TOP collection

092.093

Estrema propone, con le linee Class e Wave, composizioni sospese con elementi ad anta liscia stondata che interpretano l'essenzialità contemporanea senza rinunciare alla voglia di morbidezza e sinuosità. Elementi componibili stondati con maniglia a 'scomparsa' ricavata nello spessore dell'anta e fianchi terminali nella stessa finitura.

With the Class and Wave range, Estrema presents wall-mounted units with smooth, curved doors which are simultaneously contemporary, minimalist and sensuous. Rounded, modular units with an integrated handle, drawn in the thickness of the door, and sides in the same finish.

Estrema offre avec sa ligne Class et Wave des ensembles suspendus avec façades doucement arrondies qui réunissent les traits essentiels du design minimaliste avec le désir de formes plus "soft". Des éléments composables arrondis avec poignée dans l'épaisseur de la porte et cotées de la même finition.

Mit Class und Wave, bietet Estrema hängende Kompositionen mit gebogenen und glatten Türen, die das zeitgenössische Wesentliche und den Minimalismus mit der Lust auf Weichheit und Gewundenheit zusammenstellen. Abgerundete Anbauelemente mit "verschwindende" Griffe - herausgeholt der Dicke der Tür.

Коллекция Estrema предлагает две линии: Class и Wave. Это композиции навесных элементов, характеризующихся гладкими выгнутыми дверками. Коллекция является интерпретацией современного минимализма, не отказывающегося от мягкости изгибающихся линий. Композицию Class характеризуют «спрятанные» в толще дверок врезные ручки и одинаковая с дверками отделка боковин.

Gli elementi laterali con anta curva o con anta ellittica (solo per Wave), creano due tipologie di composizioni dal forte impatto estetico. Comode aperture delle ante laterali a battente o estraibile.

The side elements with curved or ovoid door (only for Wave), designs two typologies of composition of strong impact. Comfortable opening of the side wing or pullout doors.

Les éléments latéraux avec porte courbé ou elliptique (seulement pour Wave), forment deux typologies de composition avec forte impact esthétique. Ouvertures confortables des portes latéraux à aile ou à extraction.

Die Seitenelementen mit gerundter oder elliptischer Tür (nur in Estrema Wave) zulassen zwei sehr aestetische Typen Kompositionen: funktionelle Oeffnung der Seitenelemente, mit Flügel oder Schublade

Боковые элементы с выгнутой дверкой или с овальной дверкой (только для Wave) создают две типологии композиций с ярко выраженным эстетическим характером. Удобный доступ к боковым отсекам, которые могут «прятаться» за распашными дверками или в выдвижном ящике.
