

# SouthernOne

FRAMING LUMBER

---

## *Southern Yellow Pine Professional Framing Lumber*

### *The Southern One Difference...*

- Better span rating than Hem Fir, Western Spruce and Douglas Fir
- Available in 2X8, 2X10 & 2X12 and in lengths of 8' thru 20' & 24'
- Graded on #1 knot and #1 wane rules
- Paper-wrapped to ensure lumber arrives clean and dry
- Smaller unit sizes allow faster turns of inventory
- Harvested and milled in the U.S.A.
