(3)(a) Upon the vacating of the premises for termination of the lease, if the landlord does not intend to impose a claim on the security deposit, the LANDLORD shall have 15 days to return the security deposit together with interest if otherwise required, or the landlord shall have 30 days to give the TENANT written notice by certified mail to the TENANT'S last known mailing address of his or her intention to impose a claim on the deposit, and the reason for imposing the claim. The notice shall contain a statement in substantially the following form: This is a notice of my intention to impose a claim for damages in the amount of ----- upon your security deposit, due to ----- . Your objection must be sent to (LANDLORD'S address). If the LANDLORD fails to give the required notice within the 30-day period, he or she forfeits his or her right to impose a claim upon the security deposit.

(b) Unless the TENANT objects to the imposition of the LANDLORD'S claim or the amount thereof within 15 days after receipt of the landlord's notice of intention to impose a claim, the LANDLORD may then deduct the amount of his or her claim and shall remit the balance of the deposit to the TENANT within 30 days after the date of the notice of intention to impose a claim for damages.

Here are some tips for proper maintenance with **SEPTIC SYSTEMS**:

- Limit the use of garbage disposals.
- Do not use too much water. (A good limit is 50 gallons per person per day.)
- Do not add materials such as facial tissues, feminine hygiene products, diapers, condoms or cigarette butts to wastewater.
- Do not pour cooking oils or grease down the drain.
- Maintain a grass or other vegetative covering over the drain field.
- Keep autos and heavy equipment off of the system.
- Adding a package of Fleischman's active yeast monthly into the toilet bowl has been suggested to help maintain the healthy bacteria in the system.

What should not be flushed through a septic system?

The following substances should not be put in the septic system:

- cooking grease, oils, or fats;
- pesticides;
- paints;
- paint thinners;
- solvents;
- disinfectants; and
- other household chemicals.

Cooking grease, oils or fats should be placed in a container and put in household garbage that will be landfilled. Pesticides, paints, paint thinners, solvents, disinfectants and other household chemicals are toxic substances that threaten ground water quality. They may also kill the microorganisms that help purify the sewage. For information on safe disposal of these chemicals, contact your county office.

I the undersigned tenant have read the above information and will follow these rules and proper tips to do my part in maintaining the septic system. I understand that if I am negligent in the care of the septic system that I may be fully responsible for the expense to have it pumped and/or repaired.
