

Date	Anaesthesia / Critical Care Main Auditorium	Trauma & Orthopaedics Valerian 1	Plastic Surgery Valerian 2	Radiology Ancolie 1&2
Monday 25th January 8.00 - 9.30am Chair: G. Collee	What is anaesthesia? J. Pandit Recent developments with new iv anaesthetic agents A. Absalom Muscle atrophy & weakness-from plaser cast to the space station S.Harridge	Trauma Session Chair - D. Nashwani Paediatric fracture S. Velkes Update on locking plates? D. Nielsen Update on foot trauma C. Derham Update on spinal trauma	Introduction & Welcome – C. Milroy Clinical case discussions P. Harris Clinical case discussions A. Searle	MSK update:imaging spinal deformity R. Houghton Cardiac findings on non-cardiac CT M. Duncan Endovascular intervention P. Linott
16.45-- 18.15pm Chair: W.H-Greggiths	Emergency Medicine Hepatology Neurology Orthopaedics Cardiology	C. Mann J. Wendon A. Kennedy A. Hart S. Firoozi	Main Auditorium WHAT'S NEW IN: Anaesthesia Plastic Surgery Radiology Haematology	J. Pundit J. Odili L. Ratnam B. Hunt
18.30 - 19.15 Chair: I. Calder	Main Auditorium	Medicine and the Curious Cure for Crime - Nick Ross		
Tuesday 26th January 8.00 - 9.30am Chair: TBA	Cardiorespiratory syndromes in cirrhosis J. Wendon Emergency medicine C. Mann Haematology update B. Hunt	Hip Session Generic implants are coming: are they equivalent and what will happen A. Hart Arthroplasty Registries - the Swedish Experience P. Cnudde Laminar flow and infection M. Loeffler One stage revisions -SGH experience J. Cox	Australian Head & Neck Reconstruction S. Overstall UK H&N Reconstruction J. Clibbon Cases for discussion D. Floyd	Uroradiology-clinical perspective E. Havranek Competition in the NHS - does it work? F. Rahman Imaging Orthopaedic implants V. Ejindu
16.45-18.00 Chair: N. Soni	Never events J. Pandit When things go wrong R. Das A coroner's perspective J. Adley Criminal negligence I. Barker	JOINT SESSION Limb salvage MDT approach to the open tibial fracture- D. Nathwani, J. Simmons Late salvage following failed primary treatment D. Nielsen The place for amputation J. Simmons		Stream A Catheter directed therapies of the liver D. Thomas US Chest wall in elite rugby players A. Adejuwon Big data and dose excellence R. Illing Stream B How to get the best from imaging C. House Radiation protection V. Ejindu ED/GP interface C. Mann
18.30-19.15 Chair: V. Thomas	Main Auditorium	How to become a Pseudo-scientist - Edzard Ernst		
Wednesday 27th January 8.00 - 9.30am Chair: C. Waldma	Management of acute kidney injury B. Phillips Allogenic transplant & cytokine storm J. Griffin Prognosis for critically ill cirrhotics J. Wendon Sepsis- A quality improvement journey N. Quinney & D. Moore	Joint Session with GP - OA knee referral pathway to T&O Speakers Jane Harrop-Griffiths Philip Mitchell John Axford Richard Dodds	The value of Plastic Surgery M. Tyler Cases for discussion - D. Coleman Short paper competition	Emergency Radiology Acute abdomen R. Greenhalgh Point of care ultrasound- whats all this hocus POCUS? R. Greig Getting noticed, getting published A. Davies
16.45 - 18.15 Chair: J. Pandit	SHORT PAPERS COMPETITION WHO organisational behaviour project B. Marriage Failed intubation R. Bird Implantable Cardiac devices K. Ayyash Unhealthy behaviours - impact on income K. Ayyash Technology enhanced learning B. Marriage Satisfaction with regional anaesthesia L. Vele	SHORT PAPERS COMPETITION Chronic achilles tendon rupture R. Frada Fat pad impingement and pain in the hip F. Leal TKR - Alignment and outcome N. Tavares Knee arthroplasty failure M. Mendonca MTP arthrodesis with HALLUX ® J. Teixeria Radial head fractures C Queiros Modular hip stems J. Cruz de Melo Traumatic hip dislocation in paediatrics R. Maia Complete excision of the patella in comminuted fractures? T. Frada Outcomes for infected THR F. Carrico THR for fracture in trauma and NICE N. Furness Multimodal analgesia in shoulder surgery D. Simon	Update on ear reconstruction G. O'Toole Salvage Breast reconstruction M. Jones Forehead flaps C. Healy	SHORT PAPERS COMPETITION Nerve entrapment syndromes upper limb C. Pawley, L. Reader Salivary US S. Rice Imaging the pancreas L. Firmin Prostate embolization: latest evidence P. Aughwane
18.30-19.15 Chair: M. Thomas	Main Auditorium	What it takes to win - Richard Dodds		
Thursday 28th January 8.00 - 9.30am Chair: S. Kidd	JOINT SESSION Enhanced recovery for hip and knee replacement Peri-operative pain Local blocks and analgesia strategies W. Harrop-Griffiths Techniques and results of wound infiltration J. Cox Novel approaches and implants S. Velkes A Tour of Lower Limb Arthroplasty; the Golden Jubilee's story of marginal gains R. Das		Joint Session Dermatology Interventional radiology for vascular malformations L. Rathman Dermoscopy - an update Non-melanoma skin cancer M. Thomas Malignant melanoma A. Hayes, M. Timmons	Neurology part 1 C. Griffin Neurology part 2 P. Cowley Medical update for radiologists I. Barker
16.45-18.15 Chair: C. Nightingale	Quality improvement in emergency laparotomy N. Quinney Hypertension: The new AAGBI/ BHS guideline T. McCormack National safety standards for Invasive Procedures W. Harrop-Griffiths	Updates Anatomic knee arthroplasty and the promise of improved functional outcomes-can it be achieved safely? K. Sehat Surgeon volume and performance M. Loeffler Avoiding litigation P. Nolan Appraisal and revalidation - what's in it for us? K Daly	Ethics Ethics in Plastic Surgery J. Spicer Update on consent V. Rose Being sued D. Gateley	Uroradiology update 2016 A. Kirkham Ultrasound of the elbow C. House Radiology discrepancy meeting R. Greenhalgh and L. Ratnam
18.30-19.15 Chair: P. Brooks	Main Auditorium	Technology, risk & medicine: How to fail Kevin Fong		

General Practice Airelle	Dermatology Silene	Satellite sessions Cinema	Workshops Picheru	Workshops Centauree	Workshops Chardon Bleu
Introduction - Jane H-G Diagnosis and management of hypertensive disorders in pregnancy M. Griffin Lipids-from one extreme to another T. McCormack	Welcome and Introductions S. Walsh Sarcoid and the skin S. Walsh Rheumatological examination for the dermatologists & skin rashes 2015/2016 - cases from the rheumatology clinic J. Axford				
What's new	What's new		Bedside Ultrasound Course S. Bennett, J. Kirk-Bayley F. Schroeder		
Foot and ankle problems - podiatrist or orthopaedic surgeon? D. Neilsen Managing complex Rheumatoid arthritis in general practice? J. Axford Chronic neurological disorders - MS/Parkinsons-how best to manage A. Kennedy	Spitz and atypical spitz naevi B. Pees Advanced melanoma care and screening-what's new in the guidelines C. Henderson Analysis of SCC data from the Isle of Wight R. Ashton	Paediatric Anaesthesia Chair: P Brooks Blunt chest trauma A. Davies Neonatal resuscitation update F. Barker Anaesthesia and Mitochondria G. Stewart	Bedside Ultrasound Course S. Bennett, J. Kirk-Bayley F. Schroeder		Financial Planning M. Martin H. Davies
Radiology - how to get the best from the radiology department - what tests should the GP request and when? C. House Radiology Protection V. Ejindu Emergency Medicine - how can we improve the GP/Em interface? C. Mann	ECP for Chronic GVHD J. Griffin Lymphoma Update and cases from the clinic R. Wachsmuth Grasping the nettle: skin problems affecting the hands J Adams		Ultrasound guided regional anaesthesia F. Sage A. Tredray		Financial Planning M. Martin H. Davies
Joint session with orthopaedic surgeons - the knee The painful knee - best practice and cost effective care, how do we achieve this? P. Mitchell J. Axford R. Dodds	Medical session: Duty of Candour and consent I. Barker MDU Case presentations	Obstetric Anaesthesia Dogma Myth and Ritual in obstetrics anaesthesia S. Bricker Post partum haemorrhage B. Hunt TBA	Bedside Ultrasound Course S. Bennett, J. Kirk-Bayley F. Schroeder	TIVA workshop R. Juneja A. Absalom P. Brooks	
JOINT SESSION General Practice and Dermatology Local referral and management pathways - GP led Not just skin deep, dermatological manifestations of medical illness C. Henderson The mole check - who, when, how? R. Ashton			Ultrasound guided regional anaesthesia F. Sage A. Tredray	TIVA workshop R. Juneja A. Absalom P. Brooks	Financial Planning M. Martin H. Davies
New inhaled therapies for COPD and the role of LAMA/LABA J Ratoff Managing medically unexplained symptoms C. Camden Care planning and reduction of unplanned S. Jones	Non-melanoma skin cancer M. Thomas Malignant melanoma A. Hayes and M. Timmons	Avalanche Medicine Avalanche Medicine P. Jonetzko Avalanche safety and the surgical environment M. Moody & H. Schneiwind	Bedside Ultrasound Course S. Bennett, J. Kirk-Bayley F. Schroeder		Neurology Delerium after anaesthesia A. Absalom Parkinsons disease A. Kennedy NMDAr encephalitis F. Sage Head Trauma rehab C. Griffin
Drugs and addiction P. Fermie Ethics J. Spicer	Treatment of medically unexplained symptoms C. Camden-Smith Aeromedical evacuation, perspectives from Afghanistan to Australia M. Reaveley
