24, 2016.

6. A Display Form will be provided by the Parts Competition Committee using information contained in the entry form.

7. The Judging Committee may consolidate parts in categories, if fewer than 4 parts are submitted in a category.

8. No electric power connections are provided. If needed, power may be arranged through the hotel by contacting meeting services at (770) 395-7700.

9. No business cards, marketing materials, laptop presentations, etc. may accompany the part in the display area. The display is intended to be an exhibit to encourage discussions and technology exchange. No sales or marketing activities in this area will be permitted; however, there are conference sponsor opportunities to do so (visit www.blowmoldingdivision.org).

10. All shipments must follow the mailing label format as indicated in Shipping Information on the application.

11. Submitters will be responsible for collecting, unpacking and setting up their parts in the Parts Competition area located outside the ABC 2016 Exhibit Hall. Set-up hours are Mon., Oct. 3rd from 8:00-5:00 p.m. All displays should be set-up by 5:00 p.m. on Oct. 3rd. For more information about shipping and receiving your parts, please contact Shipping and Receiving at (770) 395-7700.

12. Submitters will be required to pack and prepare their parts for outgoing shipment by 5:00 p.m., Wed., Oct. 5th which marks the conclusion of the Blow Molding Conference. The SPE Blow Molding Division is not responsible for any unclaimed parts after ABC 2016 concludes.

13. The Blow Molding Division winners will be announced at ABC 2016 Awards Reception and Program on Tuesday, Oct 4th at the Crowne Plaza Atlanta Perimeter at Ravinia.

RELEASE OF LIABILITY
Submission of an entry releases from liability, indemnifies and holds harmless the Society of Plastics Engineers Blow Molding Division, Directors, volunteers, employees or agents representing or related to The Society in part or whole. This release is for any and all liability for property losses and/or damage occasioned by, or in connection with any activity or accommodations for this event. Submission of an entry further agrees to abide by all the rules and regulations promulgated by the SPE Blow Molding Division and/or its affiliate groups or vendors throughout this conference event.

RELEASE OF PUBLISH
Submitters and individual category winners may receive publicity in trade journals or other publications. Submission of an entry constitutes acceptance of said publicity and confirms that the submitter has secured the necessary approvals to participate in the Blow Molded Parts Competition and to be featured in any subsequent publicity.
Techmer PM’s blow molding solutions address key challenges facing blow molders and OEM’s such as surface imperfections, processing efficiency, and helping your product get noticed by the end consumer.

CONTROL RETROFITS
Graham offers PC control retrofits on our older machines and some competitive equipment with our award winning XBM Navigator System. From panison programmer replacements to complete electrical control systems we have the skill and experience to optimize your operation.
Why should you become a Division sponsor?

- Sponsorship provides educational grants to students - the next generation of blow molding professionals and provides support to attend the Annual Blow Molding Conferences.
- As a sponsor, you highlight your company’s profile at the ABC while supporting the Division.
- Sponsors help recruit new members to the Division and support the Annual Blow Molding Conference.

What’s in it for you?

- You will increase exposure and brand awareness by showcasing your company’s products and services.
- You will meet face-to-face and shake hands with your customers, decision makers, prospects and competitors.
- You will cultivate relationships and partnerships at the only event solely for the blow molding industry.
- You will have direct access to high profile industry leaders who are impacting the future of the industry.

Call or email Deirdre Turner, Conference Coordinator at: (248) 505-5136 or deirdremturner@gmail.com for information about sponsorship opportunities.
There is no challenge we will say no to. Because we know that with the widest range of products, technologies, expertise and services, there is no solution we can’t conceive. Contact us to see how our philosophy of Yes has reshaped the very fabric of our brand.

Explore all that’s possible with injection, extrusion, blow molding, co-injection, hot runner systems, mold technologies, process control equipment and fluids.
