These maps are a digital representation of the cycle and walking routes in Beverley and surrounding areas. The information given is an approximate outline of footpaths and cycle routes and guidelines only. Routes are located relative to physical routes rather than an exact network, use at own risk. Not all routes are suitable for use at all times of year due to adverse weather. The Council reserves the right to amend these maps at any time. The information given is subject to change, it is recommended that you check the maps before travelling. Under no circumstances will the information given be used for commercial purposes.

- Tourist Information
- Yorks Wolds Cycle Route

**Systema Cycling Code of Conduct on Shared Use Paths**
- Give way to pedestrians and wheelchair users.
- Take care around horse-riders, leaving them plenty of room, especially when approaching from behind.
- Be courteous and patient with pedestrians and other path users who are moving more slowly than you – shared paths are for sharing, not speeding.
- Cycle at a sensible speed and do not use the paths for recording times with challenge apps or for fitness training.
- Slow down where space is limited or if you cannot see clearly ahead.
- Be particularly careful at junctions, bends, entrances onto the path, or any other "blind spots" where people (including children) could appear in front of you without warning.
- Keep to your side of any dividing line.
- Carry a bell and use it, or an audible greeting, to avoid surprising people or horses.
- However, don’t assume people can see or hear you – remember that many people are hard of hearing or visually impaired.
- In dull and dark weather make sure you have lights so you can be seen.
