

Marvels & Meltdowns

ADHD & ASC Support

A statement on behalf of Marvels & Meltdowns

As you may have seen in the news, we were the victims of arsonists on Sunday (24th September 2017). They set alight our minibus which we were planning to transform into a sensory bus for the local children who have ADHD and Autism.

We are shocked and saddened that this has happened and has caused us great upset that there are people who believe that this is acceptable. We would urge anyone with any information to please contact the Police on 101 and report anything that you know.

This has caused us to put our plans for a sensory bus on hold for now, but it has made us more determined than before to do it.

We have had many people ask how they can donate towards a new bus. Whilst we are aware that a Just Giving page has already been set up – and we do very much appreciate their thoughts and support, and it's not that we don't trust these sites, but as they take a percentage of all donations and we feel that as a small charity 100% of your donations should come straight to us.

Therefore, we would ask that should you wish to donate then please do so through our website. This will take you to our website and all funds donated here will go directly to the charity PayPal account.

If you are unable to donate money, but would like to donate goods or services, then please contact the centre by emailing us at
