Frequently asked questions

Q: *What is Home Plus?*

A: Home Plus is a new assisted living option that includes customized and progressive care in a comfortable home environment that was custom-designed for the changing needs of elderly adults.

Q: *Who is Home Plus for?*

A: Any senior aged 55 or older who needs assistance with daily activities is a potential Home Plus candidate.

Q: *What are the benefits?*

A: The combination of private rooms and communal living spaces has been shown to provide a better quality of life for seniors who need some assistance with daily activities. In one study, adults in long-term care in an environment like Home Plus reported higher quality of life than seniors in traditional nursing homes on the subjects of privacy, dignity, autonomy and food enjoyment.

Q: *How does Home Plus differ from assisted living or nursing homes?*

A: Home Plus offers its residents their own private suites, with bathrooms and showers, which are arranged around comfortable shared spaces. This innovative design makes Home Plus feel like a traditional family home and is more social than most assisted living or skilled nursing environments.

Another key difference is that Home Plus can accommodate only 12 residents, all of

whom are served by a select group of staff members. This setting enables caregivers to customize the expert nursing care so that it perfectly matches each resident's individual needs and can adjust as needs change.

Q: *Will Medicare or Medicaid pay for Home Plus living?*

A: Home Plus facilities in Kansas are licensed only by the state, rather than any federal agencies. Therefore, Home Plus facilities are not eligible to participate in Medicare-reimbursable services.

Q: *What if my health needs, care choices, or payment options change?*

A: Despite the best laid plans, there's no way to know what the future holds. That's why Home Plus at Aldersgate Village, which has been serving the Topeka community since 1904, is an excellent choice.

On our campus, we cover the full continuum of care. In addition to Home Plus, we offer recovery center rehabilitation, independent living, assisted living, and long-term skilled nursing. Therefore, however your needs, choices, and finances change, we'll always have an option that fits.
